

Undergraduate Catalog 2020-2021

DAKOTA WESLEYAN UNIVERSITY

1200 W. University Ave.
Mitchell, SD 57301-4398

The Dakota Wesleyan University catalog for 2020-2021 provides a wide-range of information about Dakota Wesleyan University and its various programs. The table of contents indicates the information available in the catalog. If you cannot find what you are looking for in the catalog, please visit our website at www.dwu.edu, or contact us by phone at (605) 995-2600.

Changes

The information in this catalog is provided for students. It is accurate at the time of printing but is subject to change. Any such changes may be implemented without prior notification and, unless specified otherwise, are effective when made. The online catalog is the official version of the catalog. Visit www.dwu.edu/academics/academic-catalogs for the most current information. It provides easy navigation throughout the catalog and contains links to other pages on the DWU website, such as department websites and the athletics website.

Nondiscrimination

Dakota Wesleyan University (in compliance with Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the laws of the state of South Dakota) is an equal opportunity institution that does not discriminate on the basis of race, color, sex, religion, ancestry, national origin, age, sexual orientation, disability, veteran status, gender identification, genetic information, or any other characteristic protected by federal, state or local law. This policy applies to all terms and conditions of employment, admission to and enrollment in the university (including, but not limited to: recruitment, selection, hiring, placement, transfer, promotion, training, compensation, benefits, discipline, termination, educational policies, admission policies, financial aid, scholarship and loan programs, housing, athletic and other university-administered programs and activities). Inquiries (regarding Title IX and/or 504 compliance) and complaints (regarding the same) should be referred to the university's Title IX/Section 504 Coordinator.

Dakota Wesleyan University's Title IX/Section 504 Coordinator is
John Kippes
Sherman Center, Rollins 104
(605) 995-2160

Dakota Wesleyan University will investigate formal complaints of discrimination or harassment in accordance with the university's discrimination and harassment policy. Questions regarding Title IX may also be directed to:

Office of Civil Rights United States Department of Justice

Spring Incomplete Grades Due	Friday, June 19
Summer DL Session II – 8-Week (Adult and Professional)	June 28-August 23
Independence Day, No Classes, Offices Closed	Monday, July 5
Summer July Session – 6-Week	July 6-August 16

The calendar is subject to change due to forces beyond the university's control or as deemed necessary by the university in order to fulfill its educational objectives. For current information, go to www.dwu.edu.

General Information

Mission Statement

As an inclusive educational community, Dakota Wesleyan University provides a transformative learning experience that cultivates enduring intellectual growth, ethically grounded leadership, intentional faith exploration and meaningful service.

Our Mission is informed by our four values of learning, leadership, faith and service. We implement our values as follows:

Learning: We prepare students for meaningful careers in the context of a liberal arts education, which fosters adaptability, creative and critical thinking, artistic expression, experiential learning, innovation, collaboration and a deeper understanding of our global community.

Leadership: We challenge all members of our university community to be leaders of character who maximize their strengths in their personal and professional lives. We recognize that students can develop and display leadership skills throughout the entirety of their collegiate experiences.

Faith: As an engaged, faith-affirming community, we embrace John Wesley's Christ-centered model of uniting knowledge, reason and vital faith in curricular and cocurricular activities. We challenge students to examine their own values, while respecting the diversity on campus and throughout the world.

Service: We inspire and empower our students, faculty and staff to make a difference through creative, genuine service. Rooted in our Methodist heritage, service is a natural extension of our nurturing community.

Motto

"Sacrifice or Service"

Dakota Wesleyan University – A Proud Heritage

In 1883, a small band of Methodist settlers meeting in Dakota Territory secured a charter to establish the college that has become Dakota Wesleyan University. These hardy pioneers were driven to "build a college of stone while living in houses of sod."

Dakota was still a territory in 1885 when the Dakota Conference of the Methodist Church voted to establish Dakota Wesleyan University in Mitchell (known as Dakota University until Oct. 14, 1904). These pioneers had deep religious convictions about the education and future of their children. Some lived in houses of sod on the Dakota prairie as they forged ahead with their dream of building this institution of stone.

The founders of Dakota Wesleyan University envisioned an institution that epitomized the highest in Christian thought and deed, and so adopted the motto "Sacrifice or Service." This is depicted in the collegiate seal of the altar, the ox and the plow – symbols for these concepts. To this day, those associated with DWU endeavor to carry out its mission of service to God and humanity.

By 1920, Dakota Wesleyan University was the largest independent college in the state, with an enrollment of more than 300. The Great Depression, which hit the prairie earlier, harder and longer than any region in the nation, evoked a regionally sensitive response from Dakota Wesleyan. The university accepted many students with few or no resources. Lacking adequate tuition revenues, the university and its personnel sacrificed their development and economic well-being in order to provide educational opportunities for students who had no other options. Farm produce was accepted for tuition. As part of their pay, teachers received housing in Graham Hall and coupons to purchase merchandise in town. As in earlier days, the faculty, townspeople and parishioners of the Methodist Church pulled together to sustain the university. An entire generation of prairie people survived the Depression and built successful lives because of the sacrifice and commitment of Dakota Wesleyan University.

Since the 1930s the university has continued its responsiveness to the needs of the region. Strong programs in teacher education have provided new teachers for school districts. Nursing and allied health programs address the continuing need for health care professionals in rural South Dakota.

At a time when many small colleges abandoned their historic church relationship, Dakota Wesleyan University remained true to its origins and the needs of the region. Countless students from United

General Information

Methodist, Lutheran, Roman Catholic and other denominational backgrounds in this region have been enriched and strengthened by the people and programs of DWU. Now, more than 130 years later, DWU remains committed to transforming the lives of students.

With approximately 900 students, Dakota Wesleyan University has a reputation for caring and concern for its students. The student-to-faculty ratio (12:1) allows our faculty to get to know each student on a personal basis, providing mentorship, guidance and professional collaboration as essential parts of the education process. Students come from the Midwest and other locations around the United States. DWU also welcomes many international students, most recently from Argentina, Canada, Sweden and the United Kingdom.

An essential part of a DWU education is service. Students, faculty and staff participate in service projects locally and around the world. Each spring, the entire campus community comes together for a day of service in the Mitchell community, assisting organizations and schools with projects that might otherwise go undone. Students, faculty and staff also have the opportunity to serve globally – mission groups travel to locations like Kenya, Uganda, Peru and Mexico to build schools, repair churches, teach children and work to ensure food security.

DWU's rich tradition of service marked the beginning of the 21st century with the George and Eleanor McGovern Library and Center for Leadership and Public Service. The life and work of George McGovern – DWU Class of 1946 and former professor of history at DWU, who passed away in 2012 – and his wife, Eleanor, who passed away in 2007, epitomize this tradition of service. The McGovern Center for Leadership and Public Service cultivates a culture of service to the common good and provides educational programs on leadership and public service through a variety of curricular and cocurricular avenues, interwoven with many of DWU's academic programs. The McGovern Library also houses the McGovern Archives. In addition to materials related to McGovern's political career, the archives are a rich source of information and inspiration for those interested in public service, the alleviation of hunger and poverty and political activism.

Dakota Wesleyan University has many distinguished alumni. In addition to McGovern, there have been three other United States senators, six college presidents, many United Methodist pastors, leaders of numerous corporations and award-winning teachers. The list of DWU graduates who make a difference in the world continues to grow with each graduating class.

Blessed with gifted leadership at critical points in its history, Dakota Wesleyan University stands today as the pride of the prairie. As in the early years, today's students enjoy an environment where minds are challenged, souls are nourished, friendships are forged, and lives are transformed.

The stone memorial pillars at the north end of campus are engraved with these words: "This gateway is dedicated to pioneer men and women of the middle border who sacrificed that here the torch might be relighted." Sacrifice or service – the cornerstone on which Dakota Wesleyan University was built – remains the foundation for its second century of educating leaders of the future. Situated on the prairie and founded to serve the Dakota Territory's brave pioneers, DWU continues to inspire today's pioneers and serves as a link between our proud heritage and the bright possibilities of the future.

Accreditation

Since 1916, Dakota Wesleyan University has been continuously accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, 30 N. LaSalle St., Suite 2400, Chicago, IL 60602, 312-263-0456, www.ncahlc.org. DWU is a competitive coeducational university granting the degrees of Master of Arts, Master of Athletic Training, Master of Business Administration, Bachelor of Arts, Bachelor of Science, Associate of Arts and Associate of Science. The university is also accredited or approved by:

- South Dakota Department of Education
- South Dakota Board of Nursing
- United Methodist University Senate
- Commission on Accreditation of Athletic Training Education (CAATE)
- The baccalaureate degree program in nursing at DWU is accredited by the Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org>).
- International Assembly for Collegiate Business Education (IACBE)

Dakota Wesleyan University participates in the National Association of Schools and Colleges of The United Methodist Church, the South Dakota Association of Private Colleges, Association of American Colleges and

General Information

Universities, National Association of Independent Colleges and Universities and the Council of Independent Colleges.

The foregoing information concerning accreditation and approvals are based upon the university's standing with the accrediting or approving bodies at the time of printing of this catalog. Accreditation and approvals are subject to review and may change periodically. Questions regarding accreditation should be directed to the provost's office.

Distance Education Authorization

Dakota Wesleyan University is a member of the State Authorization Reciprocity Agreement (SARA) and is permitted to offer distance education programs through SARA. State registration is continually being updated. For the most up-to-date list, please refer to the SARA website at NC-SARA.org.

Admission

Dakota Wesleyan University seeks students who are best able to benefit from the educational experience it provides. Applicants for admission are considered based on the criteria listed under “Admission Policies.” No applicant will be denied admission because of race, color, religion, national origin, disability, veteran status, sexual orientation, gender or gender identity, genetic information or age. The university reserves the right to deny admission or continued enrollment to any student who imposes an unreasonable risk of harm to the health, safety, welfare or property of the university, members of the university community or him/herself. Students may be denied admission into athletic training, education or nursing. Students so denied will be eligible for admission into other majors.

Application Procedure

Undergraduate students will be considered for admission when they submit:

1. a properly completed application for admission;
2. official copies of high school transcript(s) or GED scores and all college, university, professional school, vocational and technical school transcripts; and
3. an official certification of the results of the ACT or SAT. Dakota Wesleyan University’s test codes are 3906 for ACT and 6155 for SAT.

Students may apply online at www.dwu.edu/admissions/apply

Graduate students please see Catalog of Graduate Studies section for application information.

Admission Policies

First-year Students

The university welcomes applications from graduates of any accredited high school or the equivalent. Graduates who have a cumulative 2.0 or higher cumulative grade point average, a minimum composite score of 18 or higher on the ACT or 860 (combination of math and critical reading) or higher on the SAT and offer evidence of good moral character and future promise are generally eligible for admission. Those who do not meet the above requirements may be considered on a case-by-case basis.

Transfer Students

Official transcripts for all previous college, university, professional school, vocational and technical schoolwork must be submitted by candidates wishing to transfer to Dakota Wesleyan University. A high school transcript may be required in some cases. Official transcripts bearing the original seal and signature must be sent directly from the originating institution to the admissions office at DWU. All credit-bearing coursework with grades of C- or higher from previous institutions that is accepted at Dakota Wesleyan University for transfer credit will be entered on the DWU records. Transfer students must meet all requirements for good standing as stated in “Academic Regulations.” For students who have applied but do not enroll in DWU, official transcripts become the property of Dakota Wesleyan University and are retained for a period of one year.

Readmission of Former Students

A student who leaves the university is required to apply for readmission. If credit-bearing coursework was taken during the absence, official transcripts of that coursework must be submitted directly from the originating institution to the admissions office. The university exercises total discretion in determining whether or not to readmit a student. Readmission may be approved if the student has no bill in the business office, is current on any federal loans and was not dismissed for social or academic reasons.

Non-degree Seeking Students

Students not working toward a degree who do not exceed six credit hours per semester are classified as non-degree-seeking students. These students are to register for classes at the registrar’s office and are not required to go through the admission process.

Nontraditional Students

Nontraditional students are students who are 23 or older, and/or have a spouse, and/or are parents. They should follow the same application procedure as freshmen.

Admission

High School Students

High school students, typically current juniors or seniors may enroll prior to their high school graduation in first-year level courses. The courses may apply toward a college degree once they have graduated from high school. Students should work with their high school counselors when selecting college courses.

It is recommended that high school students have a cumulative grade point average of 3.0 or higher if they wish to register for college courses while in high school. An official high school transcript is required with the registration form. Some courses may require a specific GPA and/or ACT or SAT score to register. Those students taking more than six credits per semester are required to apply for admission. High school students are not eligible for institutional scholarships.

A completed High School Student Registration Form is needed to register. Students should note that each institution of higher education applies its own credit evaluation policies in determining acceptability and applicability of courses.

Blue and White Club

In an attempt to encourage further participation by the Dakota Wesleyan community, the university has established the Blue and White Club for citizens aged 62 years or older. Members of the DWU Blue and White Club are allowed to audit, without tuition payment, college classes on a space-available basis when a class has the required minimum enrollment. Blue and White Club members will be responsible for course fees when applicable. Members register for classes at the registrar's office and do not need to go through the admission process.

Students with a Completed Bachelor's Degree

Students with a bachelor's degree who are returning to college to complete another major or minor must complete and send an application and official transcript to the office of admissions.

Students with a Completed Bachelor's Degree in Education and Seeking South Dakota Certification

Students with a bachelor's degree in education who return in order to complete the courses necessary to meet South Dakota state certification or renewal requirements are to register for classes in the registrar's office and are not required to go through the admission process.

Students with a Completed Bachelor's Degree in Education Seeking an Endorsement

Students with a bachelor's degree in education who return to complete coursework that allows an educator to instruct in a specific field must complete and send an application and official transcript to the office of admissions.

Students with a Non-education Bachelor's Degree and Seeking Teacher Certification Only

Students with a non-education bachelor's degree who return in order to complete the courses necessary for teacher certification must complete and send an application and official transcript to the office of admissions.

Students with a Completed Bachelor's Degree and Seeking a Master's Degree

Students with a bachelor's degree who return to complete the courses necessary for a master's degree: please refer to "Graduate Studies."

Continuing Education

Citizens seeking to participate in a continuing education workshop, seminar or conference for academic credit must register for the event.

International Students – F-1 Status

International students who have completed secondary school are encouraged to apply to Dakota Wesleyan University.

Admission requirements include:

1. official academic records/transcripts from all international secondary and post-secondary institutions must be evaluated, course by course, by the American Association of Collegiate Registrars and Admission Officers (AACRAO), Education Credential Evaluators (ECE), World Education Services (WES), Global Credential Evaluators, Inc. (GCE), or International Credential Evaluations (InCRED, recommended for athletes) before your official acceptance for admission;

Admission

2. English proficiency for students from countries where English is not the native language, verified by the Test of English as a Foreign Language (TOEFL) examination. TOEFL scores of at least 500 (paper based) or 200 (computer based) or 71 (Internet based); 18 ACT or 860 SAT; and
3. proof of financial responsibility and fulfillment of health requirements.

International students are limited to no more than the equivalent of one online course or three credit hours per session.

Federal financial aid is available only to U.S. citizens and eligible noncitizens. Students in the United States on an F-1 student Visa are not eligible for federal financial aid.

F-1 status international students who apply and are accepted to an undergraduate program at the university may be considered for an academic and/or athletic scholarship. The scholarship is renewable for a maximum of eight semesters with continuous full-time enrollment and satisfactory academic progress. Specific details are available through the office of admissions.

For complete details regarding international admissions, visit www.dwu.edu/admissions/apply/international-student-application

Program Admission

Please refer to the Education, Nursing and Master of Athletic Training sections of this catalog for program specific admission requirements.

Business Office

The Cost of Higher Education

Dakota Wesleyan University is committed to delivering a quality education at an affordable price. While DWU represents real value in private liberal arts education in the world today, the cost of education still represents a substantial investment for students and families. Dakota Wesleyan University is committed to working with all students and families to make their dreams of higher education financially attainable.

Educational Expenses

Cost of Education Charge

The cost of education charge is tuition. Items not included in the cost of the education charge include board, room, books and educational supplies, fines, applied music lessons, student insurance, nursing course fees, athletic training fees, activity fees, technology fees and graduation application fees. For additional information on cost and course overload, contact the DWU business office at 1-605-995-2693.

Residential Living Charge

All students who are required to live in the residence halls will be assessed the appropriate residential living charge, which includes the meal plan of their choice and room costs as determined by double or single room occupancy. Students who are not required to live in the residence halls, but opt to do so, will have the choice of a double or single room and meal plans. A refundable damage deposit is required from all students living in the residence halls.

Other Expenses

Students will need additional funds for books, supplies and personal expenses. Students enrolled in certain programs may also have to pay for uniforms, professional liability insurance, travel, art supplies or other miscellaneous items. For the average student these costs range from \$500 to \$1,000 each academic year.

Returned Check Policy

Insufficient funds checks submitted to the university are subject to a \$20 fee, which will be applied directly to the student account. In certain circumstances the university may also use a collection agency for the recovery of returned checks.

Nontraditional Credit Charges

A per-hour fee and a test fee are assessed for some types of nontraditional credit. Nontraditional credits that are assessed the course fee include credit by examination and credit for learning.

Graduation Fee

This is a nonrefundable commencement fee due the semester before graduation.

Finalizing Registration

Dakota Wesleyan University is on the semester system, with two semesters, fall and spring, of approximately 16 weeks, and a condensed summer semester. Semesters may include shorter sessions. Student registrations are not complete until the student finalizes each semester or session with the business office. Finalizing involves paying or making acceptable arrangements to pay all costs incurred by registration and meeting all other administrative requirements. A student must finalize with the business office at the beginning of each semester or session. The business office and financial aid office are available to help students secure various grants, loans and scholarships to help meet university expenses. In order to obtain such financial assistance, applications for any of these programs should be made a minimum of 60 calendar days before the beginning of the semester or session, with no interest accruing during the payment of the account.

Terms of Payment

When students finalize their registration, the process may include signing promissory notes, endorsing financial aid checks, signing award letters and paying any remaining balance. Students may pay through TigerNet under the Student Finances tab. If student expenses are not paid in full at finalization, students are eligible to enroll in the DWU Tuition Financing Plan, which allows students and/or their families to spread payments over the course of the academic year with a financing fee. Automated Clearing House (ACH) is also available for automated payments before and during a given semester. Contact the business office at 605-995-2693 for more details on payment options.

Payment in Full Policy

An official academic transcript and/or diploma will not be released until all financial obligations are met.

Financing Options

While the primary responsibility for financing an education lies with students and families, Dakota Wesleyan University is committed to providing the best in student financial assistance and services to help make the attainment of higher education affordable and accessible. The business office and financial aid office provide a range of services, including, helping families maximize their financial resources, providing guidance in obtaining federally sponsored loans, as well as alternative loans, and facilitating an understanding of the eligibility requirements and processes for receiving need or merit-based scholarships and grants.

Dakota Wesleyan University has two primary sources of funding for students: federal financial aid and institutional aid. DWU prides itself on having one of the largest endowment and institutional aid pools for students in the state. All institutional grants, scholarships and the work program require a minimum enrollment of 12 credits for each semester term the award is granted (e.g., \$1,000/year requires 12 credits for fall – \$500 appropriation and 12 credits for spring – \$500 appropriation).

Institutional awards will be revoked when a student's enrollment status falls below the enrolled credit minimum eligibility standard. Under no circumstance may the total of institutionally funded academic, athletic, activity and need-based grant awards exceed the full-time tuition.

Other Information

Identification Card

New students will receive a permanent identification card from the financial aid office. Identification cards are required at the business office when students finalize registration. Students must have valid ID cards in order to use the library and dining hall, to charge books and educational supplies at the bookstore and to attend athletic or other university events. Replacement ID cards are available from the financial aid office.

Drop and Withdraw

If students decide not to attend classes after finalizing their registration at the business office, they must follow the drop procedures outlined in "Academic Regulations." All remaining amounts due to the university are payable immediately and subject to normal collection procedures.

Refund Policy for Withdrawal from All Courses

Students who withdraw from all courses during the semester should contact the registrar's office for the appropriate form. In order for the withdrawal to be official, the form must be completed and approved by the business office and financial aid office and submitted to the registrar's office. Failure to withdraw officially results in grades of F being issued and no refunds being made.

An administrative withdrawal fee will be assessed to students who withdraw. The fee will not exceed the lesser of either a) five percent of the cost of education charge, residential living charge and fees, or b) \$100.

Graduate costs for Undergraduate Students

Students wanting to earn graduate credits prior to receiving their undergraduate degree will be charged the undergraduate rate. Once the undergraduate degree is conferred the student will begin to be charged the graduate rate.

University Refund Policy

Dakota Wesleyan University has a pro-rata refund policy for students, regardless of their year in school (i.e. first-year, sophomore, etc.). This refund policy is based on the student's last date of attendance.

Refund Policy for Fall and Spring Semesters

Refunds of the cost of education charges, residential living charges and other fees are calculated as follows:

First week	100 percent
Second and third week	90 percent
Fourth week	80 percent
Fifth and later	no refunds

Refund Policy for Summer Sessions

Refunds of the cost of education charges, residential living charges and other fees are calculated as follows:

First day of class	100 percent
Second to fourth day of class	90 percent
After fourth day of class	no refunds

Business Office

Refund Policy for 8-Week Courses

First two days of class	100% (less a \$100 administrative fee)
Third through fifth day of class	75%
Sixth through ninth day of class	50%
Tenth day of class and later	no refund (unless the student has never attended)

Return of Title IV (Federal) Funds

Students receiving federal financial aid who withdraw, or stop attending classes, without filing the appropriate paperwork with the Office of the Registrar, will have their case reviewed by the Office of Financial Aid to determine if there has been overpayment of funds. If an overpayment has occurred, the student is responsible for the repayment of financial aid funds, as dictated by the Federal Government. The student's withdraw date is determined by the student's last date of attendance in an academic-related activity.

Once the date of withdrawal is determined, the amount of earned federal financial aid is calculated using the completion rate for the enrollment period, multiplied by the total aid that was disbursed or would have been disbursed (aid "could have been disbursed" if the student was eligible to receive it at the time he/she withdrew and may receive it under late disbursement rules in 668.164 [g]). Students who withdraw after completing 60 percent of the payment period will be considered to have earned 100 percent of their federal financial aid unless they are enrolled in modules (see next paragraph). A payment period is the period established by the school for which institutional charges are generally assessed, excluding breaks of five days or more. Federal financial aid that a student has earned can be applied toward institutional charges.

Note on modules: federal regulations state that students who are enrolled in classes that do not span an entire term are considered to be enrolled in modules. If a student fails to complete all modules scheduled, the student is considered to have withdrawn at the time the student stops attending. The financial aid office is required to complete a return of Title IV calculation to determine the amount federal financial aid funds that were earned and the amount that are considered unearned and due to be returned. The 60 percent completion threshold (see above) does not apply to modules.

Institutional Refund Calculations

All institutional grants, scholarships and activity and athletic awards will be prorated upon the withdrawal in direct proportion to the percentage charged as outlined in the refund policy. Students may contact the financial aid office and business office for further information.

Please note: In response to extenuating circumstances (e.g. natural disasters, epidemics, pandemics, etc.), the university may—in the interest of the safety and wellbeing of the campus community—suspend face-to-face class meetings and move teaching and learning online. Depending on the nature of the extenuating circumstances, the university may, or may not, close residence halls. Should the university elect to suspend face-to-face classes without closing residence halls, students are free to continue living in residence halls in accordance with the provisions of the residential calendar. The university issues housing refunds only in situations in which it elects to close residence halls. Such refunds will be issued on a prorated basis.

Financial Aid

The following sections describe the various financial assistance programs available at Dakota Wesleyan University. These descriptions are summaries and of the rules and regulations that apply. In addition, the aid described below is distributed based upon financial need. For more information, contact the financial aid office at 605-995-2656 or go online to www.dwu.edu/admissions/financial-aid.

Federal financial assistance is available only to U.S. citizens and eligible noncitizens. Students in the United States on an F-1 student Visa are not eligible for federal financial assistance. For details regarding eligible noncitizens, please visit <https://studentaid.gov/understand-aid/eligibility/requirements/non-us-citizens>.

DWU Institutional Aid for Full-time Students

The scholarship program at DWU is made possible by generous support from alumni, special friends of the university, corporations and foundations. Through their dedication and generosity, students are realizing their dreams of a private higher education.

To be considered for scholarships at DWU based on academic performance and/or talent requires a completed application for admission. Academic and talent (also known as co-curricular) scholarships are awarded only after an offer of admission has been made. DWU also provides numerous academic, merit-based and need-based awards to qualified students. In order to maintain the DWU scholarship(s) a student must be enrolled full time and meet the participation requirement (if applicable). Some scholarships require students to live on campus.

For a complete list of the scholarship programs that are currently available to new incoming students, please visit www.dwu.edu/admissions/financial-aid/dwu-scholarships-and-grants or contact the admissions office at 605-995-2650.

Other DWU Aid

Tuition Remission and Tuition Exchange Programs

The tuition remission and tuition exchange programs provide employees, their spouses and children an opportunity to receive a college education, at a substantially reduced cost. DWU is a member of the Council of Independent Colleges tuition exchange program. Contact the DWU director of human resources at 605-995-2648 for eligibility requirements or visit cic.edu/member-services/tuition-exchange-program.

Federal Financial Aid Programs

Students must complete the Free Application for Federal Student Aid (FAFSA) and all other required documents before eligibility for federal financial aid can be determined. To complete the free, online FAFSA, go to <https://studentaid.gov/h/apply-for-aid/fafsa>. Most federal financial aid programs are need-based, except for the Federal Unsubsidized Direct Loan and the Federal TEACH Grant. The FAFSA is used to calculate the student's financial need (this process is described further in the "Packaging Financial Aid Recipients" section).

Due to annual changes to federal policies, specific details (e.g., additional eligibility requirements, annual award amounts and interest rates) regarding the federal financial aid programs are not listed in the catalog. Please visit the Dakota Wesleyan University financial aid website or contact the financial aid office for current year information concerning any of the federal financial aid programs.

Grants

Federal Pell Grants

Federal Pell Grants are free monies that do not require repayment. They are awarded to students who have a particular level of need as determined by the federal government, have not received their first bachelor's degree and have not already reached their Pell Lifetime Eligibility Limit.

Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG is a free grant that does not require repayment. The federal government allocates monies to institutions to award FSEOG grants to exceptionally needy students. Priority is given to Pell Grant recipients. Since the funds are limited, students may also be required to meet the preference deadline of February 1 to be considered for the FSEOG. These funds are awarded on a first come, first serve basis, or until funds are exhausted.

Financial Aid

TEACH Grant

The TEACH Grant is available to students of at least sophomore status with a minimum cumulative GPA of 3.25 who are enrolled as education majors in a high-need field such as science, math or special education. Students must complete TEACH Grant counseling and the Agreement to Serve annually. For more information on the Federal TEACH Grant, please refer to <https://studentaid.gov/app/launchTeach.action>.

Employment – the Work-study Program

Federal Work-Study Program (FWS)

Federal Work Study provides jobs for undergraduate students with financial need, allowing them to earn money to help pay educational expenses. Limited funding for FWS is provided through the federal government. Federal work study jobs and funds are limited. Students desiring work study positions are encouraged to apply by the preference deadline of February 1. Funds are awarded on a first come, first serve basis, or until funds are exhausted.

Loans

Federal Direct Subsidized Loan

The Federal Direct Subsidized Loan is a need-based loan available to students by the U.S. Department of Education. Interest is deferred while the student is enrolled in school with at least half-time enrollment status. Repayment begins six months after the borrower completes his/her education or ceases to be at least a half-time student. Visit the student aid website <https://studentaid.gov/understand-aid/types/loans> or contact the financial aid office for current year information about the Federal Direct Subsidized Loan's annual award amounts and current interest rates.

Federal Direct Unsubsidized Loan

The Federal Direct Unsubsidized Loan is a non-need-based loan made to students by the U.S. Department of Education. Interest accrues immediately. The student may choose to pay quarterly or allow the interest to capitalize. Principal payments do not begin until six months after the borrower completes his/her education or ceases to be at least a half-time student. If a parent is denied a Federal Direct PLUS Loan, a dependent student may be awarded additional funds under the Federal Direct Unsubsidized Loan Program. Visit the student aid website <https://studentaid.gov/understand-aid/types/loans> or contact the financial aid office for current year information about the Federal Direct Unsubsidized Loan's annual award amounts and current interest rates.

Federal Direct Parent Loan to Undergraduate Students (PLUS)

The Federal Direct PLUS Loan enables parents with credit worthiness to borrow money from the U.S. Department of Education to pay the education expenses of their dependent undergraduate student(s). If a parent is denied the Federal Direct PLUS Loan, a dependent student may be awarded additional funds under the Federal Direct Unsubsidized Loan program. Federal Direct PLUS Loan eligibility is not based on need. Repayment begins 60 days after the full disbursement of the loan; however, the parent may contact the servicer of this loan and ask about in-school deferments. The yearly limit on a Federal Direct PLUS is equal to the cost of attendance minus all other financial aid received by students. Visit the student aid website <https://studentaid.gov/understand-aid/types/loans> or contact the financial aid office for current year information and about the application procedures.

State Grants

Students are encouraged to review state grants available to them from their state of residency.

South Dakota Opportunity Scholarship

The South Dakota Opportunity Scholarship provides \$6,500 over four years to qualifying students who are attending a higher education institution in South Dakota. Recipients may participate in the South Dakota Opportunity Scholarship Program for the equivalent of four academic years (eight consecutive fall and spring terms), or until attaining a baccalaureate degree. During each academic year, one-half of the annual scholarship award will be distributed during the fall semester and the other half distributed during the spring semester:

- \$1,300 – first year of attendance
- \$1,300 – second year of attendance
- \$1,300 – third year of attendance
- \$2,600 – fourth year of attendance*

* Students must enroll in their seventh semester to be eligible for the fourth-year amount.

Visit sdos.sdbor.edu for more information about the scholarship.

Other Assistance

There are many other organizations offering financial assistance to eligible students. These include but are not limited to: The Bureau of Indian Affairs, the Department of Vocational Rehabilitation, the Department of Veterans Affairs, the Department of Social Services and the South Dakota Department of Labor and Regulation. Interested students should contact a representative of the appropriate organization to inquire.

United Methodist Scholarships

Students who are members of the United Methodist Church are encouraged to explore the scholarship programs offered through these two United Methodist organizations:

- General Board of Higher Education and Ministry (GBHEM) – www.gbhem.org
- United Methodist Higher Education Foundation (UMHEF) – www.umhef.org

United Methodist Student Loan

The United Methodist Student Loan is through the GBHEM. To be eligible for this loan, a student must be enrolled full time, be an active member of the United Methodist Church for at least one year, show financial need and have at least a 2.0 cumulative grade point average. Visit www.gbhem.org or contact the financial aid office for current year information and application procedures.

Outside Scholarships

In addition to institutional awards, students are encouraged to apply for outside scholarships to meet their educational expenses and to minimize the need for student loans. The financial aid website lists some outside scholarship information. Students are encouraged to search for scholarship opportunities in their communities. Dakota Wesleyan University will not reduce a student's institutional aid when the student receives outside scholarships. Outside scholarships that are applicable to our student body are reviewed and posted on a regular basis. Please visit www.dwu.edu/admissions/financial-aid/private-scholarships-and-grants to learn more about these opportunities.

On- and Off-campus Employment

Students are encouraged to regularly review the job openings posted on Student Central or discuss the search process with the DWU Academic Success and Career Services Coordinator in the McGovern Library.

Alternative Loans

Many lenders offer alternative loans through their own private loan programs. U.S. citizens, permanent residents and international students who are temporary residents may apply for alternative loans; however, permanent residents or international students may require a U.S. citizen or permanent resident cosigner. Visit the financial aid website for additional information about the alternative loan program and application procedures.

Packaging Financial Aid Recipients

Financial need is the fundamental criterion used in packaging federal financial aid recipients. Federal regulations specifically state that financial aid must be provided to the students showing the greatest financial need.

At DWU, the Free Application for Federal Student Aid (FAFSA) is the instrument used to determine a student's financial need. Upon completing the FAFSA at <https://studentaid.gov/h/apply-for-aid/fafsa>, an expected family contribution is determined. The expected family contribution is then subtracted from the cost of attendance, which includes tuition, fees, room and board. The result is financial need. The FAFSA application is open Oct. 1 each year. Students are encouraged to apply early.

Current and new students who have financial need, who meet the DWU financial aid preference deadline of February 1 along with other DWU criteria, may qualify for the Federal Supplemental Education Opportunity Grant (FSEOG) and/or the Federal Work Study Program (FWS). However, these funds are limited, so there is no guarantee that a student who has met the university's preference deadline and criteria will be awarded these funds. These funds are awarded on a first come, first serve basis, or until funds are exhausted.

Students who have completed and turned in all the necessary documents to be accepted into the university, and who have completed and turned in all the necessary documents to the financial aid office by the February 1 preference deadline, will be processed on a first-come, first-served basis. Those applying after the priority date will receive funding based upon availability of funds, need and application date.

Financial Aid

Notification of Awards

A financial aid award offer will notify students of financial assistance and is either sent through U.S. mail or emailed to the student's DWU email account. This document will state the amount of the award a student can expect to receive. All awards will be accepted on behalf of the student. Any student wishing to decline any portion of their awards must contact the financial aid office in writing.

Summer Financial Aid

Students taking classes during the summer sessions may apply for federal financial aid. Students must be enrolled in at least six credits during the summer to qualify for these funds. Students must complete the FAFSA and notify the financial aid office for summer packaging options. Receiving financial aid during the summer term may affect the amount of aid received for the following academic year. Students should contact the director of financial aid to discuss their options in this area.

Financial Aid Disbursements

The financial aid office will make an initial disbursement of all financial aid funds the Wednesday prior to classes starting, and then weekly thereafter. Dakota Wesleyan University will not disburse any funds (institutional or federal) until all required financial aid processes are completed by the student. This includes verification (if applicable), federal loan entrance counseling and a master promissory note.

Rights and Responsibilities

Amount of Aid Received

The amount of federal aid that a student receives will depend upon his/her financial need. In the majority of cases, a student can expect to receive federal and/or institutional assistance. Aid packages will vary according to an individual's needs.

Student Responsibilities

- Complete all application forms accurately and submit them by the published deadlines to the appropriate official.
- Provide correct information – misreporting information on financial assistance application forms is a violation of law and may be considered a criminal offense that could result in indictment under the U.S. Criminal Code.
- Return all additional documentation, verification, corrected and/or new information requested by either the financial aid office or the agency to which applications are submitted.
- Read and understand all forms the student is asked to sign and retain copies of them.
- Accept responsibility for all agreements signed.
- Perform the work that is agreed upon when accepting a work-study program award.
- Be aware of, and comply with, the deadlines for application or reapplication for aid.
- Be aware of the school's refund procedures.
- Repay immediately upon demand any and all financial assistance, over-awards or misappropriations.

Transfers

If a student transfers schools, financial assistance does not transfer with him/her. The student must take necessary action to ensure continued financial assistance at the new school. As soon as possible, a transfer student should:

1. Check with the financial aid office at the new school on availability of financial assistance;
2. contact the financial aid office of the student's current school to make sure all financial aid funds have been canceled at that school and reapplied at the new school;
3. add the new school to the student's FAFSA, as well as submit any other documentation requested by the financial aid office;
4. reapply at the new school, if funds are available, for an FSEOG or a college work-study job (due to the limited availability of the just-mentioned funds and the school's institutional awarding policy, a student who received these funds at one school might not receive them at another); and
5. refer to "Institutional Grants, Scholarships and the Work Program" for full-time students regarding academic scholarships at DWU.

Satisfactory Academic Progress

Federal regulations require that Dakota Wesleyan University (DWU) maintain and exercise a policy determining whether financial aid recipients at Dakota Wesleyan University are making satisfactory academic progress toward their degrees and, thereby, maintaining their eligibility for continued financial aid.

Satisfactory academic progress (SAP) is measured by evaluating a student's progress toward degree completion in accordance with both qualitative and quantitative standards.

The standards of satisfactory academic progress apply to all federal, state and institutional financial aid programs. The standards also apply to veteran benefits through the U.S. Department of Veterans Affairs. The standards are more exacting than the university's academic standards for continuous enrollment; specifically, a student's cumulative grade point average (GPA) may make him or her eligible for continued enrollment, but his or her rate of completion may jeopardize his or her financial aid eligibility. Satisfactory academic progress is evaluated at the conclusion of each semester in accordance with whether a student has met the minimum cumulative GPA requirement specified for the number of credit hours completed, whether the student has completed a minimum percentage of credit hours attempted, and whether the student remains within the maximum time frame for completion. Failure to meet any of these standards may result in the loss of financial aid eligibility.

Qualitative Measure of Progress

The qualitative requirement sets a minimum cumulative GPA for the degree level at which a student is classified. In order to remain eligible for financial aid, a student must maintain the following cumulative GPA at the conclusion of each semester:

For undergraduate students:

<u>Semesters completed</u>	<u>Minimum cumulative GPA for good academic standing</u>
First semester	1.8
Two semesters or more	2.0

For graduate students:

<u>Semesters completed</u>	<u>Minimum cumulative GPA for good academic standing</u>
One semester or more	3.0

Students who fail to meet the minimum GPA requirement may jeopardize their financial aid eligibility.

Quantitative Measure of Progress

The quantitative requirement contains two components – completion rate and maximum time frame.

Completion Rate: The completion rate (sometimes called the pace of progression) reflects the overall rate at which a student must progress to ensure that he or she is able to complete his or her degree program within the maximum time frame. The completion rate is calculated by dividing the cumulative number of hours the student has successfully earned by the cumulative number of hours the student has attempted. All students, regardless of classification (i.e. undergraduate or graduate), must successfully complete a minimum of 67 percent of all hours attempted. This is a cumulative calculation and includes credits earned at Dakota Wesleyan University as well as credits accepted in transfer by Dakota Wesleyan University. Students who fail to meet the minimum completion rate may jeopardize their financial aid eligibility.

Maximum Time Frame: The federally specified maximum time frame for completion of a degree is 150 percent of the published length of the program measured in credit hours. A degree that requires 120 credit hours must be completed by the time a student reaches a maximum of 180 credit hours attempted (i.e. 120 hours x 150 percent = 180 hours) in order for the student to maintain his or her financial aid eligibility. Therefore, in order for a student to complete his or her degree program within the maximum time frame, a student is expected to complete a minimum of 67 percent of all credit hours attempted on an annual (i.e. yearly) basis. Students who fail to complete their degree within the maximum allowable time frame may jeopardize their financial aid eligibility.

Hours Attempted: Hours attempted include all hours pursued in the student's career at Dakota Wesleyan University. This includes all withdrawals, incompletes, failing grades, repeated courses and transfer credits accepted by the university. All hours attempted are included in the calculation of the student's completion rate and maximum time frame, irrespective of whether or not financial aid was received.

Treatment of Grades with respect to Hours Attempted: Courses for which a student receives a passing letter grade (e.g. A, B, C, D, or CR) are included in a student's cumulative credit completion percentage as courses are successfully completed. Courses for which a student receives a letter grade of I, F, or NC will be treated as credits attempted, but not successfully completed.

Financial Aid

Treatment of Withdrawals with Respect to Hours Attempted: Credits for which a grade of W is received are considered attempted credits but not successfully completed credits. A grade of W does not impact a student's GPA but does negatively impact the cumulative completion percentage, as it counts toward the maximum time frame.

Treatment of Repeated Coursework with Respect to Hours Attempted: Students are allowed to repeat a previously passed course in an effort to improve their course grade as often as allowed by the academic policies of the university. Repeated courses may count toward enrollment for financial aid eligibility only once. All courses repeated for this reason count against the maximum time frame (i.e. total attempted credits) and reduce a student's completion rate because they count as credits earned only once.

Treatment of Audited Course with Respect to Hours Attempted: Audited courses are not funded by financial aid and are not included in satisfactory academic progress calculations.

Treatment of Transfer Credits (and credits earned through a consortium) with Respect to Hours Attempted: Grades accepted in transfer by the university are included in satisfactory progress calculations.

Financial Aid Warning

Dakota Wesleyan University reviews and renders judgements regarding students' academic progress at the conclusion of each semester (i.e. fall, spring, and summer). Only students who are not making satisfactory academic progress are notified of their status in this regard.

If, at the point of admission, a transfer student's prior academic record does not meet the university's minimum cumulative qualitative or quantitative SAP standards, the university reserves the right to place the student under financial aid warning, or on probation status for financial aid eligibility. Students who are not meeting one or more SAP standards at the conclusion of a semester are, minimally, placed on financial aid warning. While on warning, students continue to receive financial aid. All students who are notified of their warning status are encouraged to seek academic counseling and take advantage of all student support services available in an effort to strengthen their academic performance.

Financial aid warning is not subject to appeal.

Financial Aid Probation

Generally, students are placed on financial aid probation if, during the preceding semester, they were placed on financial aid warning and if, during the current semester, they have failed to meet one or more standards of satisfactory academic progress. The university reserves the right to place students directly on financial aid probation without placing them on warning. Students on financial aid probation are in danger of losing their financial aid eligibility unless they meet, or move decisively in the direction of meeting, the satisfactory academic progress standards. While on probation, students continue to receive financial aid. All students who are notified of their probationary status are encouraged to seek academic counseling and take advantage of all student support services available in an effort to strengthen their academic performance. Students on probation are also strongly encouraged to complete an academic completion plan in consultation with their academic advisor.

Financial aid probation is not subject to appeal.

Financial Aid Termination (suspension): Students who do not meet the SAP standards for two consecutive semesters may have their financial aid terminated. Having one's financial aid terminated does not prohibit a student from continuing his or her education. Students who have lost their financial aid eligibility may become eligible again, provided they meet all the academic progress standards, after sitting out for one semester. Please note: a student who is required to sit out a semester may be subject to loan repayment. Students may appeal the termination of their financial aid. If an appeal is successful, the student's aid will be reinstated. Students whose appeals are granted are likely to remain on financial aid probation (see below).

Appeals: Per federal guidelines, only appeals for the following reasons will be considered:

- a death of an immediate family member of the student;
- medical/hospitalization of the student; or
- mitigating circumstances beyond the student's control that affected his or her academic progress.

Appeal Process and Decision

All appeals must be submitted to the financial aid office in writing with supporting documentation (e.g. relevant medical records, death certificates and/or any documentation that supports the student's mitigating circumstances) attached, and cited, as appropriate. The director of financial aid will approve or deny appeals

Financial Aid

in a timely manner as they are submitted. Appeal decisions will be communicated to the student in writing. Any student whose appeal is denied by the director of financial aid has the right to appeal to the Educational Policies and Curriculum Committee of the faculty. The Educational Policies and Curriculum Committee is bound by the same criteria in rendering its decision.

A student whose financial aid appeal is denied is eligible to continue his or her enrollment at the university (provided he or she remains in good academic standing) but is not eligible for financial aid unless, or until, he or she meets satisfactory academic progress standards.

Continued Financial Aid Probation: A student whose appeal is granted will be placed on financial aid probation and have his or her financial aid reinstated on a semester-to-semester basis so long as the student successfully executes his or her approved academic plan and meets satisfactory academic progress criteria. The student's eligibility for financial aid will be reviewed at the conclusion of each semester. Failure to meet these requirements on a semester-by-semester basis will result in termination of financial aid. If a student's appeal is denied, the student must meet SAP standards before any further financial aid is awarded, and so long as the student hasn't reached his or her maximum time frame.

Return of Title IV (Federal) Funds

Students receiving federal financial aid who withdraw, or stop attending classes, without formally withdrawing will have their case reviewed to determine if there has been overpayment of funds. If an overpayment has occurred, a repayment of financial aid funds is required. The student withdrawal date is determined by the student's last date of attendance in an academic-related activity.

Once the date of withdrawal is determined, the amount of earned federal financial aid is calculated using the completion rate for the enrollment period, multiplied by the total aid that was disbursed or would have been disbursed (aid "could have been disbursed" if the student was eligible to receive it at the time he/she withdrew and may receive it under late disbursement rules in 668.164 [g]). Students who withdraw after completing 60 percent of the payment period will be considered to have earned 100 percent of their federal financial aid unless they are enrolled in modules (see next paragraph). A payment period is the period established by the school for which institutional charges are generally assessed, excluding breaks of five days or more. Federal financial aid that a student has earned can be applied toward institutional charges.

Modules: federal regulations state that students enrolled in classes that do not span an entire term are considered to be enrolled in modules. If a student fails to complete all modules scheduled, the student is considered a withdrawal at the time the student ceases attendance, and the financial aid office is required to complete a return of Title IV calculation to determine how much federal financial aid funds were earned and return the amount that was considered unearned. The completion of 60 percent of the term does not apply to modules.

Drug Related Offenses

If a student is convicted of possessing and selling illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period. Schools must provide each student who becomes ineligible for FSA funds due to a drug conviction, a clear and conspicuous written notice of his loss of eligibility and the methods whereby they can become eligible again.

The Financial Aid office will act in accordance with federal regulation 14 CFR 61.15.

Academic Regulations

The following pages present the rules to help to maintain quality academic programs at DWU. For questions about any of the regulations or academic procedures, please inquire at the office of the provost or the registrar's office.

Attendance, Academic Honesty and Examinations

Participation

Class attendance and participation are crucial factors in student success. Students are therefore expected to attend and participate fully in all classes. The syllabus for each class indicates attendance and participation policies. Students should carefully read the course syllabus for the attendance and participation policies that apply to that particular class, as well as deadlines for assignments and exams. In addition, federal laws related to financial aid and veterans' benefits mandate class attendance and participation as conditions of eligibility for funding. These laws require that attendance/participation be monitored and that the last day of a student's attendance be recorded.

In all instances, students are responsible for work missed due to nonattendance. Students should report the reasons for all class absences promptly to the appropriate instructors and discuss assignments missed. When absences are known in advance, students should confer with instructors before the absence to develop plans for how they will compensate for missed class time. Responsibility for confirming excused absences with instructors, rests upon the student. Whether or not students are permitted to make up work missed for unexcused or excessive absences is entirely up to the instructor.

Administrative Withdrawal

Instructors may request that students be administratively withdrawn from courses. The most common reason for requesting that a student be administratively withdrawn from a course is excessive and persistent absences (although instructors may request that a student be withdrawn for other reasons as well—such as repeated disruptive behavior).

Procedure for Instructor Withdrawal

Should an instructor deem an administrative withdrawal necessary, the instructor will file an Administrative Withdrawal Form with the provost. If the provost believes a withdrawal is justified, the provost will notify the student in question (in writing) of his/her pending administrative withdrawal from a course or courses. Students notified of their pending administrative withdrawal have seven business days (two business days during the summer sessions) to respond to the provost, in writing, and contest their withdrawal if they are inclined to do so. Should a student contest his or her withdrawal, the provost renders a decision regarding whether the student may continue in the course. The provost's decision is final. Failure to respond within the designated period results in the students being administratively withdrawn from the course or courses. A student who is administratively withdrawn will receive a W for the course.

Academic Integrity Policy

Dakota Wesleyan University is dedicated to the achievement of academic excellence, the building of character and the pursuit of lifelong learning. To be successful in realizing these goals, honesty and integrity must be a part of every learning opportunity on campus. Academic dishonesty breaks the trust necessary for the building of community, the promotion of authentic learning and the nurturing of spiritual values. All members of the institution, including faculty, staff and students, share the responsibility to report incidents of academic dishonesty.

Academic dishonesty includes, but is not limited to, any act of cheating, fabrication, plagiarism, abuse of resources, forgery of academic documents, dissimulation, sabotage and any act of facilitating or aiding any of the foregoing.

The following definitions are listed to clarify this policy, not to define all possible situations:

- Cheating is using or attempting to use unauthorized materials, electronic devices, information or study aids in any academic exercise.
Examples: copying homework, copying someone else's test, using unauthorized information such as a cheat sheet and for using a cell phone during an exam.
- Fabrication is the falsification or invention of any information or citation in any academic exercise.
Examples: making up a source, giving an incorrect citation and/or intentionally misquoting a source.
- Plagiarism is the representation of the words and/or ideas of another as one's own in any academic exercise.

Academic Regulations

- Dissimulation is the disguising or altering of one's own actions so as to deceive another about the real nature of one's actions with respect to an academic exercise.
Examples: fabricating excuses for such things as missing classes, postponing tests, handing in late papers, and/or turning in a paper for one class that was originally written for another class (when original work is requested).
- Abuse of resources is the damaging of any resource material or inappropriate limiting of access to resource material necessary for academic work.
Examples: destroying or hiding library materials; removing noncirculating material from the library; hiding or stealing another person's textbook, notes or software; failure to return library materials when requested by the library.
- Forgery of academic documents is the unauthorized changing or construction of any academic document.
Examples: changing transcripts, changing grade books, changing grades on papers that have been returned, forging signatures and/or signing other students into class when they are not present.
- Aiding and abetting academic dishonesty is knowingly facilitating any of the activities described in this policy or any other incidents of academic dishonesty not specifically described.

Instructors are encouraged to discuss this policy with their classes at the start of each term and to list the first paragraph of this policy in their syllabi, with references to the complete listing of the policy in this catalog and the DWU Student Handbook.

Violations of Academic Integrity Policy

First-time violations of this academic integrity policy will, at the discretion of the faculty member, result in one of the following:

- a reprimand (written or verbal) for unintentional violations;
- a zero for the assignment (paper, exam or project) for intentional or flagrant violations; or
- a grade reduction or failing grade in the course for intentional or flagrant violations.

Unintentional infractions may be reported to the college dean at the discretion of the faculty member. All infractions deemed by the faculty to be intentional must be reported in writing to the college dean, and the student will be notified. The college dean shall keep a record of reported infractions and sanctions in the office of the provost. At the dean's discretion, this information may be released to selected faculty.

Any appeal of this decision will be reviewed by an academic integrity committee consisting of the department head, college dean, student life director and provost. Any subsequent violations will be reviewed by this committee to consider penalties in addition to those imposed by the instructor, including a failing grade for the course or possible suspension from the institution. Any student has the right to appeal the decision of the academic integrity committee, in writing, to the provost, whose decision is final.

Examinations

Student performance is evaluated at regular intervals throughout the semester. A final examination or an equivalent form of evaluation is required in each course and must be stipulated in the course syllabus. Final examinations must be administered on the officially designated examination days on the academic calendar. Exceptions to the final exam schedule must be approved by the college dean.

Advising Policy and Catalog Requirements

Academic Advisor

Every student is assigned an academic advisor. Advisors will review academic policies and consider majors, minors, electives and extracurricular offerings to aid the student in the successful completion of his or her undergraduate degree. All students are encouraged and expected to work closely with their academic advisors in creating their plan of study.

Advisors are initially assigned at registration. Students are free to change their advisors at any time by submitting a Change of Advisor Form to the registrar's office.

Advisors are not authorized to change or officially interpret established policy of the university. All students are solely responsible for ensuring that their academic programs comply with the policies of the university. Any exceptions from the established policy must be approved by the Education Policy and Curriculum Committee or confirmed, in writing, by the provost.

Academic Regulations

Catalog Requirements

Students are responsible for understanding and following catalog requirements. Degree candidates continually enrolled must meet the requirements as outlined in the catalog for their first enrollment or for any subsequent catalog under which they choose to work. Once this decision is made, students must complete the requirements of the catalog under which they decide. The term “continuous enrollment” means that a student has been enrolled in regular fall and spring semesters without interruption. Interrupted enrollment means that a student was not enrolled in at least one fall or spring semester during the student’s college career. Candidates with interrupted enrollment of more than four continuous years (i.e., eight continuous fall/spring semesters) must meet the requirements as outlined in the catalog for the first semester after readmission or for any subsequent catalog under which they choose to work. Note that, since the university has no obligation to offer courses or programs that have been officially dropped, it may be impossible, under certain circumstances, for students to complete academic programs if they interrupt their college careers. See also “Leave of Absence.”

Assessment of Basic Skills

Every student admitted to Dakota Wesleyan University deserves an opportunity to achieve academic success. The goal of developmental courses is to provide students with opportunities to improve basic skills in composition, reading and mathematics. Academic advisors and the director of academic success and career services are available to assist students in accessing resources to address skill deficits. The university may offer the following developmental courses to help students achieve their educational goals:

ENG 099	Supplemental Writing Support
MTH 120	Intermediate Algebra

Developmental Courses

Dakota Wesleyan University considers all courses designated as developmental (or remedial) – whether by DWU or by another college or university – to be preparatory in nature. That is, their purpose is to prepare students to be successful in college-level coursework. Correspondingly, the university does not consider developmental courses to represent college-level coursework. As such, it does not accept developmental courses in transfer, nor does it count developmental coursework toward meeting graduation requirements. Students may still receive financial aid in support of developmental coursework and developmental coursework may still count toward a student’s athletic eligibility.

Basic Mathematics Assessment

The enrollment of incoming students in particular math courses is based on an analysis of student’s high school or transfer transcripts. Enrollment recommendations take into account mathematics courses previously taken, the grades received in those courses, overall grade point averages, and math ACT scores. These recommendations also consider a student’s intended major.

Basic Writing Assessment

A new student’s academic file is reviewed prior to the student’s enrollment in ENG 111 and/or ENG 099. A student with an ACT English sub-score of 17 or lower or an SAT critical reading score of 440 or lower will be enrolled in ENG 099 Supplemental Writing Support, concurrently with his or her enrollment in ENG111. If a student has not taken the ACT or SAT, or is unable to access his or her scores, a writing placement may be administered to determine appropriate placement. English faculty members may elect to retest students who are close to meeting this threshold at their discretion. Students demonstrate basic proficiency in written communication with a grade of C or above in ENG 111. Students who do not successfully complete ENG 111 with a grade of C or better may be placed in ENG 099 again in conjunction with their enrollment in ENG 111.

Graduation Application

All students must apply for graduation and pay the accompanying commencement fee. Students apply during the fall semester for spring or summer graduation and during the spring semester for December graduation. Applications are available from the registrar’s office. All degree candidates are encouraged to be present for commencement (there are not separate summer and winter graduation ceremonies).

Semesters

Dakota Wesleyan University is on the semester system with two semesters, fall and spring, of approximately 16 weeks and a condensed summer semester. Semesters may include shorter sessions.

Credit Hour

Dakota Wesleyan University employs a credit hour system. A credit hour represents the amount of work expended by students to meet a course’s intended learning objectives, verified by evidence of student

Academic Regulations

achievement. The credit hour reasonably approximates one hour of direct faculty instruction and a minimum of two hours of out-of-class student work for a duration of approximately 15 weeks for one semester, or the equivalent amount of work over a different amount of time. Out-of-class work may include laboratory work, internships, practice, studio work, rehearsals and other work leading to the achievement of learning objectives. Thus, the college expects that a typical student who attends all course meetings and completes all readings, activities and assignments related to a course will spend a total of approximately 45 hours of (clock) time per credit hour awarded.

Clinical Education

Clinical education is defined as the formal instruction of necessary clinical skills and the application of specific knowledge, skills and clinical abilities on an actual patient base that is supervised by a preceptor. One academic credit will equal 45-60 hours of clinical education.

Classification of Students

Students are classified on the following basis:

First-year	0-29 completed credits
Sophomore	30-59 completed credits
Junior	60-89 completed credits
Senior	90 complete credits and above
Special	Student not seeking a degree but enrolled for courses

Course Numbering System

100-199	First-year level courses
200-299	Sophomore level courses
300-399	Junior level courses
400-499	Senior level courses
500-599	Graduate, graduate workshop and non-degree courses
600-799	Graduate courses

First-year and sophomore students are generally expected to enroll in courses numbered 100-299; junior and senior students generally enroll in courses numbered 300-499. Some upper-level courses require approval of the instructor. See course descriptions for prerequisites.

Students must earn 120 credits, 30 of which must be upper-level hours (course numbers 300-499) to graduate with a bachelor's degree. Generally, if students take 15 credits per semester, they can expect to graduate in four years. However, if students change their majors or need to repeat courses, it may take longer than four years.

Transcripts

All requests for official and unofficial transcripts must comply with the Family Educational Rights and Privacy Act of 1974 (FERPA) and be submitted to the registrar's office. Transcript processing times vary based on the number of requests received. Students requesting a rush transcript (processed within two business days) will be charged \$10. Electronic transcripts may be requested by visiting <https://www.transcriptservices.org> for past DWU students. A small fee is assessed for electronic transcripts. Current DWU students can request an electronic transcript through TigerNet, where you will find a link that directs you to the National Student Clearinghouse. Transcript requests will not be processed if the student has a business office hold.

An official transcript is one bearing the university's seal and the signature of the registrar. Official transcripts are normally mailed directly to other institutions and agencies. An unofficial transcript does not bear the seal of the university or the authorized signature. Students can also print an unofficial transcript from TigerNet.

Family Educational Rights and Privacy Act of 1974 (FERPA)

Dakota Wesleyan University maintains an educational record for each student who is, or has been, enrolled at the university. In accordance with FERPA, as amended, students have these rights:

1. Students can inspect and review their education records within 45 days from the day the university receives a request for access. Students should submit to the registrar, dean, provost, head of the academic department or other appropriate official a written request that identifies the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

Academic Regulations

2. Students can request the amendment of their education records that they believe are inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.

FERPA was not intended to provide a process to be used to question the substantive judgments that are correctly recorded. The rights of challenge are not intended to allow students to contest, for example, a grade in a course because they felt a higher grade should have been assigned.

If DWU decides not to amend the record as requested, the student will be notified in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. Students have the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent if the disclosure meets certain conditions found in section 99.31 of the FERPA regulations.

DWU discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic, research or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the university who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from educational records, such as an attorney, auditor or collection agent, or a student volunteering to assist another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility for the university.

As of Jan. 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which a student's education record and personally identifiable information contained in such records – including your Social Security number, grades or other private information – may be accessed without consent. First, the U.S. comptroller general, the U.S. attorney general, the U.S. secretary of education, or state and local education authorities ("Federal and State Authorities") may allow access to records and personally identifiable information without consent to any third party designated by a federal or state authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, federal and state authorities may allow access to education records and personally identifiable information without consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and state authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive personally identifiable information, but the authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, state authorities may collect, compile, permanently retain and share without consent personally identifiable information from education records, and they may track participation in education and other programs by linking such personally identifiable information to other personal information that they obtain from other federal or state data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service and migrant student records systems.

4. Students can file a complaint with the U.S. Department of Education concerning alleged failures by Dakota Wesleyan University to comply with the requirements of FERPA. The name and address of administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., SW
Washington, DC 20202-4605

Under the provisions of FERPA, as amended, students have the right to withhold the disclosure of directory information. Should a student decide to inform the institution not to release directory information, any requests for such information from individuals not affiliated with the university will be refused.

Academic Regulations

If students choose to withhold directory information, they must complete a Request to Prevent Disclosure of Directory Information Form in the registrar's office by the end of the add/drop period. Students must complete a new form for nondisclosure each academic semester.

The institution will honor a student's request to withhold directory information listed below, but cannot assume responsibility to contact the student for subsequent permission to release it. Regardless of the effect upon the student, the institution assumes no liability for honoring instructions that such information be withheld.

Directory information at Dakota Wesleyan University is defined as: student name, campus box number, residence hall address, permanent address, telephone, email address, parents' names, hometown, high school attended, dates of attendance, full-time/part-time status, honors, awards, special recognition, degree(s) received, major, classification (senior, junior, etc.), activities, photographs and sports participation (including height and weight of team members).

Directory information is a term used by FERPA to designate information that may be released without a student's consent. Although the online student directory will contain name, campus box number and phone number, other information will not be published. The student directory is only accessible from on campus. Dakota Wesleyan University is committed to ensuring that student information is only released for legitimate requests that will assist our students in their educational experience.

Any questions concerning the student's rights and responsibilities under FERPA should be referred to the registrar's office.

General Data Protection Regulation (GDPR)

Dakota Wesleyan University maintains an educational record for each European Union (EU) student who is, or has been, enrolled at the university. In accordance with GDPR, EU students have these rights:

- the right to be informed;
- the right to access;
- the right to rectification;
- the right to erasure;
- the right to restrict processing;
- the right to data portability;
- the right to object; and
- the right not to be subject to automated decision-making including profiling.

Any questions concerning the student's rights and responsibilities under GDPR should be referred to the registrar's office.

Grading Policies

Grades and Grade Point System

The grading system at Dakota Wesleyan University involves letter grades that are assigned a quality point value per hour of credit as follows:

A	Superior	4.0	C+		2.3
A-		3.7	C	Average	2.0
B+		3.3	C-		1.7
B	Above Average	3.0	D+		1.3
B-		2.7	D	Below Average	1.0
			D-		0.7
			F	Failure	0.0

Additional grades not computed into GPA:

AU	Audit
CR	Credit awarded in a Credit/No Credit course
I	Incomplete
LP	Lab Pass
MS	Instructor has not submitted a grade
NC	No Credit awarded in a Credit/No Credit course
W	Withdrawal
*	Indicates class was repeated and not used in computing GPA (see "Repeating a Course").
R	Indicates class was repeated and used in computing GPA (see "Repeating a Course").

Academic Regulations

Semesters for which academic amnesty has been granted will be marked with that notation below the list of classes for that particular semester.

All A, B, C, D and CR grades for all college level courses earn credit. These grades may be used in the student's degree program and toward the total hours required for a degree depending on specific policies described in this catalog. The F grade does not earn credit but is computed into the GPA. Grades of W and NC are not computed into the GPA and do not earn credit.

Midterm Grades

Faculty are asked to report midterm grades to the registrar's office at the end of the eighth calendar week of the semester. These grades are also available to students on TigerNet. Midterm grades provide an opportunity for advisors to assess the progress of students. Should a student show unsatisfactory academic progress, (i.e., below the grade of C-), the student may be required to meet with his/her advisor and/or other support personnel to determine a plan for academic success.

Credit/No Credit

The Credit/No Credit (CR/NC) option allows students to explore and experience academic areas with which they may be less familiar. Degree-seeking students may elect the Credit/No Credit (CR/NC) option for no more than one course per semester (exclusive of courses that are designated credit/no credit on a pre-established basis) and for no more than 16 credit hours over the course of a four-year degree program. Students wishing to pursue this option must submit the completed CR/NC form to the registrar's office by the date published on the academic calendar (typically two-thirds through the semester or term in which they are enrolled in the course). Courses taken with this grading option may not be applied toward a major or minor. The minimum acceptable grade students must achieve in courses taken for Credit/No Credit in order to receive Credit (CR) is a C. Students receiving less than a C will receive No Credit (NC) for the course. Grades of CR and NC are not computed into a student's GPA. Students awarded the grade of CR in a course may apply the course toward graduation, subject to the policies in this catalog.

Grade Point Average (GPA)

The university tracks both semester GPA and cumulative GPA. The semester GPA is obtained by dividing the number of grade points earned by the number of hours attempted in courses that carry grade points. During a particular semester grade points for each course are calculated by multiplying the number of credits for the course by the quality points for the grade (i.e., A=4.0; A-=3.7; B+=3.3; etc.). Courses with grades of CR, NC and W do not affect GPA. The student's cumulative GPA is obtained by dividing all grade points earned throughout enrollment by the number of hours attempted in courses that carry grade points. See also "Repeating a Course."

The computation of a GPA is illustrated in this example:

Course	Grade	Earned Hours	Graded Hours	Points
BIO 150	A	1	1	4.0
BUS 252	C-	4	4	6.8
ENG 201	B-	3	3	8.1
MTH 128	B+	4	4	13.1
MUS 232	CR	1	0	0.0
PHL 212	F	0	3	0.0
Total		13	15	32.2

The GPA is total points divided by graded hours, in this case, $32.2/15 = 2.147$.

Incomplete Grades

For students who were unable to complete the assigned work due to extenuating circumstances, instructors must complete the approved incomplete form, which includes: a written justification by the course instructor explaining why the student is unable to complete the work, a specific description of the work to be completed and a final date of completion (which should align with the relevant incomplete due dates identified on the academic calendar). The work must be completed and turned in to the instructor prior to the designated date on the academic calendar. If the student fails to complete the course by this time, the Incomplete will lapse to the final grade submitted to the registrar's office by the instructor. If the instructor does not specify an alternate grade, the grade will become an F. In turn, the instructor must then submit the final grade to the registrar no later than the end of the sixth week from the time the Incomplete is given. Students who are working on a thesis or a special project of uncertain duration should not register for credit until the term when completion seems assured.

Academic Regulations

Grade Change

A reported grade, other than an Incomplete, may be changed only through faculty petition to the provost. Grades will be changed only in cases in which instructor error in assessment is demonstrable. Grades are not changed based on a re-evaluation of the instructor's original judgment or a student's request to submit additional work to raise a grade. No grade can be changed more than 365 calendar days after it has been reported to the registrar's office.

Grade Appeal

Students have the right to appeal a grade if they feel they have been graded unfairly. Initially, students should direct their appeals to their course instructor. Students who are not satisfied by the instructor's response to their appeal are free to submit an appeal to the appropriate college dean no later than four calendar weeks into the subsequent semester, following the posting of the grade in question. The appeal should include a written rationale for why the student believes his or her grade to be unfair. Requests for appeal are considered by an appeals board, which consists of the provost, the director of student life, the college dean and the department chair associated with the course in which the grade is being appealed. The student will be notified, in writing, of the decision of the appeals board. The decision of the appeals board is final.

Repeating a Course

Students may repeat any course in an attempt to obtain a better grade and improve their cumulative GPA. Although both the original and repeated course will be listed on the academic transcript, only the better grade and the credit earned in accordance with that grade will be used in calculating the GPA. It is the responsibility of students to inform the registrar when a course is being repeated. It is advisable for student-athletes to check National Association of Intercollegiate Athletics (NAIA) rules and consult with the faculty athletic representative, and for veterans to check with the Department of Veterans Affairs, before registering to repeat a course.

Good Standing

"Good standing" means that a student is making reasonable progress toward a degree. It entitles a student to all rights and privileges of enrollment at DWU, such as continuing for the next semester, eligibility for financial aid, participation in athletics, participation in college clubs and programs, and residential status. The minimum cumulative GPA required for good standing is:

After one semester	1.8
After two semesters and all subsequent semesters	2.0

Academic Probation and Suspension

Students who fail to maintain the required cumulative GPA will be placed on academic probation for the following semester or term. Students who achieve a semester GPA of 1.00 or lower will also be placed on probation for the following semester or term (irrespective of whether their cumulative GPA falls below the minimum standard). Students who are otherwise in good academic standing and whose semester GPA falls below 1.8 will receive a letter of concern (irrespective of whether their cumulative GPA falls below the minimum standard).

The potential outcomes for a student placed on probation because his or her cumulative GPA has fallen below the minimum, cumulative standard (i.e. 1.8 or 2.0) are as follows:

- If at the conclusion of the subsequent semester or term the student's cumulative GPA has risen above the minimum standard, the student is released from probation.
- If at the conclusion of the subsequent semester or term the student's cumulative GPA has not risen above the minimum standard, but his or her semester GPA has risen above the minimum standard, the student remains on probation.
- If at the conclusion of the subsequent semester or term neither the student's cumulative GPA nor the student's semester GPA has risen above the minimum standard, the student will be suspended from the university.

The potential outcomes for a student placed on probation because his or her semester GPA has fallen to 1.0 or lower are as follows:

- If at the conclusion of the subsequent semester or term the student's semester GPA has risen above the minimum standard (e.g. 2.0), the student is released from probation.

Academic Regulations

- If at the conclusion of the subsequent semester or term the student's semester GPA has not risen above the minimum standard (e.g. 2.0), the student will remain on probation or be suspended as appropriate.

Probationary status is not subject to appeal. Students have the right to appeal a suspension. All appeals must be submitted in writing to the provost and must include the following:

- A statement explaining why the student has not succeeded in achieving good academic standing for two consecutive semesters.
- A plan detailing how the student will improve his or her academic performance.
- A written statement supporting the student's appeal from a Dakota Wesleyan University faculty or staff member.

Students who have been suspended for academic reasons are not eligible to apply for readmission until one semester has elapsed. If readmitted, students return on probationary status and must minimally attain a 2.0 semester GPA the semester following readmission in order to remain enrolled in the university.

Dean's List

Full-time undergraduate students are eligible for the Dean's List. The Dean's List is computed two times per year, after completion of the fall and spring semesters. To qualify, a student must complete a minimum of 12 semester hours of graded coursework at DWU with a term GPA of 3.5 or higher during the corresponding semester. Please note: a student who completes 11 hours of graded course work and 1 hour of coursework taken credit / no credit is not eligible for the Dean's List. Likewise, a student who completes 9 hours of graded coursework and receives an incomplete in a 4-credit course is not eligible for the Dean's List.

Undergraduate Academic Amnesty Policy

Under certain conditions, undergraduate students may apply to remove work from prior enrollments; all coursework will continue to be recorded on the student's official academic record and the semester(s) forgiven will be noted on the academic transcript. Students may remove up to four semesters of previous academic work by applying for academic amnesty to the provost, provided that they meet the qualifications and following the required procedure. Applying for amnesty does not guarantee that it will be granted.

Academic Amnesty Eligibility Requirements

The student must:

1. not have been enrolled in any university for a minimum of five calendar years (15 consecutive terms, including fall, spring and summer) before the current enrollment;
2. be a full-time or part-time undergraduate, degree-seeking student at Dakota Wesleyan University;
3. have completed a minimum of 12 graded credit hours at DWU with a minimum GPA of 2.30 for those 12 credit hours since readmittance to Dakota Wesleyan University;
4. not have earned a baccalaureate degree from any university;
5. not have been granted any prior academic amnesty at DWU; and
6. submit a formal Academic Amnesty Petition to the provost. The form can be obtained from the provost's office.

Academic Amnesty Conditions

1. Academic amnesty does not apply to individual courses. Amnesty may be requested for all coursework in selected semesters. However, academic amnesty will not be given for more than four semesters of coursework.
2. Academic amnesty, if granted, shall not be rescinded.
3. Courses for which academic amnesty is granted will (a) remain on the student's record; (b) be recorded on the student's undergraduate transcript with the original grade followed by a designation indicating that they are not counted toward the current degree; (c) not be included in the calculation of the student's grade point average; (d) not count for credit; and (e) not be used to satisfy any of the graduation requirements of the current degree program.
4. Education majors may not apply for academic amnesty. Other majors with independent accrediting standards may also prohibit academic amnesty.
5. Graduate and professional programs and other universities' undergraduate programs are not bound by the academic amnesty decisions made by Dakota Wesleyan University.
6. The granting of academic amnesty does not supersede institutional financial aid policies governing Satisfactory Academic Progress.

Academic Regulations

Academic Amnesty Procedures

1. To apply for academic amnesty, the student must submit a formal Academic Amnesty Petition to the provost for verification of qualifications. The chair of the department and college dean in which the student's major resides must approve the petition. In the event the student does not meet the qualifications, the provost will contact the student.
2. The provost will contact the student to schedule an interview. The purpose of the interview is to ensure that the student is fully aware of the amnesty procedure, as well as alternatives to amnesty. Even though a student may meet the qualifications, it may be advisable for the student to remedy GPA problems via repeating a course rather than via amnesty. If the student and the provost agree to invoke the amnesty policy, both parties shall sign the petition, and the provost shall give the petition to the registrar for appropriate adjustments to the student's record.

Registration Policies

Admission to Class

Students must register for courses and finalize their registration in order to be admitted to classes. Some courses may require written permission of the course instructor to ensure that prospective students meet specific prerequisites. Finalizing means paying for the classes or making satisfactory arrangements with the university to pay for the classes through the business office. Students may be removed from a class roster if they have not completed finalization by the end of the first week of class.

Students may be dropped from classes for not meeting the stated prerequisites of the class and/or for never attending class. It is the responsibility of students to verify their course schedules and contact the registrar's office to correct any errors.

Add/Drop

Students may add or drop a course through the fifth business day of the semester, with permission of their advisor. Permission of the student's advisor, instructor, financial aid and business office is required to add or drop a class from the sixth day through the 10th day of the semester. Adds or drops are not allowed following the 10th day of the semester. The registrar's office will determine the add/drop schedule for summer sessions and classes that do not follow normal semester schedules. Dropped courses do not appear on the student's academic transcript.

Course Load

The load for full-time students during a regular semester is 12 to 16 credit hours. In order to graduate in four years (eight semesters), students must enroll for an average of 15 hours each semester. Students should be aware that courses are generally designed to require a minimum of three hours of student effort per class for each credit hour. For example, a three-credit-hour course generally requires a minimum of nine hours of student effort per week, one-third of which is typically classroom instruction.

The course load for degree-seeking students during the summer term is calculated on the same basis – a full-time course load is 12 hours. Degree-seeking students may take a maximum of 12 semester hours during the summer term. Enrolling in more than eight credit hours during one session may be considered an overload. This includes courses that overlap in the two summer sessions, regardless of the number of credit hours for the course.

Students wishing to carry more than maximum hours must have a 2.5 cumulative GPA for a one-hour overload and a 3.0 cumulative GPA for a two-hour overload. Credit received through nontraditional credits does not count toward course load. Courses that do not carry credit do not count toward course load. All overloads must be approved by the college dean.

Withdrawal

After the 10th day of the semester, students who withdraw from a course are assigned a grade of W. All withdrawals will be recorded on the transcript but are not calculated in the student's GPA. After the 13th calendar week, all courses will be recorded as a letter grade. Withdraw dates are adjusted for shorter sessions.

Students who drop and/or withdraw from all classes during a semester are officially withdrawn from the university. Refer to "Withdrawal from the University." The date of withdrawal will be noted on the student's transcript.

Auditing a Course

Students wishing to audit a course should register for the course during registration by obtaining instructor permission to audit and paying any applicable fees in the business office. Courses that are audited will appear on the academic transcript designated by an AU but will not be accorded grade points or credit

Academic Regulations

toward graduation. Students may audit courses with enrollment limits on a space-available basis, with preference given to students taking the course for credit.

Leave of Absence

Students who wish to leave Dakota Wesleyan University for a short time may apply for a leave of absence. A leave of absence differs from official withdrawal or interrupted enrollment in that the student expects to return to school and does not need to seek formal readmission. Application for a leave of absence must be made no later than the end of the semester preceding the leave. A leave of absence may be granted for a one-year period except in cases of military assignments. Students granted such a leave should consult with the registrar and financial aid offices before registering for the subsequent term.

Military Leave of Absence and Readmission

DWU recognizes the important sacrifice our service members provide. Students who are leaving the university to serve must:

- Provide oral or written notice of such service to the registrar's office as far in advance as is reasonable under the circumstances. This notice does not have to indicate whether the student intends to return to the school and may not be subject to any rule of timeliness. At the time of readmission, the student may submit an attestation of military service that necessitated the student's absence from the school.
- The student must give oral or written notice of their intent to return to the school within three years after the completion of the period of service. A student who is hospitalized or convalescing due to an illness or injury incurred or aggravated during the performance of service must notify the school within two years after the end of the period needed for recovery from the illness or injury. A student who fails to apply for readmission within these periods does not automatically forfeit eligibility for readmission but is subject to the school's established leave of absence policy and general practice.

Upon notification of the student's intent to return, Dakota Wesleyan University will promptly readmit the student into the next class or classes in the program beginning after the student provides notice of intent to reenroll, unless they require a later date or unusual circumstances require the school to admit them at a later date. Students will:

- be readmitted with the same academic status to the same program to which the student was last admitted or, if that exact program is no longer offered, the program that is most similar to that program, unless they chose a different program;
- at the same enrollment status unless the student wants to enroll at a different enrollment status.
- with the same number of credit hours previously completed, unless the student is readmitted to a different program to which the completed credit hours are not transferable, and
- with the same academic standing the student previously had.

If the student is readmitted to the same program, for the first academic year in which he returns, the school must assess the tuition and fee charges that the student was or would have been assessed for the academic year during which they left the school. However, if the service member's veteran's education benefits will pay the higher tuition and fee charges that other students in the program are paying for the year, the school may assess those charges to the student as well.

If the student is admitted to a different program, and the subsequent academic years for a student admitted to the same program, the school must assess no more than the tuition and fee charges that other students in the program are assessed for that academic year.

The cumulative length of the absence and of all previous absences from the school for military service may not exceed five years. Only the time the student spends performing service is to be counted.

Medical – Extended Absence

Students who leave Dakota Wesleyan University for a short time due to medical reasons may apply for an extended absence. Upon returning to campus, to ensure the safety and wellness of the student and the Dakota Wesleyan University community, students must complete the Return from Extended Absence Form available from the Student Life Department and TigerNet. The provost will review the required documents submitted by the student. Pending consultation with the campus health staff, the provost will grant or deny the return to campus/classes. Students must work with faculty to determine their ability to successfully complete courses for the semester.

Academic Regulations

Withdrawal from the University

Students wishing to withdraw from Dakota Wesleyan University must complete official withdrawal forms through the registrar's office. Students who officially withdraw from the university during the withdrawal period will receive a grade of W in each course. Students who withdraw after the end of the 13th calendar week will automatically receive a grade of F for each course in which they are enrolled unless reasons of a compelling personal nature justify a withdrawal, as determined at the discretion of the university. Such exemptions to the rule must be approved by the course instructor, the academic advisor and the college dean. Students who withdraw and whose academic averages are above the minimal levels are eligible to apply for readmission in any semester following the date of withdraw.

The provost must approve any exceptions to the above registration policies.

Nonclassroom and Transfer Credit

Independent Study

Enrollment in independent study courses are limited to students who have achieved a cumulative GPA of 3.0 and who wish to pursue a specialized topic not offered in the scheduled program of courses. Students applying for independent study should have substantial experience in the chosen area of study and must submit a course proposal that outlines:

1. sponsoring faculty member (instructor, advisor, department chair and college dean approval required);
2. schedule of meetings with instructor; and
3. proposed course of study that outlines the allocation of the required hours of study (40 hours of study for each credit hour earned).

Students must complete an application, which will require the signatures of the department chair, instructor, advisor and college dean. This application will be required for registration and is not complete until it is fully executed and received by the registrar's office. A maximum of two independent study courses will be awarded toward a student's graduation requirement.

Directed Study

Directed study is available only to students who cannot, because of extenuating circumstances, enroll in the regularly scheduled course. Directed study courses differ from independent study courses; they are offered in the scheduled program of courses.

Requirements of directed study programs:

1. The student must have a minimum cumulative GPA of 2.5.
2. The instructor will determine if the course may be taken as directed study.
3. Directed study courses are offered in the scheduled curriculum. Therefore, extenuating circumstances must prevent students from enrolling in the regularly scheduled course. Directed study courses are not offered simply as a matter of student convenience or preference. Not all courses may be taken as directed study.
4. The syllabus should include a minimum of one meeting per week with the faculty instructor.
5. The syllabus for the directed study course should be submitted with the application.
6. No more than two such courses may be used to meet graduation requirements.
7. Individual faculty members have no obligation to offer a course as a directed study.
8. Completion of the directed study course is the responsibility of the student.

Students must complete an application, which will require the signatures of the department chair, instructor, advisor and college dean. This application will be required for registration and is not complete until it is fully executed and received by the registrar's office.

Internships

Internships represent an opportunity to apply the concepts learned in the classroom to real-world work experiences. Internships are a powerful way to structure learning beyond the classroom and to help students make connections to the world of work. A maximum of 16 internship credits may be awarded toward graduation. Internship credits must be approved in advance by the academic department and the internship coordinator. The appropriate registration forms must be submitted to the registrar's office prior to the start of an internship. No academic credit can be approved retroactively for any experience. Tuition must be paid in accordance with the college's schedule of semester or summer session fees for any credits earned through a field work experience and/or internship arrangement. Further information and forms are available on the DWU website at www.dwu.edu/academics/internships.

Academic Regulations

Credit by Examination

A student with exceptional ability may, under certain conditions, obtain credit by examination in any specific course that he/she has not previously taken. However, this privilege will not be offered to a student in order to raise a grade. Permission to enroll in credit by examination is contingent upon approval by the course instructor, academic advisor and department chair. The student is required to pay a test administration fee to the business office. Examinations for credit may be administered only after the student's test administration fee has been paid. Registration must be completed within three weeks following the examination. A test for credit by examination may not be repeated. The maximum number of credits allowed for a bachelor's degree under the combination of credit by examination and College Level Examination Program is 21.

College-Level Examination Program (CLEP)

Dakota Wesleyan University participates in the CLEP. Credit will be granted for CLEP general and subject examinations that are completed with a score at or above the minimum score for awarding credit set by the American Council on Education. CLEP tests are available upon request from the admissions office. Students who wish to take a CLEP test must make a request for a testing session two weeks in advance. CLEP costs are determined by the testing company and are due at the time of testing. A list of current minimum scores and classes for which CLEP credit may be earned may be obtained from the registrar.

DWU degree-seeking students who have earned the minimum score for awarding credit may have CLEP credit posted to their transcript by having the college board send an official score report to the registrar's office. There also may be a fee charged by DWU for posting the credits. The maximum number of credits allowed under the combination of credit by examination and CLEP is 21 credits.

Credit for Learning by Experience

Students who have extensive knowledge gained through prior training or on-the-job experience may apply for Credit for Learning by Experience to demonstrate mastery of knowledge or skills equal to what would be achieved in a DWU course. A maximum of 12 credit hours may be awarded for a student seeking a bachelor's degree. Through a successful appeals process, a student may be granted an additional six credits. An exception may be granted for content not offered through DWU coursework for a maximum of eight of the 12 credit hours allowed.

A maximum of six hours of Credit for Learning by Experience may be awarded for student seeking an associate degree. Through a successful appeals process, a student may be granted an additional three credits.

Credit cannot be given twice for the same learning. Students must have completed 12 graded classroom credits at DWU to participate in the program. Credit for Learning by Experience hours are posted to the transcript with a CR grade. Students seeking credit for learning by life experience should contact the registrar for information about how to apply for credit. See the business office for details concerning specific costs. The student must submit the Credit for Learning by Experience application with the required fee before the credit can be approved.

Professional Experience Credit

The DWU RN-B.S. nursing program recognizes prior work experience and encourages each student to reflect, build upon and apply knowledge gained from his/her role as a professional RN to the baccalaureate curriculum. Prior learning is used to expand a student's knowledge base in the areas of critical thinking, clinical judgment and problem solving. Students have the opportunity to apply for up to 12 credits of professional work experience credit upon completion of a minimum of 1,500 hours of verified professional work as a licensed registered nurse and the successful completion of the RN-B.S. nursing program. Students seeking Professional Experience credit should contact their advisor or the RN-B.S. program administrator for information on how to apply.

American Council on Education

The American Council on Education (ACE) evaluates and makes recommendations regarding college credit for many formal training programs from business and industry, government and nonprofit agencies. Credit will be awarded based on the recommendations of the ACE National Guide to Educational Credit for Training Programs (www2.acenet.edu/credit/?fuseaction=browse.main). Students must request an official transcript from ACE or an approved representative of ACE documenting successful completion of training. Transcripts may be sent directly to Dakota Wesleyan University Admissions Office.

Military Training and Educational Programs

Military credits are reviewed and considered for equivalent coursework at DWU based on the American Council on Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services. Credit is entered on the DWU transcript at no additional charge with the grade of CR. This grade does not

Academic Regulations

figure into the grade point average. Evaluations will be completed after enrollment for courses at DWU in accordance with university policy. It is the student's responsibility to obtain and submit the proper forms to the registrar's office. Submissions should be sent to Dakota Wesleyan University, Registrar's Office, 1200 W. University Ave., Mitchell, SD 57301.

DWU is designated as an institutional member of Servicemembers Opportunity Colleges (SOC), a group of more than 400 colleges and universities providing voluntary postsecondary education to members of the military throughout the world. As an SOC member, DWU recognizes the unique nature of the military lifestyle and has committed to easing the transfer of relevant course credits, providing flexible academic residency requirements and crediting learning from appropriate military training and experiences.

Advanced Placement (AP)

Dakota Wesleyan University accepts AP credit. Students are required to pass the AP exam in each specific area prior to being awarded credit in that area. Students should consult the registrar to determine the passing test score. Official AP test scores should be sent directly to the registrar's office.

Transfer Credit

Dakota Wesleyan University welcomes students from two and four-year colleges and universities under the following conditions:

1. DWU transfers credit from colleges and universities that are accredited by regional accrediting bodies approved by the U.S. Department of Education. Credits from colleges and universities not approved by regional accrediting bodies are reviewed on a case-by-case basis.
2. A transfer student seeking to graduate from DWU must complete his or her final, or senior, year in residence (except in certain preprofessional curricula). This means that at least 30 of the student's final 40 credit hours must be taken under the auspices of DWU.
3. A transfer student must complete a minimum of five upper-level courses at DWU and a minimum of 15 hours in his/her major at the university.
4. No more than 63 credit hours (or equivalent quarter or other academic units as determined by the university) will transfer from two-year institutions. DWU accepts a maximum of 90 hours in transfer credit for a bachelor's degree. DWU accepts a maximum of 30 hours in transfer credit for an associate degree.
5. A maximum of eight activity credits (including no more than one varsity sport credit) will be accepted in transfer.
6. Technical credits will be accepted in transfer only if the course, or courses, are a part of an articulation agreement; have been earned in pursuit of an associate degree; or are deemed equivalent to a particular, limited set of DWU courses.
7. Continuing Education Units are not accepted in transfer.
8. Only official transcripts will be evaluated for transfer credit.
9. Transfer credit will be awarded only for courses in which the student has received a grade of C- or higher, and when the transfer credits in question are appropriately related to the student's degree requirements. DWU's validation of credits may include, but is not limited to, evaluation by the registrar's office, appropriate academic departments, and the office of the provost. If transfer credits accepted are not in semester hours, they will be converted to semester credit hours.
10. Validation of credits may include, but are not limited to, the completion of college level courses and/or evaluation by the appropriate academic department. Dakota Wesleyan University does not accept developmental courses.

Articulation Agreements

Dakota Wesleyan University occasionally enters into articulation agreements with other institutions of higher education. These articulation agreements provide for the completion of DWU degrees (both associate and bachelor's) using credit earned in specified degree programs or programs of study at other institutions. Often the DWU minor constitutes the degree or program of study completed at the partner institution. In other instances, the agreement allows the use of courses as a part of a DWU major.

Students who have earned an Associate of Arts, Associate of Science or an Associate of Applied Science degree from an appropriately accredited institution are not obligated to complete a minor (even if the student's major at Dakota Wesleyan University otherwise requires the completion of a minor). The student's earned associate degree is understood as representing the equivalent of a minor.

Concurrent Enrollment

Students planning to enroll in courses at any other institution and wish to apply those credits toward their Dakota Wesleyan University degree, must receive approval in advance by their advisor. Students will be required to complete a consortium agreement which will indicate the course they intend to enroll and indicate the DWU course equivalent. Once the student has completed the consortium agreement and it has

Academic Regulations

been approved by the advisor it will be submitted to the registrar's office where it will be kept on file until needed. The total number of hours for which students are enrolled must be consistent with the course load policy. Students who are taking a minimum of six credits of concurrent enrollment may qualify for federal financial aid assistance. Please contact the director of financial aid for more information.

Exceptions to Academic Regulations

Students seeking an exception to any academic regulations should work with their advisor to develop a waiver petition. Such written petitions and a recommendation from the advisor are referred to the Education Policy and Curriculum Committee for disposition. Disposition of requests for exception is determined at the sole discretion of the university. Students have the right to appeal the decision of Education Policy and Curriculum Committee, in writing, to the provost, whose decision is final.

Student Disability Services and the Americans with Disabilities Act (ADA)

Any student who believes he or she may need academic accommodations or access accommodations based on the impact of a documented disability is encouraged to contact and register with Student Disability Services no later than three weeks after the first day of classes. Student Disability Services is the official office to assist students through the process of disability verification and coordination of appropriate and reasonable accommodations. Students currently registered with Student Disability Services must obtain a new accommodation letter each semester.

The Americans with Disabilities Act (ADA) guarantees the privacy of students with disabilities.

For more information, questions and/or accommodation arrangement, contact:

Coordinator of Student Disability Services
Office: McGovern 231
Phone: 605-995-2931 Fax: 605-995-2660

Academic Programs

Dakota Wesleyan University provides a comprehensive and wide-ranging academic program that integrates the liberal arts tradition with comprehensive professional education.

We continually strive to enhance our offerings to provide an innovative and challenging academic program. Visit www.dwu.edu for current information, including changes to this university catalog. To maintain quality programs, Dakota Wesleyan University reserves the right to modify or terminate programs when warranted. The university may change the content, schedule, requirements and means of presentation of courses at any time for educational reasons. Programs, services or other activities of the university may be terminated at any time due to natural disasters, destruction of premises, labor disturbances, governmental orders or other reasons or circumstances beyond the control of the university.

Our Academic Mission

As an inclusive educational community, Dakota Wesleyan University provides a transformative learning experience that cultivates enduring intellectual growth, ethically grounded leadership, intentional faith exploration and meaningful service.

This mission reflects the heritage of teaching and learning at DWU – grounded in the liberal arts and preparation for leadership and productivity in one's chosen profession. Dakota Wesleyan University offers coursework leading to the Associate of Arts, Associate of Science, Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Science, Master of Arts and Master in Business Administration degrees.

Colleges

College of Arts and Humanities

In DWU's College of Arts and Humanities, innovative programs and small classes prepare you for leadership and success. Well-spoken, clear thinking and thoroughly prepared for the challenges of graduate school and a career, DWU students pursue their passions from a position of strength.

Donna Starr Christen College of Healthcare, Fitness and Sciences

The Donna Starr Christen College of Healthcare, Fitness and Sciences prepares students for careers in healthcare, wellness and science-related fields. This college is designed exclusively to prepare students for the most important emerging careers in the healthcare industry. DWU offers a powerful, personalized approach for future healthcare and science professionals, including specialized advising paths for students with graduate school aspirations.

College of Leadership and Public Service

In the College of Leadership and Public Service, faculty help students connect with programs of study based on their strengths. The college is intentional about integrating leadership, professional communication, entrepreneurial thinking and ethics into the learning experience. This unique learning experience emphasizes servant leadership built on ethical foundations and practical experiences that connect each student with opportunity.

Associate Degree

The university confers the Associate of Arts (A.A.) or Associate of Science (A.S.) degree is conferred upon students who successfully complete a two-year program in one of the following fields:

- Criminal Justice (A.A.)
- Entrepreneurial Leadership (A.S.)
- General Studies (A.A.)

Graduation Requirements for Associate Degrees

The university confers associate degrees on students who successfully complete the following requirements:

1. Students must successfully complete a minimum of 60 hours of credit with a minimum cumulative grade point average (gpa) of 2.0.
2. Students must successfully complete the specific requirements of their major program of study. Some programs require a cumulative grade point average higher than 2.0. Some programs require a minimum grade in program coursework.
3. Students pursuing an associate degree are not required to complete COR 201. They are required to complete three general education courses focused on skill development (COM 101, ENG 111, and UNI 101). They are required to complete four of the eight breadth of knowledge courses.

Academic Programs

Students should consult with their advisor regarding which breadth of knowledge courses best align with and/or complement their program of study. Students pursuing an associate degree are thus required to complete 21 hours of general education coursework as specified in the forgoing.

4. Students must complete a minimum of 15 hours of their major in residence.
5. Students must complete a minimum of 15 of the student's final 20 hours under the auspices of Dakota Wesleyan University.

Diplomas and official transcripts will not be released until all financial obligations owed to the university are paid in full.

Bachelor's Degree

The Bachelor of Arts (B.A.) degree is a broad-based undergraduate program that allows students to explore different areas of study within the arts and sciences.

The Bachelor of Science (B.S.) degree focuses on mastering the technical and practical facets of a field, generally with a more concentrated emphasis within a discipline.

The student and his/her advisor should discuss whether the B.A. or B.S. is the better option based on the student's educational and career goals.

Academic Majors

An academic major is a concentration of courses in a selected area. Academic majors involve a minimum of 30 semester hours of study and are designed to provide a thorough grounding in a discipline, preparation for careers and/or preparation for graduate study and professional training. The selection of a major is a crucial part of a student's college career. Some students come to college knowing what they want to major in and eventually graduate with that major. Other students change majors or minors multiple times before settling into a course of study.

As part of a liberal arts education, students are encouraged to expand their horizons and to be open and adaptable to new experiences. The general education and support requirements of our curriculum are designed to provide breadth of intellectual experience to every student who graduates from DWU. In addition, most degrees require that students complete a minor in an area that is different from their major, expanding the student's horizons even further.

On the other hand, a college degree at DWU requires students to develop expertise in at least one subject area – all students must complete a major. In some programs, such as education, nursing or accounting, late declaration of a major may delay graduation beyond the normal time span. Thus, students often experience a tension between needing to choose a major early in their career and taking time for academic exploration before choosing a major. This tension is a normal part of the intellectual adventure of going to college. Although students are encouraged to declare a major as early as their first semester, they should also feel free to take courses in a variety of academic areas, and even to change majors when necessary. In order to complete most four-year bachelor's degree programs, students should select a major and minor by the end of their sophomore year, in consultation with their advisor. See "Graduation Requirements" for bachelor's degrees. Students must meet all current graduation requirements.

**The following majors do not require a minor: accounting, biochemistry, biology (B.S. only), elementary education, nursing, special education, secondary education, and wildlife management.

Dakota Wesleyan University offers academic majors at the baccalaureate level in the following areas:

College of Arts and Humanities

Bachelor of Arts

Christian Leadership

Communication

Digital Media and Design with concentration in:

– Computer Graphic Design

– Marketing

– Web and Mobile Design

English

English Education

History

Academic Programs

History Education
Music
Music Education with concentrations in:
– Choral
– Instrumental
– Choral/Instrumental
Religious Studies
Theatre

Donna Starr Christen College of Healthcare, Fitness and Sciences

Bachelor of Arts

Biology
General Science
Mathematics
Mathematics with concentration in Actuarial Science
Mathematics Education

Bachelor of Science

Biochemistry
Biology
Biology Education
Nursing
Sport, Exercise and Wellness
Wildlife Management
Wildlife Management with concentration in Wildlife Law Enforcement

College of Leadership and Public Service

Bachelor of Arts

Behavioral Sciences
Criminal Justice
Nonprofit Administration
Psychology

Bachelor of Science

Accounting
Business Administration with concentration in
– Agriculture
– Finance
– Management
– Marketing
– Nonprofit Administration
– Sports Management
Entrepreneurial Leadership
Education – programs in elementary education
(K–8 with middle level) and K–12
(see list of programs and endorsements below)
Special Education

In the area of education – preparation for careers in teaching kindergarten through 12th grade – DWU offers the following authorizations approved by the South Dakota Department of Education. The department uses specialized terminology to describe majors and minors in education. An education program is defined as all courses necessary to be certified for teaching in South Dakota.

Dakota Wesleyan University offers the following certification programs:

Biology Education	Mathematics Education
Elementary Education	Music Education
English Education	Special Education
History Education	

Academic Programs

An endorsement program is defined as coursework that allows an educator to instruct in a specific field. A student cannot add an endorsement without completing a program. Dakota Wesleyan University offers coursework to prepare for the exams for the following endorsements:

5-8 Middle Level Education
K-12 Special Education

7-12 Special Education
K-8 Special Education

Individualized Majors

Students may petition to undertake an individualized major to meet their interests and needs. The burden is on the student (and his/her advisor) to illustrate the coherence and logic of the proposed individualized major. Students seeking to undertake, and individualized major should submit their petition, including a proposed plan of study, and a rationale to the provost. The Education Policy and Curriculum Committee of the faculty will review the proposal, approving, requesting revisions or denying the proposal as they see fit.

Academic Minors

An academic minor is a secondary field of study that provides students with a relatively broad introduction to a particular field. Academic minors provide students with the opportunity to explore and expand their base of academic and professional preparation. An academic minor involves a minimum of 15 semester hours of study and must differ from a student's major (i.e. a student may not pursue a minor as a subset of courses in their major field). Dakota Wesleyan University offers academic minors in the following areas:

College of Arts and Humanities

Christian Leadership
Communication
Creative Writing
Digital Communication
English Literature
Graphic Design
History
Music
Political Science
Religious Studies
Theatre
Web Design

Donna Starr Christen College of Healthcare, Fitness and Sciences

Allied Health
Biology
Chemistry
Coaching
Mathematics
Wildlife Management

College of Leadership and Public Service

Behavioral Sciences
Business
Criminal Justice
Entrepreneurial Leadership
Family Studies
Forensic Science and Investigation
Nonprofit Administration
Psychology
Sports Management

Individualized Minors

Students may petition to undertake individualized minors to meet their unique interests and needs. The burden is on the student (and his/her advisor) to illustrate the coherence and logic of the proposed individualized minor. Students seeking to undertake, and individualized minor should submit their petition, including a proposed plan of study and a rationale to the provost. The Education Policy and Curriculum Committee of the faculty will review the proposal, approving, requesting revisions or denying the proposal as they see fit.

Academic Programs

Students who have earned an Associate of Arts, Associate of Science or an Associate of Applied Science degree from an accredited community or vocational-technical institution may utilize their associate degree to meet the requirement of a minor, provided the minor differs from their major field of study.

Preprofessional Programs

Dakota Wesleyan University provides the following preprofessional programs of study for students seeking the DWU educational experience who plan to complete a professional graduate (or undergraduate) degree program at another institution. Please note, in pursuing one of these programs of study, a student does not receive a degree in “pre-medical,” “pre-theology,” or “pre-law.” Rather, courses of study in biology or biochemistry represent standard programs for students applying to medical school, religion represents a standard program of study for students planning to pursue a graduate degree in theology, and history and political science represent standard programs of study for students planning to pursue a law degree.

Pre-engineering
Pre-law
Pre-medical
Pre-physical therapy
Pre-theology

Graduation Requirements for Bachelor’s Degrees

Bachelor’s degrees are conferred upon students who successfully complete the following requirements:

1. Students must successfully complete a minimum of 120 hours of credit with a minimum cumulative grade point average of 2.0.
2. Students must successfully complete the specific requirements of their major program of study. For some programs, this includes the completion of a minor. Some programs require more than 120 hours. Some programs require a cumulative grade point average higher than 2.0. Some programs require a minimum grade in program coursework.
3. Students must complete a capstone project and capstone day presentation as specified by the policies and practices of students’ respective programs of study.
4. Students must complete the requirements of the university’s General Education program (as outlined on pages 42 of the university catalog).
5. Students must complete a minimum of 30 semester hours of upper-level credit.
6. Students must complete a minimum of 15 hours of their major in residence. Students must complete their senior year in residence (this means a minimum of 30 of the student’s final 40 hours are under the auspices of Dakota Wesleyan University) except in certain pre-professional curricula.

Diplomas and official transcripts will not be released until all financial obligations owed to the university are paid in full.

The following applies in order to earn a second bachelor’s degree after the first has already been conferred:

1. Complete a minimum of 30 semester hours in residence. CLEP, credit by other means of examination or proficiency tests may not be used to fulfill this requirement.
2. Complete all requirements in the major, of which at least 12 semester hours in the major must be completed in residence at the 300/400 level.
3. Complete the current university’s general education requirements as they appear in the catalog under which the student matriculates.
4. If fewer than 30 semester hours are required to complete the degree requirements, the remaining hours needed to reach 30 may consist of elective credits.
5. Meet all current graduation requirements.
6. May not use courses used to meet the requirements of a previous major to meet the requirements of the student’s new major.
7. A different major must be chosen from the major earned in the previous degree.

Assessment Plan

Dakota Wesleyan University faculty and staff members are committed to the continual and ongoing improvement of student learning through a broad program of assessment. The university’s academic program is committed to supporting students as they work to develop depth of knowledge within their major program of study; breadth of knowledge with respect to their participation in the university’s general education program (as well as in a student’s selection of electives and/or a minor as applicable); proficiency in academic-professional skills; and growth in the dispositions of learning, leadership, faith and service

Academic Programs

during the course of their Wesleyan experience. The university's assessment practices are designed to gauge student growth and development in these areas with the goal of supporting faculty, staff and academic programs, in helping students to meet these goals and continually strengthening the Wesleyan Experience to achieve these goals for all graduates.

The Wesleyan Experience

The Wesleyan Experience is a transformative learning experience that cultivates enduring intellectual growth and prepares graduates for ethically grounded leadership, meaningful service and intentional engagement with faith and spiritual traditions. The Wesleyan Experience fosters student learning and growth in the areas of knowledge, skills and dispositions, both in academic programs and across the breadth of the student experience. The experience culminates in the Wesleyan capstone, in which graduating seniors share their culminating academic work with the campus community. The various elements of the Wesleyan Experience are described in detail below.

Capstone

The capstone experience at Dakota Wesleyan University celebrates the academic accomplishments of graduating seniors and represents "the destination" for which the Wesleyan Experience prepares its bachelor-degree-seeking students. The capstone experience provides students with an opportunity to demonstrate what they have learned (depth of knowledge in the student's academic program), what they are able to do (skills they have strengthened), and their orientation toward the world (dispositions they have developed). The phrase "capstone experience" encompasses the planning, execution, analysis and reflection related to some variety of project or experience integral to the student's academic program and his or her learning and growth within that program; any attendant documents or artifacts generated in conjunction with the project or experience; and the student's formal presentation of that project or experience.

Capstone Day represents an opportunity for graduating seniors to present their work to their peers and the campus community on a day reserved for this purpose. Capstone Day is a celebration of student learning and achievement.

Student capstone projects reflect the diversity of academic programs at DWU. Different programs integrate the capstone into students' academic journeys in different ways. For some programs, an extended practicum experience might represent the focal point of the capstone experience. For other programs, the capstone may focus on faculty-guided student research. Majors in the fine and performing arts might discuss, and reflect on, an artistic creation or performance. These examples suggest the breadth of capstone possibilities.

Students are expected to present their capstone projects individually, although projects may be based on a collaborative effort. Students are expected to undertake a capstone project under the mentorship of someone with substantive knowledge in his/her discipline. The mentor may be either internal or external to the university (e.g. working at a governmental agency, a nonprofit entity, or other organization with relevant expertise). The mentor may be the student's advisor. Irrespective of who mentors the student, the student's academic program must approve his or her capstone project (and mentor, if applicable).

While the content of students' capstone projects will vary, it is expected that the presentation format will fall within a consistent set of parameters. In celebration of diverse student experiences across campus, the format for presentation may consist of poster presentations, exhibits, performances, PowerPoint presentations, media or short video presentations, and so forth. The capstone format anticipates the sort of professional presentations that students entering the workforce or graduate school will be expected to prepare and execute on a regular basis. Thus, while faculty members within the student's academic program will assess the student's mastery of program knowledge and skills, faculty from outside the student's major will evaluate student capstone presentations for the professionalism of the student's presentation (e.g. the organization and coherence of the presentation and the student's ability to respond knowledgeably and professionally to questions from the audience).

Capstone project proposals must be developed and approved by the student's advisor (and mentor, if applicable) a minimum of one semester prior to the execution of the student's actual capstone project. Adjustments to the project's scope and timeline may be made with the written consent of the student's academic advisor. A formal Capstone Presentation Form must be filed with the provost's office no later than Feb. 1 of the graduating student's senior year (assuming he/she is a spring graduate, fall graduates must file no later than Sept. 15). For a list of past capstone experience, please contact your advisor.

Academic Programs

Knowledge

Dakota Wesleyan University helps students to develop both broad knowledge through their general education breadth of knowledge courses, and depth of knowledge in their major program(s) of study. Breadth of knowledge courses, which are listed in the general education course table, expose students to the breadth of knowledge and intellectual concepts that the university believes all its graduates should possess.

Skills

Dakota Wesleyan University helps students develop and strengthen skills in the areas of problem solving, communication and multiple literacies (i.e. quantitative, information, media and technology) in order to be successful in their DWU career and in their professional life after graduation. Students are challenged to develop these skills not solely in general education courses but, critically, within their major program(s) of study.

Dispositions

Dakota Wesleyan University helps students develop and strengthen dispositions in the areas of learning, leadership, faith, and service. A sophomore-year seminar helps students to understand and appreciate the dispositions of DWU's core Values and to establish a personal plan for how they will go about developing and strengthening these dispositions within the context of their Wesleyan Experience. The university expects that the majority of students will pursue growth in these areas through experiential learning, much of which will occur in co-curricular activities.

General Education

Dakota Wesleyan University's general education program supports the broader Wesleyan Experience.

The mission of Dakota Wesleyan's program of general education is to introduce students to a breadth of knowledge, skills, and dispositions that will provide a foundation for enduring intellectual growth, ethically grounded leadership, meaningful service, intentional engagement with faith and spiritual traditions.

General Education Course	Purpose
Breadth of Knowledge	
BUS 141 Financial Literacy	Basic financial practices and literacy
ART 141, DMD 141, DRM 141 or MUS141	Appreciation of various art forms
ENG 141 Cultural Perspectives in American Literature	Literature and cultural awareness
HIS 141 History of the Modern World	History, world civilization and geography
POL 141 U.S. Government	U.S. government and the constitution
PSY 141 Foundations of Psychology and Behavioral Science	Relationship of Psychology within the behavioral sciences
REL 141 Religion, Philosophy and Ethics	Religion, philosophy and ethics
SCI 141 Foundations of Science	Physical and biological laws of nature and scientific inquiry
Skills	
COM 101 Fundamentals of Speech Communication	Introduce and strengthen oral communication skills.
UNI 101 Self, College, and Career	
ENG 111 English Composition *	Introduce and strengthen writing skills.
MTH 111 Quantitative Reasoning for the Liberal Arts (or MTH125, MTH200, or MTH210)	Introduce students to skills in quantitative literacy.
Dispositions	
UNI 301 Post College Success	This course focuses on a student's unique self. This course is designed to assist students in their transition to a professional life after college.
Total # of courses	13
Total # of credit hours	39

Programs may substitute up to two appropriate courses for breadth of knowledge courses provided the student's major program of study and the program offering the breadth of knowledge course agree on the appropriateness of the substitution.

Students are required to complete a minimum of 39 semester hours in general education as outlined above.

Academic Programs

Students must have an overall cumulative GPA of at least 2.0 (C) in all courses used to fulfill the general education requirement. *Students must complete the ENG 111 course with a grade of C or higher. The CR/NC option is available only for general education courses that will not apply to a major or minor. Up to 27 semester hours of nontraditional credit may apply toward the general education requirements. A course may count toward only one general education requirement.

Transfer students bringing in 30 credits are exempt from UNI 101.

Opportunities to Broaden and Enhance the Academic Experience

In addition to the general education requirements, there are several opportunities for students to broaden and enhance their academic experience.

George and Eleanor McGovern Library and Center for Leadership and Public Service

The McGovern Library is a multifaceted facility at DWU that honors the late George and Eleanor McGovern, distinguished alumni who have served South Dakota, the United States and the world. George McGovern was a professor of history at Dakota Wesleyan University prior to beginning his political career. He was the democratic nominee for president in 1972, served as an ambassador to the United Nations and dedicated much of his life to ending childhood hunger.

The McGovern Center for Leadership and Public Service links DWU's academic resources with the McGovern Library, Archives and Legacy Museum to create a comprehensive array of offerings for students and our external communities. The McGovern Center hosts conferences and workshops, engages students in local and international service and offers students an array of leadership development opportunities. Inspired by the McGovern's example, the center's purpose is to equip and inspire students and visitors to model leadership and service for the benefit of individuals, society and the world.

The Kelley Center for Entrepreneurship

The Kelley Center for Entrepreneurship teaches and promotes entrepreneurship through the development and enhancement of educational curriculum, outreach, service, leadership training, scholarships and experiential learning opportunities. The Kelley Center's mission is to assist in the development of entrepreneurial leaders in business, government and the nonprofit sectors.

The Kelley Center offers inspiring educational and experiential learning opportunities for all students, regardless of their majors. Students who are involved with the Kelley Center will have opportunities to explore their creative and innovative ideas, gain support for those ideas through a strong network of regional and statewide resources, develop leadership skills and learn how to articulate their ideas effectively. Students may elect to take entrepreneurship classes, be involved with the student organization, attend special events and conferences, meet with a career counselor about their passions, participate in an internship, confer with a small business consultant, learn how to write a business plan, meet with successful entrepreneurs and/or brainstorm their ideas.

The Kelley Center also hosts the Small Business Development Center (SBDC), which provides free business consulting services for students, faculty and staff and regional clients. The main purpose of this partnership is to help new entrepreneurs realize their dream of business ownership and assist existing businesses in their efforts to remain competitive. The SBDC outreach provides professional, confidential and no-cost business consulting services, including one-on-one counseling and training to individuals planning to start a business, expand their existing business or obtain some type of specialized business assistance.

The Kelley Center for Entrepreneurship was created from the vision and major gift from successful entrepreneur Rollie Kelley '49. His desire to nurture an entrepreneurial leadership spirit in individuals, regardless of their chosen professions, led him to make a gift to DWU establishing the Kelley Center.

Travel Courses and Study Abroad

Travel Courses

Course proposals for summer travel may be initiated by students with the help of a faculty sponsor or by a faculty member. These proposals must be submitted to the provost by Nov. 1 of the academic year in which the course is to be offered.

Study Abroad

There are many opportunities for DWU students to study abroad. DWU is a participating member of the Central College Study abroad program; therefore, students are able to enroll in established programs around the world. Also, an exchange program has been established in Ireland, allowing Irish students to attend DWU and DWU students to attend universities in Ireland at no additional tuition cost by the host school. There is a yearly study abroad experience available from a partnership with the Anglo-American

Academic Programs

College in Prague, Czech Republic, the General Board of Higher Education and Ministry, and the National Association of Schools and Colleges of The United Methodist Church. In this unique opportunity, students at United Methodist-related colleges can study in historic and cosmopolitan settings in central Europe. Students may study for a year, a semester or the summer term. Other study abroad opportunities are also available. For more information, contact the office of the provost.

Honors of the University

Dakota Wesleyan University recognizes the achievements and abilities of students who pursue academic excellence at DWU by bestowing graduation honors, sponsoring honor societies and presenting various awards to eligible students.

Graduation Honors

An undergraduate student graduates with honors from DWU if he/she has achieved one of the following levels in his/her cumulative GPA for the total credit-bearing coursework earned at DWU for the bachelor's degree:

Cumulative GPA	Honor
3.85	Summa Cum Laude
3.70	Magna Cum Laude
3.50	Cum Laude

Undergraduate students must have completed a minimum of 60, graded credits at Dakota Wesleyan University in order to be eligible for the graduation honors listed above (i.e. neither courses graded credit/no credit nor transfer credits may be counted toward the above honors). Honors are not awarded for students pursuing a second bachelor's degree.

Students who have completed 39 to 59 credit hours of graded coursework at DWU with a cumulative institutional GPA of 3.8 or higher will graduate "With Distinction" in their given field.

Students graduating with an associate degree with a cumulative GPA of 3.50 or higher will receive "With Honors" designation in the commencement program.

Conferred students from the graduate or certificate programs are not recognized with honors.

A preliminary determination of commencement honors is made at the end of the fall semester. Honors are neither recorded, nor considered, official until the degree is earned and all requirements for honors are met.

Honors in Scholarship

Students who earn recognition for honors in scholarship must be currently enrolled with a cumulative GPA of 3.5 for all work at DWU. Juniors and seniors must have successfully completed at least two semesters; sophomores, one semester; and freshmen, 15 hours at DWU. Honors in scholarship are recognized at Honors Convocation each spring.

Honor Societies

DWU has a number of honor societies that recognize scholarship and achievement. The following honor societies present awards annually. Specific descriptions of the awards are available in the office of the provost.

- Alpha Psi Omega – Theatre
- Phi Kappa Phi – Honors
- Pi Gamma Mu – Social Science
- Pi Kappa Delta – Forensics
- Psi Chi – Psychology
- Sigma Tau Delta – English
- Sigma Zeta – Science/Mathematics

Distinguished Scholar

Distinguished Scholar pins are presented to outstanding graduating seniors in various departments at Dakota Wesleyan University during Honors Banquet. Departments make their selection based upon scholarship and performance.

Departmental Awards

Certain departments designate specific awards to recognize students for their achievement and leadership. Many of the awards are given in memory of individuals and may be presented at the annual Honors Banquet. Specific descriptions of the awards are available in the office of the provost.

Academic Programs

Bishop Armstrong Peace and Justice Award

In honor of the 12 years Bishop A. James Armstrong served in the Dakotas, the DWU Board of Trustees established the Bishop Armstrong Peace and Justice Award. This award is presented each year to students or staff who, by their actions and qualities, clearly demonstrate the interrelatedness of religious ethics and concern for national and international issues. Students who are considered for the award typically have been involved in several types of activities that demonstrate their awareness of, and willingness to address, a variety of human needs and issues that have national and international implications. Candidates must also have demonstrated, in same way, that their involvements are rooted in their religious commitments.

The Dave and Ann Mitchell Student Award for Exemplary Service

The McGovern Center recognizes and rewards graduating seniors who have engaged in service that advances the common good and benefits the community. Each year, the McGovern Center solicits nominations from the university's three undergraduate colleges for the Dave and Ann Mitchell Student Award for Exemplary Service. This award recognizes service that is exemplary in terms of the amount of time a student devotes to service activities and in terms of the depth of understanding the student demonstrates regarding the needs addressed through their service.

Course Codes

Each department may offer the following courses with variable hours:

Special Topics

- First-year Level XXX199
- Sophomore Level XXX299
- Junior Level XXX399
- Senior Level XXX499

Field Experience XXX275

Internship* XXX450

Independent Study* XXX460

* Students may be required to have a major or minor within the respective department and junior or senior status. The instructor and department chair must approve topics.

Undergraduate Courses and Curriculum

The courses offered at Dakota Wesleyan University reflect a commitment to disciplinary excellence and the integration of the liberal arts and professional education with the values of a church-related institution. The goals of leadership and service are promoted not only through course content, but also through a philosophy of responsible education and lifelong learning.

Athletic Training (ATN)

Donna Starr Christen College of Healthcare, Fitness and Sciences

www.dwu.edu/athletictraining

The Bachelor of Science major in athletic training is no longer accepting students and is being replaced with a Master of Athletic Training degree. The Master of Athletic Training degree is designed to allow a traditional DWU student to complete the program in five years. Transfer students will need to meet the required prerequisite courses and complete the program in two years. The entire athletic training program is located in the master's section of the catalog.

Course descriptions of courses at the undergraduate level.

100 Principles of Athletic Training I

1 hour

This introductory course in the discipline of athletic training includes coursework in the basic components of a comprehensive injury prevention program, common risk factors, the body's response to injury, elements of an emergency care plan and environmental conditions. Two lectures, one laboratory

105 Principles of Athletic Training II

1 hour

This introductory course in the discipline of athletic training includes coursework in the basic components of nutrition, characteristics of trauma, training and conditioning, non-emergent evaluation and documentation.

320 Human Nutrition

3 hours

This course is a comprehensive investigation concerning the basics of nutrition, common eating disorders and methods of weight control, including an examination of the common techniques of body composition analysis.

Behavioral Sciences

College of Leadership and Public Service

The behavioral sciences major is an interdisciplinary program that provides students with a strong foundation in psychology and sociology. A behavioral sciences major prepares students for careers in leadership and service that involve understanding and working with individuals and groups. General knowledge in these fields is augmented by courses that stress the historical, theoretical and research strategies appropriate for the understanding and application of the behavioral sciences. Students majoring in the behavioral sciences complete a core program of 21 required credits and select a minimum of 12 elective credits in the behavioral sciences.

Course Descriptions

Course descriptions for courses in the interdisciplinary behavioral sciences major and minor are listed under the program listings for sociology, psychology, human services and criminal justice.

Biological Sciences (BIO)

Donna Starr Christen College of Healthcare, Fitness and Sciences

www.dwu.edu/biology

The Dakota Wesleyan University Department of Biological Sciences provides a curriculum that enables its students to develop an appreciation for the diversity of living organisms and an understanding of their structure, function and interactions. Most courses emphasize laboratory and/or field activities. The programs are intended to prepare students to meet the entrance requirements of graduate and professional schools, to teach biology in high school, and to enter science-related careers in business, government and industry. The degree programs in the biological sciences can prepare students for a variety of careers. Graduates of the department enjoy careers as physicians, optometrists, high school teachers, college professors, chiropractors, fisheries technicians, surgeons, foresters, physician's assistants, university researchers, physical therapists and many other opportunities in the medical and biological sciences. In addition to the coursework requirements listed, biology candidates must complete the Major Field Test in Biology assessment exam during their last semester before graduation.

Within the biological sciences, there are three majors, and a student may additionally choose to specialize in one area of concentration within either the biology or wildlife management majors. Students majoring in biology may choose between a Bachelor of Science (B.S.) and a Bachelor of Arts (B.A.) degree. Students receiving any of the B.S. biology degrees are not required to complete a minor; however, those majoring in any of the B.A. degrees are required to have a minor. There are 11 possible degree combinations within the DWU Department of Biological Sciences:

- B.S. or B.A. Biology
- B.S. or B.A. Biology, concentration in Cell Biology
- B.S. or B.A. Biology, concentration in Ecology and Evolutionary Biology
- B.S. or B.A. Biology, concentration in Organismal Biology
- B.S. Biology Education
- B.S. Wildlife Management
- B.S. Wildlife Management, concentration in Wildlife Law Enforcement

The biological sciences majors can be customized to meet the specific needs of the student. For example, students planning to attend medical school after degree completion can work with their advisor to customize their planned electives to meet the entrance requirements of the medical school to which they plan to apply. Preprofessional students planning to apply for medical, dental, physical therapy, occupational therapy or optometry school should work closely with their advisor in selecting electives needed as prerequisites for graduate school. The student's program should also be timed so that the prerequisites are completed before taking the MCAT or GRE exam. See www.dwu.edu/biology for more information.

Biology

In the spirit of a liberal arts education, a student majoring in biology at DWU has an enormous number of career options available after graduation. Our programs can be tailored to meet the needs of a variety of career paths, such as pre-medicine, ecology, microbiology, zoology, college teaching, pre-physical therapy, pre-dentistry and environmental consulting, to name a few. While providing a strong foundation in the sciences, the biology major provides students with the latitude to pursue their interests in the life sciences.

The biology program provides a broad knowledge of the unity and diversity of life, while providing practical, hands-on experiences. To enhance the ability of students to transition easily into their careers, the biology curriculum includes numerous laboratory activities and a capstone experience of research and/or an internship that relates to the student's career goals. These research and internship experiences can start as soon as the summer following a student's freshman year. Biology majors at DWU have completed internships with biomedical laboratories at the South Dakota Department of Game Fish and Parks, zoos, and pharmaceutical companies. Moreover, students have completed research that was presented at professional scientific meetings, as well as published in peer-reviewed scientific journals. Such experiences can potentially lead to permanent positions following graduation.

Students at DWU are encouraged to think globally and consider learning opportunities that are not traditionally available on campus. Students have worked at nationally recognized laboratories throughout the United States and have traveled to study the tropical rainforests of Belize and studied marine biology in the Virgin Islands. Endowed funds are available to support such activities. For more information on scholarships and other funding opportunities, please contact DWU's financial aid office.

- * A CLEP test is available for BIO 120 and BIO 122.
- ** This is the minimum number of elective credits needed. Electives may be focused in an area of concentration (see next page).

Concentrations within the Biology Majors

The concentrations within the biology majors are designed to focus a student's curriculum into a more concentrated field of the biological sciences while still providing a well-rounded education in biology. Such concentration can make a DWU biology graduate more marketable for jobs within the area of the concentration, as well as better prepared for graduate school within areas related to a student's concentration.

For the biology major without a concentration, only 14 credit hours (minimum) of biology electives are required for the B.S. option, and only 15 credit hours (minimum) are required for the B.A. option. Students who would like to add a concentration to their biology major must complete the core courses for the biology major, as well as the courses required for the chosen concentration and additional chosen electives specifically listed under the concentration. This results in an increase from 14 minimum credit hours of electives for a B.S. biology degree (15 minimum credit hours for a B.A. biology degree) without a concentration, to a minimum 22 credit hours of elective biology courses:

- 12 credit hours of required courses listed for the concentration
- 3 credit hours (minimum) of additional required electives chosen from the list specific to the concentration
- 7 credit hours (minimum) of additional electives from each of the other two concentration areas

No more than one area of concentration may be chosen by a student, and any student from a previous academic catalog (i.e., before the 2010–2011 academic year) who would like to add a concentration to their B.S. or B.A. biology degree must also take BIO 315 (four credit hours) and BIO 316 (three credit hours), and neither of these courses may be used to substitute for the required courses or for the elective courses within any concentration. All B.A. biology majors, whether with or without an area of concentration, are required to have a minor; the B.S. biology major, whether with or without an area of concentration, does not require a minor.

Concentration in Cell Biology

The concentration in cell biology prepares students for careers and postgraduate work in molecular or cell biology, particularly in the allied health fields or the biological sciences. Students who select this concentration are interested in cells, genetics and processes within organisms. Biology majors with this concentration may seek employment in the private, public or nonprofit sector, with possible employment opportunities that include researcher, lab technician, college professor or medical assistant. Other students may continue their education in a wide variety of professional and graduate programs.

BIO 333	Microbiology	3
BIO 333L	Microbiology Lab	1

-------	------------

Biological Sciences

Concentration in Organismal Biology

The concentration in organismal biology covers the branch of biology that studies the behavior, composition and organization of organisms from the molecular and genetic level to the level of the entire organism. Students choosing this concentration are interested in animal and/or plant sciences, how organisms are identified and classified, how an organism's structure is related to its function, and the general biology of organisms. Many of the courses with laboratories within the concentration have significant field components to provide a balance of traditional laboratory and field components. Possible careers may include microbiology, field biology, botany, research, zoology and museum curating. Other students may continue their education in a wide variety of professional and graduate programs.

BIO 302/L	Ecology	
BIO 325	Principles of Wildlife Management	
Total		<hr/> 22 Minimum

Concentration in Ecology and Evolutionary Biology

The concentration in ecology and evolutionary biology is designed for students interested in a broad perspective of the biological sciences, ranging from individual organisms and populations to ecosystems and the entire globe. Courses within the concentration focus on the interactions and evolutionary history of organisms and populations of organisms, as well as the biotic and abiotic interactions and functions of ecosystems, biomes and the biosphere. Most courses within the concentration have outdoor lab components that provide practical, hands-on field experience. Possible careers may be found in the public, private and nonprofit sectors and include field biology, university research, environmental consulting, ecology and pest management. Other students may continue their education in a wide variety of graduate and professional programs.

BIO 302	Ecology	3
BIO 302L	Ecology Lab	1
BIO 318	Botany	3

Biological Sciences

Wildlife Management

The Bachelor of Science program in wildlife management is designed to prepare students for employment as wildlife biologists, conservation officers, fisheries biologists, managers of game farms, consultants and zookeepers. The curriculum is designed to give the student a broad understanding of the fundamentals of science necessary to understand the interactions between organisms and their environment. Wildlife managers also recognize that humans are an integral part of our world and that we can preserve fish and wildlife populations through sustainable practices such as fishing, hunting and habitat manipulation.

Most courses in the program include hands-on laboratory and field activities to give students real-life experience in identification of wildlife, and techniques that are used to study their populations, such as trapping, radio telemetry and sampling of habitat characteristics. An important part of the program is the internship, in which students obtain experience working in an area of interest. DWU students have obtained internships with agencies such as the Department of South Dakota Game, Fish and Parks, and the National Park Service, conducting activities ranging from the spawning of paddlefish to working with landowners to prevent Canada geese from damaging crops. Competition for permanent positions in this field can be intense. Therefore, the practical experience and professional contacts made through such internships can prove invaluable when seeking a permanent position.

Students at DWU are encouraged to think globally and consider learning opportunities that are not traditionally available on campus. Students may apply for endowed scholarships to help defray the expenses of volunteer activities for which they can receive internship credit or receive credit for coursework taken at field stations in the U.S. or abroad.

Concentration in Wildlife Law Enforcement

The concentration in wildlife law enforcement makes the wildlife management major at DWU the only program in South Dakota designed specifically to provide students with a background in criminal justice and communication. These two areas are essential for the success of wildlife law enforcement. The concentration in wildlife law enforcement is specially designed for students interested in a career as a conservation officer. Conservation officers protect wildlife populations, ensure fair and equitable use of natural resources, protect state property and enforce hunting and fishing laws. They also contact thousands of sportsmen and women in the field, perform fish and wildlife surveys, work with nuisance wildlife and teach classes on wildlife management, hunter education, trapping and fishing. Wildlife law enforcement officers must make arrests, execute search warrants, investigate reported violations, prepare affidavits and testify in court. Wildlife officers are often called upon when a wild animal has become a nuisance in a populated area. Other activities may include conducting hunter bag checks, creel censuses and translocation of fish populations.

The wildlife law enforcement concentration is designed to give students a working knowledge of the American legal system, including criminal investigation techniques, arrest procedures and the communication skills needed in working with the public. The success or failure of wildlife law enforcement frequently rests on the interpersonal skills of the officer. To accomplish this, the concentration provides students with practical experience that prepares them for a challenging career as a wildlife manager and conservation officer.

Biology Education

DWU's biology education program provides well-educated teachers an opportunity to address the nationwide shortage of science teachers. Biology teachers guide students through the process of scientific discovery while teaching them the fundamentals of the scientific method. This major is designed for students who want to teach biology to students of various ages, particularly grades 7–12. The curriculum combines biology and education courses that include such topics as botany, ecology, microbiology, technology in the classroom, lesson planning and educational psychology.

The biology education major meets the goals and criteria of the National Science Teachers Association's (NSTA) "Standards for Science Teacher Preparation," Section C, Recommendations for Secondary Science Teachers, including preparing teachers to help students understand the unifying concepts of science. These concepts include an understanding of Section C.1. Recommendations for All Secondary Science Teachers:

- the multiple ways the perceptions of the world are organized;
- the use of scientific evidence and the scientific method;
- how measurement can organize observations of constancy and change;
- evolution and the factors that result in evolution, and the evidence supporting evolution; and
- the interrelationships of living and nonliving systems.

Moreover, the biology education curriculum meets all standards in the NSTA Recommendations for Teachers of Biology (Section C.2.), including criteria for core competencies (Section C.2.a), for advanced competencies (Section C.2.b) and for supporting competencies (Section C.2.c). In meeting all NSTA

Biological Sciences

standards, all South Dakota teaching standards for biology education are also met (ARSD 24:53:07:10. 7–12 Science Education Program).

The biology education major stresses hands-on, practical knowledge. The biology courses have numerous laboratory activities, including outdoor and field components in many courses that provide firsthand experience with the scientific method and the processes of science. The department of biological sciences also provides opportunities for research and travel that expand the learning opportunities outside the classroom experience. These experiences can be drawn upon in the secondary education classroom to enhance teaching at the secondary education level. DWU biology students have completed research that was presented at regional and national professional scientific meetings, as well as published in peer-reviewed scientific journals. Biology students have worked at nationally recognized laboratories throughout the United States. Endowed funds are available to support such activities. For more information on scholarships and other funding opportunities, see www.dwu.edu/biology.

The courses through the DWU Department of Education provide practical classroom applications and experiences, including student teaching (see “Education” for more information on education courses and the education program and requirements). This combination of biology and education courses provides a rigorous curriculum that helps prepare teachers for the classroom and for creating an exciting learning environment, and the broad perspective of the curriculum provides training for a variety of teaching careers. Possible job titles for students completing this program include biology teacher, advanced biology teacher, anatomy teacher, life sciences teacher, and biology researcher.

Students interested in teacher certification in 7–12 biology must complete the following program and exceed the minimum score on the appropriate Praxis exam. Additionally, the education program requires that a minimum cumulative overall GPA of 2.6 be maintained to enroll in education courses. The curriculum includes 37 credit hours of biology courses, 20 credit hours of additional science courses (e.g., chemistry, psychology), and 47 credit hours of education courses, including the student teaching credits. The courses enable the teacher to teach 7–12 science-biology after passing the appropriate Praxis tests. Students may add to their certificate all science endorsements by passing the appropriate Praxis II test. For further clarification, see “Education.”

Biology Minor

The minor in biology provides students with the fundamental knowledge of the biological sciences, including the scientific method, genetics, ecology, evolution and biological processes at the cellular and organismal levels. This minor will help students to think critically about important biological topics such as evolution, stem cells and biology in their everyday lives. A fundamental understanding of biology will help students comprehend biotechnology issues ranging from genetic engineering of crops to DNA fingerprinting to global climate change. For example, a criminal justice major could use the minor to learn important forensics techniques, or a leadership and public service major could use biological concepts to help make more informed legislative decisions. Students choosing this minor should choose courses in consultation with their advisor and the department of biological sciences to complement their major.

Minors

Allied Health Minor

Dakota Wesleyan University prepares students for the most important emerging careers in healthcare. DWU offers a powerful, personalized approach for future healthcare and science professionals.

This minor is designed for students who wish to pursue careers related to allied health. It is important that the courses chosen for the minor are chosen with a biology faculty advisor. All students declaring the Allied Health minor should add one of the biology faculty advisors as a co-advisor for this minor.

Minor

Allied Health

BIO, CHM, or PHS	Four courses with labs*	16
PSY	300-400 level course*	3
HLT 100	Introduction to Healthcare*	1
	Electives**	<u>5</u>
	Total	25

* General Education courses (141-numbered), required skill courses, and courses counted toward another major or minor may not be taken for the Allied Health minor. Courses should not be waived in order to count them for this minor.

**This is the minimum number of elective credits needed. Students must consult a biology faculty advisor to determine appropriate courses. Other courses may be considered for the minor with the approval of the Biological Sciences department. Elective may include any CHM, BIO, PHS, PSY, SOC, HLT, ATN, NUR, or SPX course with an allied health focus and approval from the Biological Sciences department can be taken for an elective for this minor.

Course Descriptions

Biology (BIO)

101 General Biology

3 hours TBA

Students will examine concepts and theories in the following areas: the philosophy and methods of science, ecology, cell structure and function, genetics and evolution. This course is intended to primarily serve those not majoring in the biological sciences.

Note: A student who takes BIO 101/BIO 101L and then decides to major in the life sciences may take BIO 122 with consent of the instructor. If the instructor determines it is in the best interest of the student to take BIO 120, only BIO 120 will count toward the major. Any student who takes both BIO 101 and BIO 120 can count only one of these courses toward the major.

Prerequisite or corequisite: BIO 101L.

101 General Biology Laboratory

1 hour TBA

Laboratory to accompany BIO 101.

Prerequisite or corequisite: BIO 101.

103 Freshman Seminar in Wildlife Management

1 hour F,S

This seminar course includes an in-depth study of possible careers in the field of wildlife management, along with an introduction to the literature, philosophy, and future of the field.

120 Principles of Biology I

3 hours F

Students will examine concepts and theories in the following areas: the philosophy and methods of science, ecology, cell structure and function, genetics, and evolution. This course is intended to primarily serve majors in biological sciences.

Prerequisite or corequisite: BIO 120L.

120L Principles of Biology I Laboratory

1 hour F

Laboratory to accompany BIO 120.

Prerequisite or corequisite: BIO 120.

Biological Sciences

- 122 Principles of Biology II** **3 hours** **S**
This course includes the philosophy and methods of science, nutrition, gas exchange, internal transport, osmoregulation, chemical control, nervous control, reproduction, development, diversity and classification of organisms.
Prerequisite: BIO 120/120L.
Prerequisite or corequisite: BIO120L.
- 122L Principles of Biology II Laboratory** **1 hour** **S**
Laboratory to accompany BIO 122.
Prerequisite: BIO 120/120L
Prerequisite or corequisite BIO 122.
- 150/350 Readings in Biology** **1 hour** **F, S**
This course includes assigned readings and term papers in biological literature. Students may earn a total of two hours of credit for the major or minor.
Prerequisite: Consent of instructor.
- 200 Research** **1–4 hours** **F, S**
Independent and directed research using biological methods. Students must choose a research activity acceptable to the department of biological sciences. Students may take up to four credits per semester, not to exceed eight credits total, only up to two credits of which may be counted as elective credits toward a major or a minor in the department of biological sciences.
Prerequisites: BIO 120, prerequisite or corequisite BIO 122 and consent of instructor.
- 220 Anatomy and Physiology I** **3 hours** **F**
This course is an in-depth study of the structure and function of the integumentary, skeletal, muscular and nervous systems at all levels of organization. Topics include cell biology, histology, developmental anatomy and pathological conditions relevant to students majoring in the health sciences.
Prerequisites: CHM 174/174L or CHM 231/231L.
Prerequisite or corequisite BIO 220L.
- 220L Anatomy and Physiology I Laboratory** **1 hour** **F**
This laboratory includes hands-on activities related to the topics covered in BIO 220.
Prerequisites: CHM174/174L or CHM231/231L.
Prerequisite or corequisite BIO 220.
- 300 Research** **1–4 hours** **F, S**
Independent and directed research using biological methods. Students must choose a research activity acceptable to the department of biological sciences. Students may take up to four credits per semester, not to exceed eight credits total, only up to two credits of which may be counted as elective credits toward a major or a minor in the department of biological sciences.
Prerequisites: BIO 122/122L and consent of instructor.
- 301 Biostatistics** **4 hours** **F20**
This course covers the basic tools for the collection, analysis and presentation of biological data. Topics include the general principles of study design, hypothesis testing, basic descriptive statistics and specific statistical tests including t-test, correlation, chi-squared, contingency analysis, data transformations, analysis of variance, regression and some non-parametric methods.
Prerequisites: BIO 120 and BIO 122, and MTH 125. Individuals without a major in the Department of Biological Sciences require instructor consent.
- 302 Ecology** **3 hours** **F21**
Students will study the principles governing the relationships of plants, animals and their environment. This course includes field trips.
Prerequisites: BIO 122/122L, BIO301.
Prerequisite or corequisite: BIO302L.
- 302L Ecology Laboratory** **1 hour** **F21**
Laboratory to accompany BIO 302.
Prerequisites: BIO 122/122L, BIO301L.
Prerequisite or Corequisite: BIO 302.

Biological Sciences

305 Biology Teaching Methods **2 hours** **TBA**

This course introduces students to the texts, manuals, materials, apparatus and methods of teaching biology. It cannot be taken as a directed study.

Prerequisites: 15 hours of biological science, including BIO 120, BIO 122, BIO 316, CHM 164, EDU 201 and EDU 456.

311 Invertebrate Zoology **3 hours** **F20**

Students will investigate the biology of representative invertebrates, including their structure and function, phylogeny, taxonomy, behavior and ecology.

Prerequisites: BIO 122/122L.

Prerequisite or corequisite: BIO 311L.

311L Invertebrate Zoology Laboratory **1 hours** **F20**

Laboratory to accompany BIO 311.

Prerequisites: BIO 122/122L.

Prerequisite or corequisite: BIO 311.

315 Genetics **4 hours** **F**

This is an introduction to the study of genetics using classical and molecular approaches. Topics covered include transmission genetics, replication of DNA, gene expression and control, and population genetics.

Prerequisites: BIO 122/122L.

Prerequisite or corequisite BIO 315.

315L Genetics Laboratory **1 hour** **F**

This course is the laboratory component of BIO 315, providing hands-on activities demonstrating important genetic principles and techniques.

Prerequisites: BIO 120 and BIO 122, and prerequisite or corequisite BIO 315.

316 Evolutionary Biology **3 hours** **S**

This course includes the history, genetic basis and products of evolutionary forces, including understanding the factors that affect evolutionary change, and the modes of evolutionary change. This course is designed to present the evidence for evolution and its effects on populations from the molecular to the community and ecosystem level.

Prerequisite: BIO 315.

318 Botany **3 hours** **F21**

This course is a comparative study of the structure and reproduction of fungi and lower plants, with emphasis on seed plants. Students will study the principles of plant classification, identification and nomenclature, including the systematic relationships of vascular plants with an emphasis on flowering plants. Laboratories will include field trips, identification of collections and techniques used in gathering evidence for classification.

Prerequisites: BIO 122/122L.

Prerequisite or corequisite: BIO 318L.

318L Botany Laboratory **1 hour** **F21**

Laboratory to accompany BIO 318.

Prerequisites: BIO 122/122L.

Prerequisite or corequisite: BIO 318.

323 Mammalogy **3 hours** **S22**

Topics covered in this course include the evolution, taxonomy, distribution, adaptations, ecology and behavior of mammals.

Prerequisites: BIO 122/122L or consent of instructor.

Prerequisite or corequisite: BIO 323L

323L Mammalogy Laboratory **1 hour** **S22**

This course is the laboratory component of BIO 323, and includes both laboratory and field studies of mammals.

Prerequisites: BIO 122/122L or consent of instructor.

Prerequisite or corequisite: BIO 323

Biological Sciences

324 Ornithology **3 hours** **S21**

This course involves the study of the origin, evolution, structure, behavior, adaptations, distribution and classification of birds.

Prerequisites: BIO 122/122L or consent of instructor.

Prerequisite or corequisite: BIO 324L.

324L Ornithology Laboratory **1 hour** **S21**

This course is the laboratory component of BIO 324 and includes both laboratory and field studies of birds.

Prerequisites: BIO 122/122L or consent of instructor.

Prerequisite or corequisite: BIO 324.

325 Principles of Wildlife Management **3 hours** **S21**

This course is an introduction to the basic principles used in the management of wildlife and fish populations, their habitats and human uses. The course is directed toward the presentation of general concepts that are integral to understanding the discipline.

Prerequisites: BIO 122/122L or consent of instructor.

330 Anatomy and Physiology II **3 hours** **S**

This course is an in-depth study of the structure and function of the endocrine, cardiovascular, respiratory, digestive, urinary and reproductive systems at all levels of organization. Other topics include fluid and electrolyte balance, acid-base balance and pathological conditions relevant to students majoring in the health sciences.

Prerequisites: BIO 220/220L.

Prerequisite or corequisite: BIO 330L.

330L Anatomy and Physiology II Laboratory **1 hour** **S**

This laboratory includes hands-on activities related to the topics covered in BIO 330.

Prerequisites: BIO 220/220L.

Prerequisite or corequisite: BIO 330.

333 Microbiology **3 hours** **S**

Students will study the biology of bacteria, viruses, yeasts, molds and certain animal parasites. Topics included in this course include microbial morphology, anatomy, growth, reproduction, physiology and genetics.

Prerequisites: CHM 174/174L or CHM 231/231L.

Prerequisite or corequisite: BIO 333L.

333L Microbiology Laboratory **1 hour** **S**

Students will practice standard microbiological procedures needed to safely culture and identify microorganisms and will carry out an independent investigation involving microorganisms.

Prerequisites: CHM 174/174L or CHM 231/231L.

Prerequisite or corequisite: BIO 333.

344 Immunology **3 hours** **TBA**

This course provides an introduction into the chemical, genetic and biological properties of immune responses, acquired immunity and the production of antibodies.

Prerequisites: BIO 122/122L, and CHM 174/174L or CHM 231/231L or consent of instructor.

Prerequisite or corequisite: BIO 344L.

344L Immunology Laboratory **1 hour** **TBA**

This course is the laboratory experience that accompanies BIO 344.

Prerequisites: BIO 122/122L, and CHM 174/174L or CHM 231/231L or consent of instructor.

Prerequisite or corequisite: BIO 344.

346 Introduction to Molecular and Cell Biology **3 hours** **S21**

This course focuses on the study of the structure and function of the cell and its subcellular components. The course is designed to provide an understanding of membrane and cellular physiology from a molecular aspect.

Prerequisites: BIO 122/122L, and CHM 174/174L or CHM 231/231L or consent of instructor.

Prerequisite or corequisite: BIO 346L.

Biological Sciences

346L Introduction to Molecular and Cell Biology Laboratory 1 hour S21

This course is the laboratory experience that accompanies BIO 346.

Prerequisites: BIO 122/122L, and CHM 174/174L or CHM 231/231L or consent of instructor.

Prerequisite or corequisite: BIO 346.

400 Research 1–4 hours F, S

This course involves advanced independent work using biological methods. Students will choose a research activity acceptable to the biology department.

Prerequisites: BIO 122/122L, an approved proposal and consent of instructor.

403 Research in Biochemistry 1–4 hours F, S

This course is designed to provide an introduction into the methodology and techniques used in the modern biochemistry research laboratory. Students are encouraged to design and investigate an individual research project within the instructor's scope of research and to present their results.

Prerequisite: Consent of instructor.

470 Capstone Experience in the Biological Sciences 2 hours S

Students will reflect on experiences within their biological sciences major, including coursework, internships and/or research experiences by writing a substantial summative paper that also includes possible career choices and graduate school paths of study within their field. Additionally, students will present an oral seminar about their research or internships to students on this campus. Prerequisite: by departmental permission only, and students must have documented at least 120 hours of previous field experience, internship, and/or research.

Business (BUS) and Economics (ECO)

College of Leadership and Public Service

www.dwu.edu/business

Business Department Mission Statement

The mission of the DWU Department of Business is to foster academic excellence and student achievement at both the undergraduate and graduate levels within a supportive community of teachers and learners. Students are provided with a strong academic foundation in business, sports management, entrepreneurial studies, marketing, management, accounting or finance, with special attention to the problems of managing all organizations, both for-profit and nonprofit. In addition, the DWU business department looks to prepare students to become productive, competent, ethical and faith-based professionals and responsible global citizens through a philosophy of servant leadership. The business department cultivates a highly interactive, student-oriented learning environment, characterized by instructional methodologies to develop strong leaders with lifelong learning skills, innovative problem-solving abilities and effective communication skills.

Overview

The business and economics department offer programs designed to provide an understanding of the business disciplines and their relationship to life in society. The courses give special attention to the problems of managing small- and medium-sized organizations, both for-profit and nonprofit, and provide students with an applied academic program that emphasizes leadership, innovation, and responsible stewardship. The programs are based on the philosophy that the best way to develop the creative problem-solving skills needed for careers in business is to combine solid exposure to a broad liberal arts program with selected technical courses in the business disciplines.

In the DWU Department of Business, there is a Bachelor of Science degree with concentrations in the disciplines of management, marketing, finance, sports management, nonprofit administration, agriculture, and accounting. In addition, there is a major in entrepreneurial leadership (see separate catalog section). The entrepreneurial leadership major has a shorter business core requirement and is designed to be more interdisciplinary. Many students seeking to major in areas of business not covered by the aforementioned disciplines can look to entrepreneurial leadership as means of achieving their academic goals.

In addition to the required courses listed for each of the business majors, it is important for students to review any graduate school requirements that vary from university to university. Most of those courses are offered at Dakota Wesleyan University. In the business administration major with concentrations in management, marketing and finance, there are 18 hours of an academic minor, which, along with an additional nine to 11 hours available for general electives, could be used to meet other possible required courses needed to attend specific graduate schools. Students who elect to take a dual concentration in the business major will not be subject to having to fulfill a minor requirement. Students electing to take only one concentration will need to select a minor as well. Accounting majors do not require an academic minor, and 18 hours of general electives are available for additional graduate school requirements. Students should discuss graduate school interests with their academic advisors.

The accounting major requires a higher number of credit hours because of additional courses necessary for the Certified Public Accountant (CPA) exam. Each state has its own rules for which courses are required. Similar to graduate school prerequisite course needs, if a student is considering taking the CPA exam in another state, that state's requirements need to be considered in scheduling classes. Most states, including South Dakota, have adopted 150-hour rules in order to become a CPA. These additional hours can be taken at DWU, in two different ways: enter into the DWU MBA program to meet the fifth-year academic hour requirement; or see the fifth year additional accounting course plan for recommended additional undergraduate courses.

DWU also offers the following academic minors as part of its business program: business sports management, nonprofit administration and entrepreneurial leadership.

For an Associate of Science degree, consult "Entrepreneurial Leadership."

Course Descriptions

Business (BUS)

101 Introduction to Business 3 hours F, S

This course is an introduction to the business environment. This course includes an overview of the major areas of study in the business curriculum. Students will be exposed to professional business practices and communication skills in preparation for the business core curriculum.

141 Financial Literacy 3 hours F, S

This course introduces students to basic financial literacy and practices. Students explore topics such as financial goal setting, money management, insurance principles and consumer awareness through projects and exercises that challenge them to apply key financial concepts to real life situations. Students will use mathematical operations, Microsoft Excel, and other skills to solve problems involving interest, investment and sound financial planning. Students will use key economic concepts to interpret economic news and events.

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

155 Survey of Accounting 3 hours F

This course is an introduction to basic concepts of financial and managerial accounting.

220 Principles of Management 3 hours F, S, Su

Students will examine the managerial process, including planning, organizing, staffing, directing and controlling. The class includes study of the relationship of these functions to the daily work of the manager and development of managerial skills.

Prerequisite: Sophomore status.

240 Personal Finance 3 hours TBA

This course includes principles of personal and family finance, including budgeting, banking, purchasing, insurance, investing and lifetime planning.

Business and Economics

251 Principles of Financial Accounting **3 hours** **F**

This course introduces students to the analysis of financial transactions, preparation of basic financial statements and use of computers in accounting analysis.
Prerequisite: BUS 155 with B- or better or consent of instructor.

252 Principles of Managerial Accounting **3 hours** **S**

Students will learn about the operations of managerial accounting to include analysis, interpretation and application of financial data to managerial decision-making.
Prerequisite: BUS 251.

263 Business Law I **3 hours** **F, S, Su**

Students will discuss the general principles of contracts, torts and property as applied to business relationships.
Prerequisites: Sophomore status.

305 Accounting Systems **3 hours** **F Even**

This course provides a review of the use of several spreadsheet and accounting programs in solving a variety of business problems.
Prerequisite: BUS 251.

315 Leadership and Communication **3 hours** **S Even**

Students will study principles and examples of leadership, with special emphasis on servant leadership and developing the communication skills essential to effective leadership.
Prerequisite: BUS 220.

320 Supervisory Management **3 hours** **S21**

Many organizational trends today – downsizing, cost-cutting, employee empowerment, flexible hours and diversity issues – are all impacting the way supervisors deal with employees in the workplace. Students will understand all of these concepts and working through people to maximize productivity while maintaining a positive work environment.
Prerequisite: BUS 220.

321 Organizational Behavior **3 hours** **F**

Organizational behavior is designed to provide students with insights into individual and group behavior, and understanding of organizational structure and culture, and experience with analysis and application of various organizational management tools. This course uses a critical-thinking approach to reflect, address, analyze and interpret text, film, case studies and activities related to organizational psychology and development.

322 Human Resource Management **3 hours** **S**

This course applies basic principles of psychology, sociology and human relations to personnel management functions, including job design, labor requirements, recruiting, selection, training and development, performance appraisal, compensation, safety and health, and labor relations.
Prerequisite: BUS 220.

330 Readings in Management **3 hours** **TBA**

This course focuses on understanding the management concepts and marketing concepts taught in the Principles of Management and or Supervisory Management courses as well as marketing and leadership. The student will use critical thinking skills and focus on terms that were learned in the classes listed above.
Prerequisite: BUS 220.

340 Financial Planning: Process and Application **3 hours** **F**

Personal financial management for life cycle planning. Careers in the financial services industry are discussed and technical skills are emphasized. Students will develop financial goals, prepare statements, analyze financial products, and present appropriate financial planning considerations.
Prerequisite: ECO 231, ECO 232, or consent of instructor.

341 Money and Banking **3 hours** **F Odd**

Students will examine banking institutions, theories and policies relating to monetary management of the economy in an international context.
Prerequisite: ECO 231 or consent of instructor.

Business and Economics

- 342 Investments** **3 hours** **S Even**
This course is an intensive analysis of investment institutions, philosophies and principles for the individual and institutional investor.
- 344 Principles of Finance** **3 hours** **F, S**
Students will study the principles of finance. The course covers financial organization and the principles and practices of decision-making, to include acquiring and allocating capital, dividend policy, operating and financial leverage, financial markets and related topics.
Prerequisite: BUS 252.
- 345 Insurance and Risk Management** **3 hours** **S Odd**
Students will study the characteristics of various types of insurance and their use in managing both personal and organizational risk. Topics include life insurance, health insurance, liability insurance and various types of casualty insurance.
Prerequisite: BUS 252 or consent of instructor.
- 346 Real Estate** **3 hours** **F Odd**
Students will study the nature of real estate transactions, real estate as an investment and principles for managing real estate. Land and physical property will be considered.
Prerequisite: BUS 252 or consent of instructor.
- 349 Taxation I** **3 hours** **F**
This course is an intensive analysis of principles of taxation as applied to individual income.
Prerequisite: BUS 252.
- 350 Taxation II** **3 hours** **S**
This course is an intensive analysis of principles of taxation as applied to business, to include corporations, partnerships and nonprofit organization filings.
Prerequisite: BUS 349.
- 353 Intermediate Accounting I** **4 hours** **F**
This course is an intensive analysis of financial transactions and financial statements with advanced use of computers.
Prerequisite: BUS 252 with B- or better.
- 354 Intermediate Accounting II** **4 hours** **S**
This course continues intermediate analysis of financial transactions and financial statements with advanced use of computers.
Prerequisite: BUS 353 with B- or better.
- 355 Cost Accounting** **3 hours** **S Odd**
Students will study principles of cost accounting, planning, control and analysis. This course includes job order and process costing.
Prerequisite: BUS 252.
- 356 Operations and Information Management** **3 hours** **F, S**
The focus of the course is on how organizations identify, generate and use planning and control information. Topics relating to operations management include forecasting, work design and measurement, quality management, scheduling of operations and personnel, inventory management/production planning, resource allocation, project management and supply chain management. Topics relating to information management include needs assessment, analysis and description of information flow, decision support processes and tools, system design and management principles (including security and social/ethical issues), and project implementation (including technology acquisition).
Prerequisites: MTH 200 or BUS 252.
- 363 Business Law II** **3 hours** **S**
This is a continuation of Business Law I, with special emphasis on the uniform commercial code.
Prerequisite: BUS 263.

Business and Economics

371 Principles of Marketing **3 hours** **F, S**

Students will study the marketing function in national and international business. The course includes discussion of market definition, marketing environment, marketing information and decision-making about product, pricing, promotion and placement.
Prerequisite: Sophomore status.

373 Integrated Marketing Communication **3 hours** **F Odd**

Students will study principles and practices of advertising, with emphasis on applications to small business.
Prerequisite: BUS 371 or consent of instructor.

374 Retail Management **3 hours** **TBA**

This course is a comprehensive study of retail management, with an emphasis on small business.
Prerequisite: BUS 371 or consent of instructor.

377 Consumer Behavior **3 hours** **F20, S22**

This course develops awareness of various aspects of consumer motivation and behavior. It provides an understanding of influences of business and environment and ways each affects consumer purchase decisions.
Prerequisite: BUS 371.

381 Business Ethics and Social Policy **3 hours** **F, S**

This course is an introduction to ethical decision making as related to business management and public policy relating to business. It includes both theory and application to current issues.

383 Contemporary Issues in Business **3 hours** **Su**

This course is an introduction to selected issues in business management. It includes review of basic concepts and tools such as project management.

384 International Business **3 hours** **TBA**

This is an introduction to key international aspects of business management. The course includes consideration of the global nature of business, cross-cultural issues faced by business and key resources and issues related to effectively managing the international aspects of a business.

456 Governmental and Not-for-profit Accounting **3 hours** **F Odd**

This course is the study of applications of accounting principles to nonprofit and government organizations.
Prerequisite: BUS 252 with B- or better.

457 Advanced Accounting I **3 hours** **F**

This course reviews special topics of financial reporting and analysis and provides a detailed study of the conceptual framework of accounting, the preparation of the statement of cash flows, special reporting topics, accounting for foreign operations and international standards, and partnerships.
Prerequisite: BUS 354 with B- or better.

458 Auditing **3 hours** **S**

Students will study methods of examining and adjusting financial records.
Prerequisite: BUS 354 with B- or better.

471 Marketing Management **3 hours** **TBA**

Students will learn to identify and explain important concepts of marketing management and apply them to practical situations. Students will become acquainted with the roles, responsibilities and tools of the marketing manager. Students also will become familiar with developing marketing plans and planning and executing marketing strategies.
Prerequisite: BUS 371.

484 Business Analysis and Strategy **3 hours** **S, Su**

This is the senior capstone course for majors in business. The three main components of the course include (1) in-class instruction covering the primary topics of formulating corporate strategy; building corporate vision, mission and performance objectives; and, analyzing a corporation's internal and external environments; (2) a business simulation which challenges students to run an international business enterprise in competition with peers from all over the world; (3) and preparation and delivery of the culminating capstone presentation that will be delivered to a campus wide audience, discussing the results of the student's simulation experience.
Prerequisites: Senior status, all business core courses, or consent of instructor.

Business and Economics

Course Descriptions

Economics (ECO)

231 Principles of Macroeconomics

3 hours F,Su Odd

This course introduces students to analysis of the macro-economy. It includes study of aggregate supply and demand model, Keynesian multiplier model, banking and monetary policy and applications to current macroeconomic problems.

232 Principles of Microeconomics

3 hours S,Su Even

This course introduces students to economic analysis of the individual firm and market. It includes study of a basic supply and demand model, the role of government in the economy, cost analysis of the firm and application of principles to various markets and social problems.

336 Economics of Development

3 hours TBA

Students will study objectives, theories and problems of development at the international, state and local levels.

Chemistry (CHM), Physics (PHS), Astronomy (AST), Science (SCI)

Donna Starr Christen College of Healthcare, Fitness and Sciences

Dakota Wesleyan University offers a minor in chemistry and a number of courses in physics, which provide a general background for students seeking to prepare for careers in teaching, positions in scientific occupations, or further study in graduate or professional schools. Courses in chemistry and physics provide a basic understanding of the components and processes related to the composition and uses of matter. Understanding the physical parameters of our world facilitates responsible action with regard to matter and energy.

Biochemistry

www.dwu.edu/biochemistry

Biochemistry concerns itself with the chemical and biological processes occurring in living organisms. Biochemistry uses the combined knowledge of biology, chemistry and genetics to investigate the complexity of the life processes of animals and plants. The biochemistry major does not require a minor.

A degree in biochemistry prepares the student for several postgraduate activities, including graduate study in the life sciences and professional careers in medicine, dentistry, veterinary medicine and agriculture.

Chemistry, Physics, Astronomy and Science

Course Descriptions

Astronomy (AST)

100 Introduction to Astronomy **3 hours** **F**
This course is an introduction to heavenly bodies such as planets, stars, nebulae and galaxies, their formation, structure and behavior over time and the history and processes that make modern-day astronomy possible. Students must be available for nighttime observing.

Chemistry (CHM)

104 Chemistry and Society **3 hours** **TBA**
The course acquaints students with the basic concepts of chemistry and helps them to understand and cope with the problems in our society and environment that are chemical in origin.

164 University Chemistry **3 hours** **F**
This course covers the core concepts of general chemistry, maintaining the depth and relevance of a two-semester sequence. Topics covered include bonding, equilibrium, stoichiometry, chemical kinetics and oxidation-reduction.
Prerequisite: MTH 120 or equivalent is recommended.

166 University Chemistry Lab **1 hour** **F**
This course is an introduction to experimental chemical methods of synthesis and characterization by quantitative and qualitative procedures. Experiments will relate to topics covered in CHM 164.
Prerequisite or Corequisite: CHM 164.

174 Organic and Biochemistry **3 hours** **S**
This course is a study of the fundamentals of organic chemistry (nomenclature, functional groups, reactions) with an emphasis on compounds of biological interest (amino acids, proteins, carbohydrates, lipids, enzymes, nucleic acids and the metabolic cycles). Three lectures, one two-hour laboratory.
Prerequisite: CHM 164.
Corequisite: CHM174L

174L Organic and Biochemistry Lab **1 hour** **S**
This course is an introduction to experimental chemical methods of synthesis and characterization by quantitative and qualitative procedures. Experiments will relate to topics covered in CHM 174.
Prerequisite or Corequisite: CHM 174.

231 Organic Chemistry I **3 hours** **S**
This is the first of a two-semester course sequence. It focuses on the structure and function of organic molecules. Topics include: nomenclature, functional group analysis, stereochemistry, acid/base chemistry, organic chemistry reactions and mechanistic explanation of electron movement. Spectroscopic methods of structure determination are introduced.
Prerequisite: CHM 164/166.
Corequisite: CHM231L

231L Organic Chemistry I Lab **1 hour** **S**
This course is an introduction to fundamental laboratory techniques applicable to the analysis, separation, purification and synthesis of organic compounds.
Prerequisite or Corequisite: CHM 231.

310 Inorganic Chemistry **3 hours** **F20**
This foundational inorganic course is an extension of general chemistry topics with a focus on symmetry, chemical equilibria, acid-base chemistry, electrochemistry, kinetics, solid-state chemistry and complexation reactions.
Prerequisite: CHM 164.

323 Analytical Chemistry **3 hours** **S22**
Students will study quantitative analytical methods, principles, details and applications, including the statistical treatment of data. Lab exercises cover the qualitative analysis scheme in the first half of the semester and more specific analytical problems in the second half. Three lectures, one three-hour laboratory, plus extra lab hours by arrangement.
Prerequisite: CHM 164/166 or CHM 174/174L.
Corequisite: CHM 323L.

323L Analytical Chemistry Lab **1 hour** **S22**
This course is the experimental application of topics covered in CHM 323. Experiments develop basic analytical techniques, including spectroscopy and chromatography, while solving real-world problems.
Prerequisite or Corequisite: CHM 323.

Chemistry, Physics, Astronomy and Science

332 Organic Chemistry II **3 hours** **F**

This is the second of a two-semester course sequence. It focuses on instrumentation related to analytical organic chemistry, as well as advanced reactions, synthesis and retrosynthetic analysis.
Prerequisite: CHM 231/231L. Corequisite: CHM 332L.

332L Organic Chemistry II Lab **1 hour** **F**

This course further develops laboratory techniques applicable to the analysis, separation, purification and synthesis of organic compounds.
Prerequisite or Corequisite: CHM 332.

341 Biochemistry I **3 hours** **F**

This is the first semester of a comprehensive biochemistry course providing an introduction to the chemical and physical properties of biologically important molecules. Topics to be discussed in this course include carbohydrates, proteins, nucleic acids, lipids and enzymes.

Prerequisite: CHM 174/174L or CHM 231/231L.

Corequisite: CHM 341L.

341L Biochemistry I Lab **1 hour** **F**

This course introduces standard biochemical techniques such as the isolation, purification and characterization of proteins, nucleic acids, carbohydrates and lipids.

Prerequisite or Corequisite: CHM 341.

342 Biochemistry II **4 hours** **S22**

This is the second semester of a comprehensive biochemistry course with emphasis on metabolism, energy use and synthesis of biologically important molecules.

Prerequisite: CHM 341/341L.

Corequisite: CHM 342L.

342L Biochemistry II Lab **1 hour** **S22**

This course further develops biochemical laboratory techniques through an independent, student-driven research project.

Prerequisite or Corequisite: CHM 342.

360 Physical Chemistry **3 hours** **S21**

This course introduces the basic theoretical concepts of the chemical sciences: thermodynamics, chemical and physical equilibria, chemical kinetics and the behavior of matter in the solid, liquid, gaseous and solution states.

Prerequisites: CHM 164 and MTH 210.

403 Research in Chemistry **1-4 hours** **F,S, Su**

This course is designed to provide an introduction to the methodology and techniques used in the modern chemistry research laboratory. Students are guided through the design and investigation of an individual research project within the instructor's scope of research. Students are required to present their findings.

Prerequisites: Consent of instructor.

Course Descriptions

Physical Science (PHS)

100 Physical Science: Physics and the Atomic Nature of Matter **3 hours** **F, S**

This is a project-oriented course explaining the fundamental laws of mechanics, solids, liquids, gases, heat, electromagnetism and light, with minimal stress on mathematics.

101 Physical Science: Chemistry, Earth and Space **3 hours** **F**

This course is a basic study in physical science, including chemistry, geology and astronomy.

260 University Physics I **3 hours** **F**

This is an introductory calculus-based course in the fundamentals of physics as applied to mechanics. Topics included are kinematics, vectors, Newton's laws, energy, momentum, rotational dynamics, gravitation, simple harmonic motion and waves.

Prerequisite or Corequisite: MTH 135 or consent of instructor.

Corequisite PHS 260L.

Chemistry, Physics, Astronomy and Science

260L University Physics I Lab

1 hour F

This course illustrates fundamental concepts covered in PHS 260 such as mechanics, wave and sound through experimentation and analysis.

Prerequisite or Corequisite: PHS 260.

270 University Physics II

3 hours S

This a calculus-based course in the fundamentals of physics as applied to electricity and magnetism. Topics included are Coulomb's law, electric fields, potential fields, capacitance, DC circuits, magnetic fields, induction, AC circuits and Maxwell's laws.

Prerequisite or Corequisite: PHS 260/206L.

Corequisite: PHS270L.

270L University Physics II Lab

1 hour S

This course illustrates fundamental concepts covered in PHS 270 such as electricity and magnetism through experimentation and analysis.

Prerequisite or Corequisite: PHS 270.

Course Descriptions

Science (SCI)

141 Foundations of Science

3 hours S21

This course engages non-science majors with the fundamental laws of nature and the process of scientific inquiry. Students learn how natural laws can help us to understand living things, our planet, and the universe beyond.

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

Communication (COM)

College of Arts and Humanities

www.dwu.edu/communication

Students majoring or minoring in communication are prepared for a wide variety of careers, including public relations, mass communications, teaching and community affairs. Any career choice will be enhanced by well-developed skills in oral communication. The curriculum and activities of the department are designed to integrate the liberal arts and professions, promote effective and responsible leadership, satisfy requirements for entry into graduate school, and improve basic communication skills. Students may choose majors or minors with a communication concentration.

Major

Communication

BUS 315	Leadership and Communication	3
COM 205	Communication, Media and Society	3
COM 210	Interpersonal Communication

COM 210	Interpersonal Communication	3
COM 320	Multicultural Communication	3
COM 330	Organizational Communication	3
DMD 345	Desktop Publishing	3
SOC 312	Methods of Social Research	3

Other electives selected in consultation with the department.

Course Descriptions

Communication (COM)

101 Fundamentals of Speech Communication

3 hours

F, S

This course provides practical experience in researching, writing and delivering speeches. Assignments include speeches to introduce, inform and persuade, as well as participation in a panel discussion. Critical thinking is addressed through speech criticism and analysis of reasoning, evidence and types of proof.

Communication

205 Communication, Media and Society **3 hours** **F**
The purpose of this course is to introduce students to important concepts and principles of communication in modern society. Material will cover the basics of communication theory, the history, structure, dynamics and functions of contemporary mass media; and the ethical implications of communication. This course will prepare students for courses in all four of the visual and digital communication areas of concentration.

210 Interpersonal Communication **3 hours** **F Even**
Students study the theories of one-on-one communication and develop practical skills. Areas of study include perception, individual identity, relationship dynamics, family dynamics and diversity. The goal of the course is to make students better communicators in a setting that does not focus on public speaking.

230 Communication Theories **3 hours** **S Odd**
This course introduces students to communication as an academic field of study. It focuses on six major traditions within the field: public communication, mass media, organizational communication, public relations, small group, and interpersonal. Students will understand how communication constitutes social life and compare and contrast different perspectives and their application to social, career and personal goals.

235 Introduction to New Media **3 hours** **F Even**
This course explores basic concepts of new media as well as the role digital media (aka "new media") technologies play in society. Throughout the course, we will explore the evolution of digital media technologies as well as their impact on economics/organizations, politics, communication and community. The course also examines key moments in computing and media history to gain a perspective on the nature of technological innovation and change. Students will use digital media technology throughout the course, providing them with practical experience with new media. To apply the art of new media design, students will work in small groups to plan, design and create new media content.

240 Business & Professional Communication **3 hours** **S**
This is a skills-based course in which students learn how to organize, adapt and critically evaluate communication competencies in many different types of business and professional settings. The course includes an introduction to organizational communication theories and concepts, critical analysis of information, technologies and media literacy, audience analysis, and demonstration of public presentation skills.

315 Principles of Public Relations **3hours** **F Odd**
Public relations *Theory* and *Practice* will form the two emphases of the course. Theory will be explored and discussed as foundation for the application of public relations concepts and strategies. Practice will be emphasized through a semester-long project in which students will be responsible for working with organizations in order to develop and implement realistic PR campaigns which reflect awareness of the significant knowledge and behaviors to achieve effective public relations.

320 Multicultural Communication **3 hours** **S Odd**
Students will examine how communication is a major factor in bridging cultural differences. The operating premise is that communication both shapes and is shaped by culture. Students will examine the roles of nationality, ethnicity, race, gender, socioeconomic status, age, language, etc., in cross-cultural interaction. This class will challenge students to think about their own cultural assumptions.

330 Organizational Communication **3 hours** **S Even**
This course is about participating in the process of organizing. Organizational communication, as a field of study, analyzes how the actions of people inside and outside organizations are coordinated and controlled to achieve collective outcomes; it is also concerned with the way individuals are shaped by their interactions with the organizations around them. This course will focus on *how communication is key to understanding how organizations work*. By better understanding how organizations work, we can change them and better control our own experiences with them.

470 Capstone in Communication **3 hours** **S**
This course is an advanced seminar and capstone course for communication majors. Students select a problem with contemporary communication culture with the aid of the instructor and draw upon their knowledge and research to develop a solution to the problem. The approach should reflect the beliefs, attitudes and values of the discipline. An oral and visual presentation of the problem and solution should reflect a degree of skill and competency as an effective communicator.
Prerequisite: Consent of instructor.

Criminal Justice (CRJ)

College of Leadership and Public Service

www.dwu.edu/criminaljustice

Criminal justice is a diverse field that includes study and preparation in understanding the nature and environment of criminal behavior. The program includes investigating and examining strategies, programs and agencies involved in the public and private responses to crime. The study of criminal justice prepares students for careers in law, law enforcement, court services, corrections, juvenile work and security operations. In addition to a Bachelor of Arts degree with a major or minor in criminal justice, Dakota Wesleyan University offers an Associate of Arts degree in this area. All options are offered within a strong liberal arts program that stresses an interdisciplinary approach to knowledge and understanding, and prepares students not only for jobs, but also for careers of leadership, service and responsibility.

Major

Criminal Justice

Students who pursue an academic major in criminal justice complete a course of study involving a minimum of 39 academic semester credits. A core program of 24 required credits is augmented with a minimum of 15 elective credits. Students who major in criminal justice may minor in a variety of academic disciplines depending on their goals, such as human services, behavioral sciences (psychology) or business (accounting).

CRJ 210	Introduction to Criminal Justice	3
CRJ 258	Criminology	3
CRJ 261	Criminal Law	3
CRJ 357	Corrections	3
CRJ 395	Constitutional Criminal Justice	3
CRJ 433	Seminar in Criminal Justice	3
MTH 200	Statistical Methods I or	
SOC 312	Methods of Social Research	3
CRJ	Electives*	<u>18</u>
	Total	39

*Electives:

CRJ	courses not required for the major
PHL 220	Introduction to Ethical Issues
PSY 245	Drug Use and Abuse
PSY 310	Alcohol Use and Abuse

Students considering graduate school in the social sciences are strongly urged to complete both MTH 200 Statistical Methods I and SOC 312 Methods of Social Research.

Minor

Criminal Justice

Students who pursue an academic minor in the field of criminal justice complete a course of study involving a minimum of 21 academic semester credits. A core program of 18 required credits is augmented with a minimum of three elective credits. Students who minor in criminal justice frequently major in behavioral sciences (psychology) or business (accounting).

CRJ 210	Introduction to Criminal Justice	3
CRJ 258	Criminology	3
CRJ 261	Criminal Law	3
CRJ 357	Corrections	3
CRJ 395	Constitutional Criminal Justice	3
CRJ	Electives*	<u>6</u>
	Total	21

Criminal Justice

*Electives:

CRJ	Any additional criminal justice courses
PSY 245	Drug Use and Abuse
PSY 310	Alcohol Use and Abuse
SOC 312	Methods of Social Research

Forensic Science and Investigation

This minor is an interdisciplinary combination of the physical and social sciences, focusing on the connection between scientific inquiry and the criminal justice system. Courses center on the foundations and techniques of chemistry, as well as the methodology of criminal investigation. It is intended for students seeking careers in criminal investigation or evidence examination and analysis, as well as those preparing for graduate programs in the field of forensic science.

Associate of Arts Degree

The Associate of Arts degree in criminal justice is designed to provide a broad liberal arts preparation and an awareness and understanding of the individual, society, crime and the criminal justice process. The interdisciplinary approach associated with this program is designed to prepare students to participate in improving their leadership, service and stewardship skills in a variety of career, work and community environments. Completion of a core of general education courses and 21 criminal justice credits is required.

Criminal Justice Courses

CRJ 210	Introduction to Criminal Justice	3
CRJ 258	Criminology	3
CRJ 261	Criminal Law	3
CRJ 357	Corrections	3
CRJ	Electives*	<u>9</u>
		12

General Education Courses

BUS 141	Financial Literacy	3
COM 101	Oral Communication	3
UNI 101	Self, College, and Career	3
ENG 111	Composition	3
ENG 141	Literature and Culture Awareness	3
HIS 141	History of the Modern World	3
MTH 111	Quantitative Reasoning for the Liberal Arts (or MTH125, MTH200, or MTH210)	3
PSY 141	Psychology & Behavioral Sciences	3
REL 141	Religion, Philosophy & Ethics	3
SCI 141	Foundation of Science	3
Electives*		<u>9</u>
	Total	39

Students should consult with their advisor to choose general education and elective courses that will enhance their preparation and employment options.

* Electives should be selected with approval of the academic advisor to provide for one or more areas of concentration.

Criminal Justice

Specialization: Chemical Dependency

The South Dakota Certification Board for Alcohol and Drug Professionals has accepted these selected DWU courses as meeting standards for certification. Following are the courses which are SDCBADP approved:

PSY 245	Drug Use and Abuse	3
PSY 270	Theory and Practice of Counseling	3
PSY 310	Alcohol Use and Abuse	3
PSY 337	Adolescent Psychology	3
PSY 400	Group Counseling	3
SOC 317	Minority Groups	3

Consult with the department chair and/or the SDCBADP for the most current list of approved courses and the requirements each meets, as this list may expand. A full list of requirements and applications for certification are available from the certification board.

An associate degree in human services from Mitchell Technical Institute may be applied toward a bachelor's degree in (criminal justice, nonprofit administration, psychology), allowing completion of this bachelor's degree in two years.

Students pursuing a major in criminal justice should be aware that a criminal and personal background check may be required prior to any internship undertaken within this major. Agencies in the criminal justice profession throughout the state and country will require, at a minimum, a criminal records background check of any applicant. Students are expected to be of high moral and ethical character. There are certain scenarios and criminal offenses that may prevent criminal justice majors from being able to work in this profession. In those situations, students will be advised out of the criminal justice major and into another program.

Course Descriptions

Criminal Justice (CRJ)

210 Introduction to Criminal Justice **3 hours** **F**

This course introduces the history and philosophy of criminal justice systems, including law enforcement, courts and corrections. It offers a comprehensive study of the theory and systems of criminal justice in modern societies, and examines the interrelationships of law enforcement agencies, court systems, correctional and penal systems, and the administration of justice.

225 Policing in America **3 hours** **TBA**

This course considers the problems and procedures encountered by law enforcement in the United States. It will provide special examination of the staffing, geographical area, need for expertise, and sociological and psychological features unique to rural departments.

250 American Legal System **3 hours** **TBA**

This course examines all aspects of the judicial process, including the law, courts and policies of the American legal system. Both the criminal and civil processes will be investigated with attention focused on the major participants in the entire process. This course will also examine various current and major issues within the legal system.

258 Criminology **3 hours** **F**

This course includes an analysis of the major sociological theories of crime causation, sociological aspects of types of offenders, and the methodologies of measuring and analyzing criminal behavior and environments conducive to criminal behavior.

261 Criminal Law **3 hours** **F21**

Students will study the scope and sources of criminal law. This course gives special attention to the basic elements of a crime, defenses and criminal responsibility.

273 Police Organization and Management **3 hours** **TBA**

This course examines the principles and practices common to the effective management of American law enforcement agencies.

320 Victimology **3 hours** **TBA**

Victimology is the scientific study of crime victims, focusing on the physical, emotional and financial impact on victims, communities and the larger society.

Criminal Justice

340 Race and the American Criminal Justice System **3 hours** **SP21**

This course will objectively examine issues of race and bias -- perceived and real, conscious and unconscious -- in the American Criminal Justice System today. This course will examine these issues using critical thought and research as well as heavy doses of classroom discussion and interaction.

345 Juvenile Justice **3 hours** **S21**

This course examines the origins, philosophy and objectives of the juvenile justice systems. The focus will be on the jurisdiction of juvenile courts, role of law enforcement agents, judicial process, fact-finding hearing, disposition, waivers, appeals and philosophy of the juvenile court with attention to the legal rights of children. The course will include a review of contemporary juvenile correctional systems and discussion of recent research concerning the juvenile institution and various field services.

350 Terrorism **3 hours** **TBA**

Students are introduced to the historical, political, organizational and methodical aspects of terrorism, as well as responses to terrorism. Students investigate the definitions of terrorism, the particulars of various terrorist organizations and questions of security versus civil liberty. Students also complete a federal training certification in incident command.

357 Corrections **3 hours** **S**

This course introduces the concepts, philosophies and theories of corrections and penology. Students will examine trends and patterns in treatment of criminal offenders, with special emphasis on early identification, referral processes and current innovative methods of rehabilitation.

360 Global and Comparative Justice **3 hours** **TBA**

This course is a review of justice systems worldwide, with significant emphasis being given to transnational crimes and international human rights issues.

365 Criminal Evidence **3 hours** **S22**

This course will build upon the principles learned in CRJ 261 (Criminal Law) in order to provide students a more nuanced understanding of criminal law procedures. Special attention will be placed on the legalities of collecting physical evidence and of using obtained confessions.

Prerequisite: CRJ261.

370 Trial Experience **3 hours** **F21**

Students examine the issues that surround preparing for and participating in a criminal trial. Topics include all of the key stages of the trial process, from jury selection to closing arguments. Students focus on case strategy and presentation skills and take part in a final mock trial.

373 Probation and Parole Procedures **3 hours** **S21**

Students will study the structure, organization and operation of probation and parole systems with emphasis on applicable guidelines, the role of the probation/parole officer as an agent of behavioral change, and the social and physical environmental contexts of the probation/parole process.

381 Criminal Justice Ethics **3 hours** **S22**

This course examines ethical issues that are imperative to the success of students who are pursuing careers in criminal justice professions. Specifically, this course will critically analyze ethical issues related to cases and current events from across the criminal justice system.

385 Criminal Investigation **3 hours** **S21**

This course is an introduction to the principles involved in the investigation of crimes, with particular attention to historical origins, the investigator, organization and management of the investigative function and investigative methods, including crime scene processing, suspect identification and use of information sources.

395 Constitutional Criminal Justice **3 hours** **F20**

Students will study the effects of the U.S. Constitution and state laws on law enforcement processes. Topics include the history and contemporary applications of the law to the search and seizure of evidence, electronic surveillance, interrogation practices and identification procedures.

Criminal Justice

433 Seminar in Criminal Justice

3 hours

S

This course is an advanced seminar and capstone experience for students majoring in criminal justice. Students will focus on emerging issues of significant concern for agencies, organizations and individuals within the criminal justice profession.

475 Field Study in Policing

2 hours

F

Students attend the Mitchell Department of Public Safety's Citizens' Academy. This community program covers the major operations of a police department, including such topics as patrolling and pull-overs, crime scene evidence, emergency communications, accident investigation, child abuse investigation, narcotics investigation, firearms/taser training, building searches and many others. Students must apply separately with the department and undergo a background check before admission.

495 Advanced Criminal Investigation

3 hours

TBA

This course is a continuation of CRJ 385 where students apply investigative methods, crime scene processing and suspect identification methods to the investigation of specific crimes. The greatest emphasis is placed on homicide investigations. Other crimes included are robbery, burglary, arson, sex offenses, terrorism and enterprise crime

Digital Communication

College of Arts and Humanities

The Digital Communication minor complements students' major field of study with an understanding of how to create, adapt and present messages in the dynamic environment of 21st century communication. This interdisciplinary minor consists of courses from Digital Media and Design, Communications, English and Business. These specialized courses seek to prepare students for careers in public relations, media, business and a variety of other fields that require an understanding of digital communication. Students pursuing a minor in Digital Communication complete a Digital Communication Core of 9 credits and then tailor their program of study to their future career goals by selecting 9 additional credits from the specified course offerings.

Minor

Digital Communication Core*

COM 235	Introduction to New Media	3
DMD 203	Digital Imaging	3
ENG 216	Content Strategy for Digital Media	3

Digital Communication (Select 9 credits from the following courses)

Digital Media and Design:		9
DMD 247	Webpage Design	
DMD 345	Desktop Publishing	
Communications:		
COM 315	Principles of Public Relations	
COM 330	Organizational Communication	
English:		
ENG 215	Business and Technical Writing	
ENG 342	English Grammar	
Marketing:		
BUS 371	Principles of Marketing	
BUS 373	Integrated Marketing Communication	
	Total	<u>18</u>

* If a student is pursuing a major or another minor that requires any of the Digital Communication Core courses, the student must select additional courses from the Digital Communication offerings to fulfill the Core requirement of 9 credits.

Digital Media and Design, Graphic Design, Marketing, and Web & Mobile Design (DMD)

College of Arts and Humanities

www.dwu.edu/digitalmediaanddesign

The primary mission of the Dakota Wesleyan University's digital media and design department is to integrate a university liberal arts education with professional training for students entering either the digital or fine arts field. As part of the program, DWU strives to provide each student with real-world experience before graduation. Collaborating with businesses and nonprofit organizations in the region, students will work on real projects and will have an authentic client-designer relationship. This experience will provide students with essential skills that will enable them to be competitive in all levels of the industry and higher education.

Learn from industry professionals in graphic design, web design, mobile design and experience design who work to inspire and develop unique talents as students pursue their degree. The low student-to-teacher ratio cannot be found elsewhere and ensures valuable one-on-one interaction with professors.

Get hands-on experience with the latest tools at either the university's cutting-edge web and interactive design lab or the inspiring studio art lab. All university students may take these courses in the fully equipped Mac lab, which is monitored and accessible to digital media and design students 24 hours a day.

In the DWU Department of Digital Media and Design, there are concentrations in graphic design, digital marketing and web and mobile design. Students who elect to take a dual concentration in the digital media and design major will not be subject to having to fulfill a minor requirement. Students electing to take only one concentration will need to select a minor as well.

Major

Digital Media and Design

COM 205	Communication, Media and Society	3
DMD 101	Introduction to Design	3
DMD 203	Digital Imaging	3
DMD 247	Webpage Design	3
DMD 305	Color Theory	3
DMD 456	Digital Media and Design Portfolio*	2
ENG 215	Business and Technical Writing	3
ENT 224	Innovation and Problem Solving	3
	Concentration	<u>15</u>
		38

*DMD 456 is worth one credit but students will take one credit of DMD 456 in their final two semesters for two credits. DMD will be offered both fall and spring. During the first semester students will begin to build their portfolios; students will finalize and present their portfolios the second semester

Areas of Concentration

Computer Graphic Design

Graphic design integrates diverse elements into a total message that gives power and richness to communication. Graphic design contributes to the liberal arts education of all students by providing classes in art appreciation and studio art and design, which foster appreciation and critical awareness. Students will gain essential experience in cultural, aesthetic, technical, ethical and business fields by drawing on the varied opportunities of the university.

The program offers experience in professional studio art (including design, photography, typography, technology, business and written communication) through which to emphasize studio skill, critical and analytical thinking, and exposure to multiple aesthetic approaches.

Digital Media and Design

The graphic design curriculum provides students with problem-solving skills, methodology, craftsmanship, professional behavior, design theory and history. Students will learn critical technological skills through the use of computer design applications, and organizational confidence with an emphasis on conceptual independent creation of visual communication pieces.

DMD 141	Art Appreciation	3
DMD 202	Computer Graphics	3
DMD 205	Photography Foundations	3
DMD 303	Advanced Digital Imaging	3
DMD 345	Desktop Publishing	<u>3</u>
	Total	15

Marketing

The Marketing concentration in the Digital Media and Design major delivers the best of digital media and marketing within one concentration. Digital media courses will give students a greater confidence and experience with different types of media marketing, digital content creation, and creative problem-solving skills. The business courses will give students fundamental business and marketing skills while developing necessary leadership and organizational strategies.

The program offers experience in professional digital design, as well as traditional and current media marketing practices—including but not limited to current industry standard software, print, web and social media marketing, critical and analytical thinking, and creative problem-solving skills.

The Marketing curriculum within the Digital Media and Design major provides students with the knowledge and tools to design and develop user-friendly, interactive, and engaging media to solve problems and promote brands, businesses, products, and/or services. With a focus on the user, students will change the way they look at not only marketing but engagement and interactivity.

BUS 371	Principles of Marketing	3
BUS 373	Marketing Communication	3
BUS 377	Consumer Behavior	3
BUS 471	Marketing Management	3
COM 240	Business & Professional Communication	<u>3</u>
	Total	15

Web and Mobile Design

DWU's web and mobile design emphasis introduces innovation and technology to creativity and traditional design. Students in the program are creative, strategic designers and thinkers who are curious and/or excited about new and existing technologies that remain relevant by learning how to adapt to change.

The program offers experience in professional digital design including but not limited to user experience design, user interface design, mobile design and current industry standard software, through which we emphasize efficiency, critical and analytical thinking and exposure to multiple professional techniques.

The web and mobile design curriculum provides students with the knowledge and tools to design and develop user-friendly, interactive websites, applications and mobile sites from start to finish. With a focus on user-centered design, students will change the way they look at not only the web but also everyday objects.

Course Descriptions

Digital Media and Design (DMD)

101 Introduction to Design

3 hours F

This foundation course combines studio work with classroom instruction. Using the elements and principles of design, students work in various black-and-white and color media while developing drawing skills. Along with learning and applying professional presentation skills and craftsmanship, the development of ideas and problem-solving skills is the focus of this course. This is a studio course requiring extended hours.

141 Art Appreciation

3 hours TBA

This introductory course focuses on the theoretical, cultural and historical aspects of visual design. The course emphasizes students' development of visual and aesthetic awareness.

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

200 Intro to IxD: Don't Make Me Think

3 hours S

This course explores the modern world with emphasis on solving everyday problems and poorly designed products/services. Including but not limited to usability, usefulness and emotional impact. Students will gain an understanding of basic interaction design, user experience design, user centered design and basic persuasive design.

202 Computer Graphics

3 hours S21

Building on a foundation of graphic design department courses, this course is a studio course in using the computer as an illustrating medium. Using industry-standard software, students put their graphic design training to work on the computer.

203 Digital Imaging

3 hours F

The course will provide an introduction to and application of computer-generated graphics, imaging and photo manipulation using industry-standard software. Includes lecture and laboratory.

205 Photography Foundations

3 hours F

This foundation course combines photography history, criticism and aesthetic sensitivity with studio application. Skills emphasized include basic operation of a digital camera, composition, exposure, file formats and basic image enhancement. An examination of photography history, influential photographers, criticism and analysis of various works is also included. The studio portion of this course requires extended hours. Students are required to supply their own digital cameras. Basic computer knowledge is required.

207 Printmaking

3 hours TBA

This studio course introduces methods of drawing/design and printmaking. Students develop design ideas, which then are translated to the print environment through the use of both traditional materials and computer-generated designs. The basic techniques of screen-printing as a graphic design medium are emphasized. Students are expected to develop highly original works. Professional presentation skills, time management and craftsmanship are emphasized.

Prerequisites: DMD 101, DMD 202.

Digital Media and Design

247 Webpage Design **3 hours** **F**

Students are trained in using the Internet, designing webpages and developing websites. File transfer, browsers, evaluation of sites, copyright and principles of layout and design are included. Students will use Adobe Dreamweaver to create webpages and will learn the basics of CSS and will review the basics of HTML coding.

300 Advanced Media Design **3 hours** **S**

This course is an extension of previously learned web design/development concepts with the infusion of additional advanced techniques to produce state-of-the-art techniques and designs. Includes lecture and laboratory.

Prerequisite: DMD 101, DMD 203 or consent of instructor.

303 Advanced Digital Imaging **3 hours** **S**

An extension of previously learned computer graphic concepts with the infusion of additional advanced effects to produce professional-level techniques and digital media. Includes lecture and laboratory.

Prerequisites: DMD 101, DMD 205 or consent of instructor.

305 Color Theory Design **3 hours** **F20**

This course provides an introduction to color theory. Students learn key terms and the basics of color physics and the physiology of visual perception. Students become familiar with theories of color relationships as they apply to graphic design. The psychological effect of colors, along with symbolism and cultural associations are addressed. Professional presentation skills and craftsmanship are emphasized. Computer skills are crucial.

Prerequisites: DMD 101 and DMD 202.

310 Usability for the Web **3 hours** **F21**

Students are trained in user-centered design and all aspects of web usability. Usability is the most important part of any design whether designing a website, a car or even a doorknob. Students will learn to appreciate functional design and learn to look at the design of everyday things differently.

Prerequisite: DMD 101, DMD 203 or consent of instructor.

315 Mobile Applications **3 hours** **F22**

Students will learn how to make the most out of modern technology, and design effective interfaces for modern devices with a greater emphasis on touch-screen devices and smart phones. Students will discover a fun and fresh approach to mobile web design and development with enormous scope for opportunities.

Prerequisite: DMD 247.

345 Desktop Publishing **3 hours** **S**

This course provides instruction and experience in desktop publishing. Students will design, create and edit documents using Adobe InDesign.

400: IxD II: Applied Design **3hours** **S21**

Humanize technology by learning, experiencing and creating the future. IxD II: Applied Design, allows students to create a world that is simple and easy to use. With research and exploration, students learn to think differently and provide solutions to evolving problems, products and services.

Prerequisites: DMD 200, DMD 310, DMD 315.

456 Digital Media and Design Portfolio **1 hour** **F,S**

This course allows students to further develop professional portfolios as dictated by future goals. Students research career opportunities while re-evaluating, critiquing and refining existing portfolio pieces. Portfolio pieces are expected to meet professional standards. Each work in the portfolio should demonstrate the ability to convey complex compositional organization, problem solving, creativity and originality along with mastery of media in single and/or multi-piece design. Completed artifacts include design analysis, letter of intent, design philosophy, resume, process book and 20 completed professional-level designs. This class is repeatable for two credits.

Prerequisite: Senior standing and a graphic design major/minor with consent of department chair.

Course Descriptions

Art (ART)

141 Introduction to Artistic Appreciation **3 hours** **TBA**

This course introduces students to the basic concepts of visual art, music and theatre. Students will utilize and apply these concepts through experiences in design, historical context, career opportunities and criticism, engaging with a wide variety of works of art in visual, musical and theatrical areas.

Education (EDU) and Special Education (SPD)

College of Leadership and Public Service

It is the responsibility of each student in the teacher education program to be familiar with and fulfill the requirements of the department as outlined in this catalog, the Teacher Education Handbook and the DWU Student Teacher Handbook. Please refer to the Teacher Education Handbook for the most up-to-date policies and procedures governing this program. With the changes that are taking place in the field of education, some programmatic changes may need to be made that will apply to all candidates, regardless of what year they were admitted to the program.

Motto

“Impacting futures ... one mind at a time.”

Philosophy

The philosophy of the DWU education department is that theory and practice need to be integrated to promote excellent teaching. Constructivism and other learning theories provide a framework to guide departmental decision-making. Constructivism theories suggest that students generate knowledge and meaning through their interactions. As such, the DWU teacher education program provides many applied learning experiences both in the classroom and in practicums to help prepare students to become effective teachers. Our commitment to candidates is demonstrated through:

- developing an academic plan and maintaining personal involvement with candidates;
- fostering the development of professional teaching characteristics;
- providing candidates with a sound background in current theoretical knowledge and methodology;
- providing candidates with a variety of practical educational experiences; and
- providing educational resources and services to candidates and regional school districts.

Mission

As a constructivist-based program, the DWU education department is committed to modeling the developmental approach to learning. A student-centered philosophy, celebrating the diversity and complexity of teaching, helps shape curricular and pedagogical decisions. Aligned with the university’s mission to help students discern their strengths in service to God and humanity, the DWU education program integrates a strong core of liberal arts courses, a commitment to service and best practices in teaching and learning to develop well-prepared candidates. The department integrates the 10 Interstate New Teacher Assessment Standards Consortium (InTASC) standards into the curriculum.

Purpose

The purpose of the teacher education program at DWU is to provide an organized, integrated system of study and experience for the preparation of elementary and secondary teachers. The program is designed to emphasize the development of human values that enhance the quality of interpersonal relations and the skills necessary for effective instruction. The central emphasis of the program is to develop the characteristics of competence and maturity, which will enable graduates to successfully assume the roles of professional educators.

Goal

The goal of the DWU education department is to prepare competent, effective and dedicated teachers. The program will provide a liberal arts program to help candidates:

- understand central concepts, tools of inquiry and the structure of the discipline(s) they teach and be able to create learning experiences that make the subject matter meaningful for students;
- understand how children learn and develop, and provide learning opportunities that support their intellectual, social and personal development;
- understand how students differ in their approaches to learning and create instructional opportunities that are adapted to diverse learners;
- understand and use a variety of instructional strategies to encourage students’ development of critical thinking, problem solving and performance skills;

Education and Special Education

- use understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning and self-motivation;
- use knowledge of effective verbal, nonverbal and media communication techniques to foster active inquiry, supportive interaction and collaboration in the classroom;
- plan instruction based on knowledge of subject matter, students, the community and curriculum goals;
- understand and use formal and informal assessment strategies to ensure the continuous intellectual, social and physical development of the learner;
- be reflective practitioners who continually evaluate the effects of their choices and actions on others and who actively seek opportunities to grow professionally;
- foster relationships with school colleagues, parents and agencies in the larger community to support students' learning and well-being; and
- affirm the value of diversity through experiences, study and integration of multicultural examination and educational application.

Teacher Education Programs:

- K–8 Elementary Education
- 7–12 Language Arts–English Education
- 7–12 Mathematics Education
- 7–12 Biology Education
- 7–12 History Education
- K–12 Special Education
- K–12 Music Education

Endorsements:

- K–12 Special Education

An education program is defined as all courses necessary to be certified for teaching in South Dakota. Certified teachers who desire additional endorsements in other subject areas must pass the Praxis II exam for those areas and meet any additional South Dakota Department of Education requirements.

Admission into the Teacher Education Program

To be eligible to apply for admission to the education program at DWU, students must:

- complete and submit all necessary application forms. Complete and submit all documentation related to the program admission requirements (below).
- successfully complete EDU 201 Foundations of Education with a grade of C or higher. In order to successfully complete this course, students must:
 - successfully complete a background check.
 - create their own personal philosophy of education. This statement typically undergoes multiple revisions and must be formally approved by the appropriate DWU education faculty member.
 - successfully complete annual attribute reviews.
- acknowledge (with signature) receipt of the South Dakota State Department of Education's conditions of Certificate Revocation Codified Law.
- receive passing scores in all three areas of the Core Academic Skills Exam (CASE).
- have a cumulative grade point average of 2.6 or higher.
- earn a grade of C or higher in all education courses; all general education courses; and (if applicable) all courses in the student's content area (this applies only to secondary education majors). Students may retake courses in which they earned less than a C but must have a grade of C or better on their transcript prior to admission.
- have three completed recommendation forms submitted. Two of these forms must be submitted by current DWU faculty members (these faculty members may not be members of the education program faculty). The third recommendation form must be submitted by a non-faculty member who knows the student in a professional capacity.

Students are encouraged to apply for admission to the program upon completion of EDU 201. Students who matriculate at DWU with fewer than 18 hours of college coursework must apply for admission to the program prior to the completion of 64 hours of coursework. Under no circumstances shall a student who has not been admitted to the program be allowed to enroll in 400-level education courses.

Education and Special Education

The education program faculty at Dakota Wesleyan University meet a minimum of one time each semester to review completed applications to the program. The faculty vote on each application. The faculty may request that a candidate for admission undergo a personal interview with a member of the program faculty prior to admission.

Once admitted to the program, students must:

- Successfully complete all required attribute reviews.
- Maintain a cumulative grade point average of 2.6 or higher.
- Earn a grade of C or higher in all education courses, all general education courses, and (if applicable) all courses in the student's content area (this applies only to secondary education majors). Students may retake courses in which they earned less than a C.

Students who fail to meet one or more of the criteria may be dismissed from the program or provided with an improvement plan, with measurable objectives and a timeline for achieving those objectives. If a student is provided with an improvement plan and meets the objectives outlined in that plan by the specified deadline, he or she will return to good standing within the program. If, alternatively, the student does not meet the objectives and/or does not do so by the specified deadline, the student may be dismissed from the program. Students who are dismissed from the program may appeal their dismissal to the office of the provost whose decision shall be final.

Please refer to the Teacher Education Handbook for the most current admission requirements.

For all education programs, any education course that is more than five years old will need to be retaken. This also applies to students who are in the teacher education program and students wishing to be readmitted to the teacher education program. Individual exceptions are made at the discretion of the department chair, whose decision will be final.

Probation

Candidates may be placed on probation in the education program if their GPA falls below a 2.6 or if there are issues related to academics, attendance, behavior, attitude or lack of professionalism. A more detailed explanation of probation in the education program may be located in the Teacher Education Handbook.

Candidates Who Take a Leave of Absence

Candidates who do not enroll in education classes for at least one year (two consecutive semesters) must apply to be readmitted into the education program. If candidates have not taken and received passing scores on the approved entrance exams required by the education department, they will need to do so in order to be considered for admission to the program.

Candidates who are denied admission or are dismissed from the teacher education program have a right to appeal, in writing, within four weeks of the notice of denial or dismissal. The appeal is considered by an appeals board consisting of the college dean, department chair, director of student life and an education professional.

Professional Semester

The professional semester is the semester in which candidates prepare for and participate in the student teaching experience. Candidates register for the appropriate course in EDU 470, EDU 472, EDU 474 or SPD 470. The student teaching experience will be in conjunction with a two-credit seminar (EDU 475) that integrates materials from a candidate's academic background and provides information, advice and direction for a successful teaching experience. Candidates will also meet in a seminar format throughout the professional semester.

Student Teaching

Candidates must achieve passing scores on all Praxis II content exams in addition to required coursework in all areas. Please see the student teaching handbook for a list of updated passing scores for these exams.

Program Exit Criteria

In order to complete the education program at DWU, teacher candidates must meet the following criteria:

1. Successful completion of student teaching (including all assessments) and student teaching seminar;
2. Completion of Personal Electronic Portfolio (PEP) and exit survey;

Education and Special Education

3. Maintain a minimum GPA of 2.6 and no grade below a C in courses in elementary education and special education. Students who are in music education, biology education, history education, math education and English education must have no grade below a C in education-related courses;
4. Completion of the required Praxis II exams required for certification in South Dakota; and
5. Completion and presentation of the Capstone project.

Students who take the Praxis II PLT twice and fail to achieve a passing score will still be eligible to graduate, as long as they meet all other graduation requirements; however, candidates will not be eligible for certification in South Dakota until they achieve a passing score on the appropriate Praxis II exam(s). Those scores will need to be submitted to the DWU education office. Recommendation for certification/licensure in other states is based on each corresponding state requirements and may be contingent on holding or being eligible for certification in South Dakota.

Certification

Teacher certification requirements vary from state to state. The elementary, secondary and special education programs at Dakota Wesleyan University are designed to meet current academic requirements for certification in South Dakota. Applications for teaching certificates are filed with the certification officer for DWU who recommends certification to the state. Candidates must receive credit in the appropriate EDU 470, EDU 472, EDU 474 or SPD 470 student teaching course and receive passing scores on the appropriate Praxis II content and PLT exams. Refer to the South Dakota Department of Education for minimum scores and appropriate tests.

Descriptions regarding teacher certification by the state of South Dakota contained in this catalog are based upon the requirements that exist at the date of publication. Requirements are subject to change as determined by the South Dakota Department of Education. Candidates are advised to periodically check the requirements of South Dakota, as well as any other state in which they expect to seek certification.

Candidates will be recommended for certification upon completion of a bachelor's degree. Successful completion of this program requires that candidates take all courses listed for credit and earn a grade of at least C.

Directed Studies, Independent Studies, Credit by Examination, CLEP and Life Experience

Candidates should make a request and provide rationale for a directed study or independent study in an education course to the department chair. Directed studies for methods courses will not be approved. The department chair and college dean will approve or reject the request based upon the rationale candidates provide. The department chair's and dean's decision will be final. Life experience will not be considered for education course credit.

Credit from college course exams such as CLEP or AP will not be considered for education course credit. Any exceptions to these policies may go through the appeal process noted in the Teacher Education Handbook.

Elementary Education Program

The elementary education program at Dakota Wesleyan University requires:

- completion of all K–8 elementary education program courses;
- candidates to have a grade of C or higher for successful completion of all courses (EDU 470, EDU 472 and EDU 474 are taken Credit/No Credit);
- completion of graduation requirements, including General Education courses and at least 120 total hours;
- that candidates achieve passing scores on appropriate PRAXIS II exams before student teaching;
- candidates will need to receive passing scores on the Praxis II PLT exam during their student teaching. Candidates may take the PLT exam prior to student teaching;
- completion of Personal Electronic Portfolio and exit survey; and
- completion and presentation of Capstone project.

Candidates completing the elementary education program are not required to complete a minor.

Elementary Education

Required education courses:

EDU 201	Foundations of Education	3
EDU 220	Technology for Teachers	1

Education and Special Education

EDU 224	Children's Literature	3
EDU 252	Music, Movement and Art	3
EDU 310	Human Relations/Multiculturalism	3
EDU 311	Educational Psychology	3
EDU 335	American Indian Education	3
EDU 380	Evidence-Based Reading K–3	3
EDU 382	Evidence-Based Reading 4–8	3
EDU 412	Adolescent Learners' Needs	3
EDU 424	Literacy Methods in the Content Area	3
EDU 435	Curriculum Standards and Assessment	3
EDU 442	Social Studies Methods and Practicum	3
EDU 443	Science Methods and Practicum	3
EDU 444	Mathematics Methods and Practicum	3
EDU 465	Classroom Management for the K–12 Educator	3
EDU 472	Elementary School Student Teaching	14
EDU 475	Seminar	<u>2</u>
	Total	62

Additional required courses:

BIO 101	General Biology	3
BIO 101L	General Biology Lab	1
EDU 101	Physical Science: Chemistry, Earth and Space	3
HIS 201	U.S. History I or	
HIS 202	U.S. History II	3
HLT 232	Health Education	3
MTH 125	College Algebra	3
MTH 150	Mathematics for the Elementary Teacher	3
POL 141	U.S. Government and the Constitution	3
PSY 237	Developmental Psychology	3
SPD 206	Introduction to Exceptional Students	<u>3</u>
	Subtotal	28

General Education support courses can be found in “Academic Programs” Under the General Education section. A grade of C or better is required for all General Education courses.

Double Major in Elementary Education and Special Education

Candidates majoring in elementary education may also complete a major in special education by successfully completing the elementary education program and completing the additional special education courses, along with a semester of student teaching in special education. Candidates will need to pass the appropriate Praxis II content exam in special education before they may student teach.

Secondary Education Program

The secondary education program at Dakota Wesleyan University requires:

- a specific discipline education program for 7–12 teaching (English, history, mathematics or biology);
- completion of graduation requirements;
- passing scores on appropriate Praxis II content and PLT exams;
- completion of Personal Electronic Portfolio and exit survey; and
- completion and presentation of Capstone project.

To meet these requirements in four years, candidates intending to teach at the secondary level must begin the sequence of courses with EDU 201 no later than their first year.

Candidates must complete a 7–12 education program, including courses necessary for teacher certification in South Dakota. All courses listed in the 7–12 education program must be taken for credit, and candidates must earn a grade of a C or higher in education courses. EDU 474 Student Teaching is taken Credit/No Credit.

Courses necessary for completion of 7–12 education programs are listed in the discipline sections of the catalog. Dakota Wesleyan University offers education programs that satisfy the academic requirements for

Education and Special Education

secondary teacher certification by the South Dakota Department of Education. Candidates gain certification by completing a particular program area and passing the content area Praxis exam as well as the Praxis PLT exam.

Dakota Wesleyan University offers the following content programs:

- 7–12 Language Arts – English Education
- 7–12 Mathematics Education
- 7–12 Biology Education
- 7–12 History Education

Endorsements for the Secondary Education Program

Each content major discipline (English, history, biology, mathematics and music) may recommend specific coursework to help candidates achieve passing scores on the content Praxis exam. Contact the department chair of that content major discipline for suggestions. Visit www.ets.org/praxis to learn more about the Praxis II examination.

Teaching endorsements are available in the following areas in conjunction with the completion of a 7–12, K–8 or K–12 education program:

- | | |
|--|------------------------------------|
| 7–12 Biology | 7–12 Language Arts – Literature |
| 7–12 Chemistry | 7–12 Language Arts – Speech/Debate |
| 7–12 Earth Science | 7–12 Mathematics |
| 7–12 Economics | 7–12 Physical Science |
| 7–12 Geography | 7–12 Physics |
| 7–12 History | 7–12 Political Science |
| 7–12 Language Arts – Drama/Theatre | 7–12 Psychology |
| 7–12 Language Arts – English Education | 7–12 Sociology |

Candidates who have completed requirements for certification in South Dakota may choose to take and pass additional Praxis content tests in order to be endorsed in other teaching content areas. Please note: if you are planning on teaching out of state, content area endorsements (through passing a Praxis content exam) may not be recognized by other states.

Music Education Program (K–12)

The music education program at Dakota Wesleyan University requires:

- the completion of required coursework in music with no grade lower than a C. For a list of required coursework, refer to the Music section of the catalog;
- completion of a K–12 student teaching experience;
- completion of graduation requirements;
- achieve passing scores on appropriate music education and PLT Praxis exams;
- completion of Personal Electronic Portfolio and exit survey; and
- completion and presentation of Capstone project.

Special Education Program

Purpose

The purpose of the special education program at Dakota Wesleyan University is to prepare educators to embrace diversity among learners. The program is designed to increase knowledge and skills to assess needs, to plan programs and to monitor progress of students with exceptionalities. The coursework in the special education major along with passing scores on the required Praxis II exams meet the South Dakota Department of Education requirements for K–12 special education certification.

Objectives

Graduates of the special education major should:

- value and respect the rights and privileges of all individuals in the home, school and community;
- advance society's knowledge about individuals with disabilities;
- be competent in the formal and informal assessment of individuals with disabilities;
- prepare to be a dynamic and contributing team member within diverse educational communities;
- recognize the need for continuous personal growth through professional organizations and the examination of current research and practice;
- be competent in the integration of effective pedagogy for the various styles of learning and the unique needs of individuals;

Education and Special Education

- create positive learning environments for all students in inclusive classrooms; and
- make decisions based on the laws, policies and procedures established at local, state and federal levels.

Admission into the Special Education Program

Please refer to "Acceptance into the Teacher Education Program," which lists the requirements to be admitted into the program.

Special Education Program K–12

Candidates majoring in elementary education or special education will fall under the elementary education or special education catalog and handbook requirements for the year in which they receive acceptance into the education program.

The special education program at Dakota Wesleyan University requires:

- completion of all K–12 special education program courses. Candidates must receive a grade of a C or higher for successful completion of all the courses listed in the program. SPD 470 is taken for Credit/No Credit;
- completion of graduation requirements, including General Education courses and at least 120 total hours;
- submission of passing scores on the Praxis II content exam prior to student teaching; submission of a passing score on the Praxis Principles of Learning and Teaching (PLT) exam prior to graduation;
- completion of a Personal Electronic Portfolio and exit interview; and
- completion and presentation of Capstone project.

Candidates pursuing a K–12 special education degree are not required to pursue a minor.

K–12 Special Education Courses

Required education courses:

EDU 201	Foundations of Education	3
EDU 220	Technology for Teachers	1
EDU 224	Children's Literature	3
EDU 310	Human Relations/Multiculturalism	3
EDU 311	Educational Psychology	3
EDU 335	American Indian Education	3
EDU 380	Evidence-Based Reading K–3	3
EDU 382	Evidence Based Reading 4–8	3
EDU 412	Adolescent Learners' Needs	3
EDU 435	Curriculum Standards and Assessment	3
EDU 444	Mathematics Methods and Practicum	3
EDU 465	Classroom Management for the K–12 Educator	3
EDU 475	Seminar	2
SPD 206	Introduction to Exceptional Students	3
SPD 310	Differentiation for Exceptional Students	3
SPD 311	Students with High-Incidence Disabilities	3
SPD 312	Students with Low-Incidence Disabilities*	3
SPD 315	Assessment of Learners with Special Needs	3
SPD 320	Special Education Law and Collaborative Partnerships	3
SPD 325	Students with Emotional/Behavioral Disorders	3
SPD 470	Student Teaching in Special Education	14
	Total	71

Additional required courses:

HIS 141	History of the Modern World or	
HIS 201	U.S. History I or	
HIS 202	U.S. History II	3
HLT 232	Health Education	3
MTH 125	College Algebra	3
MTH 150	Mathematics for the Elementary Teacher	3
PSY 237	Developmental Psychology	3

Education and Special Education

SCI 141	Foundations of Science	<u>3</u>
	Subtotal	18

General Education support courses can be found in “Academic Programs” under the General Education section. A grade of C or better is required for all General Education courses.

K-12 Special Education Endorsements for Teachers holding a Special Education Alternative Certification

Teachers currently holding special education alternative certification who wish to receive the Special Education Endorsement should consult the Educator Certification Information at the South Dakota Department of Education website.

A special education endorsement requires:

- passage of the state special education teacher licensing examinations;
- a six-credit year-long practicum in special education under the supervision of a certified special education teacher and a university supervisor;
- nine credits of coursework in special education law, assessment, and one additional special education-related course; and
- signoff from the applicant’s district.

Coursework and Practica Available to Teachers with Special Education Alternate Certification Seeking the Special Education Endorsement:

SPD 206	Introduction to Exceptional Students	3
SPD 310	Differentiation for Exceptional Students	3
SPD 311	Students with High-Incidence Disabilities	3
SPD 312	Students with Low-Incidence Disabilities	3
SPD 315/515	Assessment of Learners with Special Needs	3
SPD 320/520	Special Education Law and Collaborative Partnerships	3
SPD 325	Students with Emotional/Behavioral Disorders	3
SPD 452/552	Special Education Practicum K–8	3
SPD 454/554	Special Education Practicum 7–12	3
SPD 456/556	Special Education Practicum K–12	6
SPD 601	The Inclusive Classroom	3

English as a New Language Endorsement (ENL)

A K-12 English as a new language education endorsement requires 18 credit hours of coursework to include linguistics, development of curriculum and instruction for new language acquisition, language and culture, program assessment, reading for students with limited English proficiency, and an English as a new language methodology course. Study in the developmental characteristics of K-12 learners and a practicum, internship or student teaching inclusive of K-12 learners is required in addition to the 18 hours, if not previously completed. Verified teaching experience in K-12 English as a new language within the five-year period immediately preceding application may be accepted in lieu of the above field experiences at the equivalency of one year’s teaching experience for one semester hour credit for a maximum of three credit hours of the total credit hours required. No state test is required or available to validate this endorsement.

Additional requirements

- Study of developmental characteristics of K-12 learners;
- Practicum, internship or student teaching inclusive of K-12 learners; and
- Other coursework may be accepted to meet the 18-credit requirement for this endorsement. For more information, please call the DWU Department of Education at 605-995-2127.

Course Descriptions

Education (EDU)

101 Physical Science: Chemistry, Earth and Space **3 hours** **F**
(Refer to PHY 101)

150 Mathematics for the Elementary Teacher **3 hours** **F**
(Refer to MTH 150)

Education and Special Education

- 201 Foundations of Education** **3 hours** **F, S**
This course is an investigation of contemporary education in America and assists candidates in determining their career path, with a special emphasis on the tools and skills necessary to become an effective teacher. Observation experience in a school setting is required. This course is required for all education majors and is taken as the first in the sequence of education courses. EDU 201 is a prerequisite for all other education courses.
- 220 Technology for Teachers** **1 hour** **S**
This course provides a foundation for integrating technology into the classroom. A primary goal is the development of a mindset intent on exploring, identifying, engaging and applying current, emerging and future technologies in the teaching/learning process. Students enrolled in the course will consider the appropriate relationship of technology to standards and ethical issues. They will design and present technology-enhanced lessons and become skilled, confident users of digital and electronic resources.
- 224 Children's Literature** **3 hours** **F**
This course provides an in-depth exploration of various genres of literature for children in kindergarten through grade eight. Teacher candidates will examine the history of and current trends in children's literature, explore ways of sharing books, and investigate effective strategies for integrating children's literature into the general curriculum. Opportunities to read to children in actual classrooms will provide extended opportunities to develop knowledge and skills.
- 252 Music, Movement and Art** **3 hours** **S**
This course is designed to prepare candidates to integrate art, music and movement into daily classroom instruction. Upon completion of the coursework, all candidates will be able to successfully use music, movement and art in all subject areas and classroom settings throughout the school year.
Prerequisite: EDU 201.
- 290/390/490 Independent Honors Practicum: Learning Through Service** **1–3 hours** **F, S**
This independent study honors course within the DWU education department relies on a collaborative partnership between DWU and area school districts. Learning by doing enables an elementary, secondary or special education major who has demonstrated superior ability in the university classroom to apply academic knowledge and critical thinking skills to meet genuine community needs. Enrollees are placed in a classroom setting in which they assist the classroom teacher and support the learning of the students. Under the guidance of the course instructor, the education student writes his/her own course objectives designed to connect previous and current coursework with academic inquiry and application to classroom practice and need. At the close of the semester, the students reflect on, write about and discuss their achievements. Candidates may apply for enrollment in the course for up to three semesters.
Prerequisites: EDU 201 and/or Education Department approval.
- 310 Human Relations/Multiculturalism** **3 hours** **F,S**
This course provides candidates with knowledge in the areas of multiculturalism and human relations. Teacher candidates will understand the impact of a changing society on education and human relations. This course provides an understanding of cultural backgrounds and the influences of dehumanizing biases such as racism, sexism and classism and how they affect the lives of students in schools. A field experience is required for this course so there will be related expenses.
- 311 Educational Psychology** **3 hours** **F,S**
This course will examine theories of learning and how they may be applied to the classroom. It will include the study of cognitive development, motivation and learning, how knowledge is constructed, constructivism, individual differences in learning, and learning environments.
Prerequisites: EDU 201. Non-education majors must have consent of the instructor.
- 335 American Indian Education** **3 hours** **F,S**
This course is designed for prospective and experienced teachers. Candidates will learn about the rich American Indian culture in South Dakota and its impact on the education of American Indian students. The study includes an examination of skills necessary for the effective teaching of American Indian children. The course is designed to meet the South Dakota certification requirement in American Indian studies and is required of all teacher education candidates. Out-of-town travel and additional related expenses are required for this class.
Prerequisite: EDU 201. Non-education majors must have consent of the instructor.
- 380 Evidence-Based Reading K–3** **3 hours** **F**
This course builds the K–3 teacher candidate's knowledge of evidence-based instructional practices of the five essential components of reading acquisition specific to the K–3 level. The study includes investigation

Education and Special Education

of, diagnosis and prescription and intervention methods needed to prescribe appropriate instruction for the struggling reader.

Prerequisite: EDU 201.

382 Evidence-Based Reading 4–8 **3 hours** **S**

This course builds the K–8 candidate's knowledge of evidence-based reading instructional practices related to students in grades 4–8. An investigation of reading diagnosis and prescription provides candidates with skills needed to identify reading levels and determine appropriate interventions for the struggling reader.

Prerequisite: EDU 201.

412 Adolescent Learners' Needs **3 hours** **F**

This course will help prepare candidates to teach at the middle grade level. The course will develop an understanding of the middle school concept and the instructional strategies that support that concept. Field experience at the middle level will be required.

Prerequisite: EDU 201.

424 Literacy Methods in the Content Area **3 hours** **S**

This course provides teacher candidates with a balance of theory and application regarding the skills needed to teach reading and writing in the content areas. Candidates will investigate, develop and apply strategies using a variety of scientifically researched reading, writing, listening, speaking, and viewing methods to meet the literacy needs of all students. For elementary education majors, this course is part of the spring practicum experience. Courses include EDU 424, EDU 444 and EDU 465.

Prerequisite: EDU 201.

Corequisites for elementary education majors: EDU 444 and EDU 465.

Corequisites for secondary education majors: EDU 465 or approval of education department chair.

435 Curriculum Standards and Assessment **3 hours** **F**

This course supports an educator's ability to design and implement assessment practices that promote student learning by first improving instruction and then gauging its success. Emphasis is placed on constructing reliable and valid assessments; connecting classroom assessment to local, state and national standards, providing effective feedback and grading and understanding individual, classroom and cultural differences that impact assessment. Students will incorporate various assessment procedures in standards-based lessons they plan and teach during the course field experience.

Prerequisites: EDU 201

Corequisites for elementary education majors: EDU 442 and EDU 443.

442 Social Studies Methods and Practicum **3 hours** **F**

This course provides teacher candidates with a balance of theory and application regarding the skills needed to teach the social studies concepts in the K-8 classroom. Candidates will investigate, develop and apply strategies using a variety of scientifically researched teaching methods to meet the needs of all students. This course is part of the spring practicum experience.

Prerequisite: EDU 201.

Corequisites: EDU 435 and EDU 443.

443 Science Methods and Practicum **3 hours** **F**

This course provides teacher candidates with a balance of theory and application regarding the skills needed to teach science concepts in the K-8 classroom. Candidates will investigate, develop and apply strategies using a variety of scientifically researched teaching methods to meet the needs of all students. This course is part of the fall practicum experience.

Prerequisites: EDU 201.

Corequisites: EDU 435 and EDU 442.

444 Mathematics Methods and Practicum **3 hours** **S**

This course is a survey of the contemporary mathematical process to be mastered by students at K–8 levels and an awareness of the problem-solving methodologies of teaching concepts, including modification of the curriculum for the exceptional student. Candidates are assigned to classrooms for fieldwork. This course is part of the spring block experience for elementary education majors.

Prerequisites: EDU 201 and MTH 150.

Corequisites: EDU 424 and EDU 465.

456 Secondary and Middle Level Teaching Methods **3 hours** **F21**

This course covers the methods of teaching secondary and middle level education and considers all the aspects and responsibilities that come with the job, including the decision-making process, establishing a

Education and Special Education

classroom climate conducive to learning, motivating students, classroom management, linking curriculum and instruction, planning the instruction, instructional techniques and methods for promoting learning. A constructivist approach to teaching and learning is emphasized. A field experience is required.

Prerequisite: EDU 201.

Corequisites: EDU 435 or approval of the chair of the education department.

465 Classroom Management for the K–12 Educator **3 hours** **S**

This course will involve the study of strategies for creating successful K–12 learning communities, planning for the school year, developing positive relationships with the students, working with families, establishing classroom procedures and rules, maintaining appropriate behavior, preventing, managing and responding to inappropriate behaviors, motivating students to learn and responding to inappropriate behaviors. Different practices of classroom management will be explored. School law, professional practice, and teacher ethics will also be covered. This course requires a field experience. This course is part of the spring practicum experience for elementary education majors. Courses include in the spring practicum for elementary education majors are: EDU 424, EDU 444 and EDU 465. Secondary education majors are strongly advised to take this course at the same time as EDU 424.

Prerequisite: EDU 201.

Corequisites for elementary education majors: EDU 424 and EDU 444.

Corequisites for secondary education majors: EDU 424 or approval of department chair.

470 K–12 Student Teaching **14 hours** **F, S**

Candidates are assigned to a school district and supervised by a certified teacher at the elementary level (K–8) and at secondary level (7–12) for 70 days (14 full weeks). The student teaching will be divided in half at each level. During this period, they will fulfill obligations and responsibilities similar to those of the cooperating teacher. This course is part of the professional semester and is taken with a two-credit seminar, which is part of the 16 hours for degree candidates. Candidates also meet during the professional semester for seminar requirements. This course is offered Credit/No Credit only. The DWU Student Teacher Handbook and seminar syllabus serve as the course syllabus.

Prerequisites: Completion of all coursework required for graduation, 2.6 GPA, admission from the education department faculty, submission of passing Praxis II examination scores for the required tests and approval for student teaching placement.

Corequisite: EDU 475.

472 K–8 Student Teaching **14 hours** **F, S**

Candidates are assigned to a school district and supervised by a certified teacher at the elementary level and/or middle school/junior high level for 70 days (14 full weeks). During this period, they will fulfill obligations and responsibilities similar to those of the cooperating teacher. This course is part of the professional semester and is taken along with a two-credit seminar, which is part of the 16 hours for degree candidates. Candidates also meet during the professional semester for seminar requirements. This course is offered Credit/No Credit only. The DWU Student Teacher Handbook and seminar syllabus serve as the course syllabus.

Prerequisites: Completion of all coursework required for graduation, 2.6 GPA, admission from the education department faculty, submission of passing Praxis II examination scores for the required tests and approval for student teaching placement.

Corequisite: EDU 475.

474 7–12 Student Teaching **14 hours** **F, S**

Candidates are assigned to a school district and supervised by a certified teacher at the middle school/junior high level and/or at the secondary level for 70 days (14 full weeks). During this period, they will fulfill obligations and responsibilities similar to those of the cooperating teacher. This course is part of the professional semester and is taken with a two-credit seminar, which is part of the 16 hours for degree candidates. Candidates also meet during the professional semester for seminar requirements. This course is offered Credit/No Credit only. The DWU Student Teacher Handbook and seminar syllabus serve as the course syllabus.

Prerequisites: Completion of all coursework required for graduation, 2.6 GPA, admission from the education department faculty and secondary discipline faculty, submission of passing scores on the required Praxis tests and approval for student teaching placement.

Corequisite: EDU 475.

475 Seminar **2 hours** **F, S**

Candidates are required to take this seminar during their student teaching experience. Candidates will research the following topics during this seminar: classroom climate, instructional pedagogy, assessment, resume writing and interviewing skills. Candidates are required to complete their electronic portfolio and an

Education and Special Education

action research project during the seminar. Attendance is required in order to successfully complete the student teaching experience.

Corequisite: EDU 470, EDU 472, EDU 474, or SPD 470.

Course Descriptions

English as a Second Language (ENL)

462 Teaching Literacy for English as a New Language Across the Curriculum 3 hours TBA

This introductory course provides prospective English as a New Language (ENL) teachers with an overview of theory and research in the field of English as a Second Language (ESL). Participants will develop a set of principles by exploring primary approaches and methods for teaching ESL. Strong emphasis will be placed on developing teaching strategies for promoting ESL students' skills in the language domains of reading, writing, listening and speaking.

464 Methods for Teaching English as a New Language 3 hours TBA

Participants will explore the primary approaches and methods for teaching language learners in the English as a Second Language (ESL) classroom, as well as in the content areas. Participants will develop teaching strategies for promoting ESL students' reading, writing, listening and speaking skills as well as facilitating comprehension and critical thinking in content areas using sheltered instruction techniques. Focus will be placed on the communicative approach, where learners are involved in real communication. Participants will analyze, select and modify materials to facilitate learning in ESL students with diverse characteristics and needs.

465 Linguistics and Culture for Teaching English as a New Language 3 hours TBA

Linguistics for English as a New Language deals with training and research in linguistics as it relates to educational theory and practice, specifically the teaching and learning of K-12 English as a Second Language students. Also addressed are issues concerning dialects, bilingual education and children with special needs involving language. The course also examines the principles of language acquisition and language learning, to consider how they are connected to cultural background and cultural identity, and explore effective approaches to instruction.

468 Assessment of ESL Students and Programs 3 hours TBA

This course will provide participants with a comprehensive knowledge foundation in the selection, administration and interpretation of measurement instruments appropriate for English Language Learners (ELL). Participants will investigate a variety of language assessment tools used to identify, place and monitor students receiving services. Emphasis will be placed on instruments and approaches used to determine and monitor ELL students' English proficiency and academic development in English. This course will also explore evaluating the effectiveness of ESL programs and ensuring ESL students receive research-based and effective programming. The course is intended to give participants an historical perspective of the theoretical foundation of ESL.

495 ENL Practicum for Elementary Teachers 1 hour TBA

Practicum activities will include classroom visits, observations, action research and self-reflection related to the field of English as a Second Language. Participants will receive instructor and peer feedback that prepares them for a final project centered upon teaching and academic programming in their local district. The practicum is embedded within each of the four required ENL endorsement courses.

Prerequisites: ENL 462, ENL 464, ENL 465.

Corequisite: ENL 468.

496 ENL Practicum for Middle and High School Teachers 1 hour TBA

Practicum activities will include classroom visits, observations, action research and self-reflection related to the field of English as a Second Language. Participants will receive instructor and peer feedback that prepares them for a final project centered upon teaching and academic programming in their local district. The practicum is embedded within each of the four required ENL endorsement courses.

Prerequisites: ENL 462, ENL 464, ENL 465.

Course Descriptions

Special Education (SPD)

206 Introduction to Exceptional Students 3 hours F,S

This course defines and examines the nature and needs of exceptional learners, including those with documented disabilities as well as giftedness and those with multicultural heritages. Special education foundations and legal mandates will be discussed. Appropriate accommodations and teaching methods designed to meet the needs of the range of students included in a typical classroom will be examined. The role of teachers, parents and other relevant personnel will be investigated in relation to programming for

Education and Special Education

struggling learners. Students will research a specific educational challenge and complete observation hours in a school setting.

Prerequisite: EDU 201 or Corequisite EDU 201 or instructor permission.

300/500 Field Experience in Special Education **1–3 hours TBA**

This course provides practical experiences in classroom settings, so students may become familiar with teaching strategies, instructional models and classroom management systems. It is required concurrently with the methods course in the teaching major. Required classroom hours: 45 hours for each semester credit hour.

Prerequisite: EDU 201 and SPD 206.

310 Differentiation for Exceptional Students **3 hours F20**

This course addresses instructional strategies, materials and assistive technology devices needed to provide a positive learning environment for students with disabilities. Future special and general educators enrolled in this course will develop, implement and evaluate curricular adaptations, including accommodations and modifications for students with disabilities. Students will demonstrate ability to select, adapt and use both commercial and teacher-made media and instructional materials, and evaluate and adapt the learning environment to provide students with disabilities an appropriate education in the least restrictive environment.

Prerequisites: EDU 201, SPD 206 or instructor permission.

311 Students with High-Incidence Disabilities **3 hours S21**

This course serves as an overview of the characteristics of students with high-incidence disabilities, their learning needs, and current issues related to their education. The historic foundations, legal considerations, related causal factors and theoretical approaches that apply to the study of mild disability will be addressed. Key issues concerning meeting the needs of all students, including identification and assessment, the development of the Individualized Education Program (IEP), use of evidence-based instruction and transition of the student from school to adult life, will be presented. Candidates will be given an opportunity to learn from practicing special education teachers and observe and work with children with high-prevalence disabilities.

Prerequisites: EDU 201 and SPD 206.

312 Students with Low-Incidence Disabilities **3 hours S21**

This course serves as an introduction to, and a detailed investigation of, educational, sociological, functional and vocational concerns of people with low incidence moderate and severe disabilities. Students will review the history of low-incidence disabilities, learn to determine individual abilities, plan appropriate curriculum and deliver optimal instruction for children and young adults with moderate and severe physical and cognitive disabilities. Topics presented will include historical, legal and health issues working with families, collaborating with team members and supporting transition from school to community life.

Prerequisites: EDU 201 and SPD 206.

315 Assessment of Learners with Special Needs **3 hours S22**

This course addresses screening, assessment and evaluation of individuals with disabilities from birth through age 21. Candidates will develop, select, administer and interpret both formal and informal instruments and strategies used to determine the level of individual student performance in academic, cognitive, communicative, social, emotional, behavioral, psychomotor, prevocational/vocational and functional skills areas. Candidates will practice using assessment data and other information to determine whether an individual has a disability and requires special education or related services and also to develop appropriate Individualized Education Programs (IEP). Standards of ethics and protocol for observation and assessment will be integrated throughout this course.

Prerequisites: EDU 201 and SPD 206.

320/520 Special Education Law and Collaborative Partnerships **3 hours F21**

Teacher candidates will focus on the communication skills necessary to work collaboratively and consult effectively about the special needs of students as members of a team that includes parents, administrators, teachers, and agency personnel. The importance of the family-professional partnership will be emphasized. Teacher candidates will examine the impact of historic and current federal and state special education laws, due process and data privacy requirements on the education of students with special needs. This course encompasses a life-span perspective, requiring the teacher candidate to be knowledgeable about birth through adult service systems, as well as transition planning.

Prerequisites: EDU 201 and SPD 206 or permission of instructor.

Education and Special Education

- 325 Students with Emotional/Behavioral Disorders** **3 hours** **S22**
This course focuses on developing and designing positive behavioral and social/emotional interventions, strategies and supports that represent current and best practices for individual and whole classroom management. Candidates will familiarize themselves with the etiology and characteristics of individuals with behavioral and/or emotional challenges. Candidates will also acquire and practice techniques for effective observation and assessment of students with behavioral challenges and develop the skills necessary to design and implement, with other multidisciplinary team members, student behavior management programs. Focus will be on creating classrooms where learning is optimized through peaceful, respectful interactions between students and teachers, as well as among students.
Prerequisites: EDU 201 and SPD 206.
- 328/528 Special Education at the Early Childhood and Kindergarten Level** **3 hours** **TBA**
This course will focus on effective strategies of instruction, intervention and curricular approaches to use in meeting the needs of preschool and kindergarten-aged children with exceptional learning needs. Candidates will learn to integrate the best practices of early childhood education with the best practices of special education. Developmentally appropriate practice recommended by the leading professional organizations in the fields of early childhood education and special education will serve as guidelines for this course.
Prerequisites: EDU 201.
- 452/552 Special Education Practicum K–8** **2–4 hours** **TBA**
Students completing the special education endorsement are assigned to an elementary school special education setting under the supervision of a certified special education teacher and a university supervisor. This course is offered credit/no credit. Required classroom hours: 45 hours for each credit hour.
- 454/554 Special Education Practicum 7–12** **2–4 hours** **TBA**
Students completing the special education endorsement are assigned to a secondary school special education setting under the supervision of a certified special education teacher and a university supervisor. This course is offered credit/no credit. Required classroom hours: 45 hours for each credit hour.
- 456/556 Special Education Practicum K–12** **4-6 hours** **TBA**
Students completing the special education K–12 endorsement are assigned to either an elementary special education setting or a secondary special education setting under the supervision a certified special education teacher and a university supervisor. Students will enroll in this course twice during the academic year, completing three credits in the fall and three credits in the spring. This course is offered credit/no credit. Required classroom hours: 45 hours for each credit hour.
- 470 Student Teaching in Special Education** **14 hours** **F, S**
Candidates will student teach for 70 school days under the supervision of a certified special education teacher. The student teacher will be assigned to an elementary placement for 35 days and secondary placement for 35 days. This course is part of the professional semester and is taken with a two-credit seminar, which is part of the 16 hours for degree candidates. Candidates also meet during the professional semester for seminar requirements. This course is offered credit/no credit only. The DWU Student Teacher Handbook and seminar syllabus serve as the course syllabus.
Prerequisites: Completion of all coursework required for graduation, 2.6 GPA submission of passing scores on required Praxis tests, admission from the education department faculty and approval for student teaching placement.

English (ENG)

College of Arts and Humanities

www.dwu.edu/english

The department of English offers programs and courses in language, literature and writing, all of which are considered indispensable in liberal arts education. The program includes majors in English and English Education and minors in Creative Writing and English Literature. Majors and minors often go on to graduate school, though many find employment in a wide range of fields. The department also teaches a large number of courses in General Education, helping students meet requirements in cultural and global awareness, literary analysis and written communication. Majors and minors acquire greater proficiency, but all students in English courses study the expression of thoughts and the interpretation of texts, while developing an appreciation of language and its infinite variety.

Basic Writing Assessment

A new student's academic file is reviewed prior to the student's enrollment in ENG 111. A student with an ACT English sub-score of 17 or lower, or an SAT critical reading score of 440 or lower, will be enrolled in ENG 099—Supplemental Writing Support—concurrently with his or her enrollment in ENG 111. If a student has not taken the ACT or SAT, or is unable to access his or her scores, a writing placement may be administered to determine appropriate placement. English faculty members may elect to retest students who are close to meeting this threshold at their discretion. Students demonstrate basic proficiency in written communication with a grade of C or above in ENG 111. Students who do not successfully complete ENG 111 with a grade of C or better may be placed in ENG 099 again in conjunction with their enrollment in ENG 111.

Students demonstrate basic proficiency in written communication with a grade of C or above in ENG 111.

Course Descriptions

English (ENG)

099 Supplemental Writing Support

2 hours TBA

Students are enrolled in this course concurrently with their enrollment in ENG 111 if their ACT or SAT scores fall below a particular threshold (see Basic Writing Assessment). This course is designed to provide supplemental support (by either a faculty member or a member of the academic support staff) to enable students to successfully achieve the learning outcomes of ENG 111. This course emphasizes grammar and the organization of written communication. This is a credit/no credit course and will not count toward graduation hours.

Corequisite: ENG111.

111 Composition

3 hours F, S

Students write a minimum of two drafts of four papers (ranging in length from three to five pages), preparing for the more extensive research assignment. For this assignment, students will learn research methods, practice Modern Language Association (MLA) and/or American Psychological Association (APA) documentation protocols and execute a seven- to 10-page argumentative research paper. Students will also engage in peer editing on all writing. Students must complete the course with grade of C or higher to meet graduation requirements. Students whose ACT or SAT scores fall below specific thresholds (see Basic Writing Assessment) may be required to enroll concurrently in ENG 099.

141 Cultural Perspectives in American Literature

3 hours F, S, Su

Through an examination of American Literature, this course analyzes the cultural social, and economic experiences of various racial and ethnic groups in the United States. Students engage with multiple narratives of racial and ethnic relations and experiences in order to arrive at a better understanding of these relationships, both in the United States' past and in the present historical moment.

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that DWU believes all its graduates should possess.

201 Introduction to Literary Analysis

3 hours F

This course introduces students to the fundamentals of literary study, including critical terms, and focuses on contemporary world literature with equal proportions of Western and non-Western work. Students will discuss fiction, poetry and drama by internationally known authors.

202 Creative Writing I

3 hours S

This course provides a workshop environment that combines creative writing and criticism. Students work in the three major genres: poetry, fiction and drama. Selections of students' work are offered to our literary journal, "Prairie Winds," and to the Agnes Hyde Writing Contest.

205 British Literature I

3 hours F20

The first of two surveys concentrating on poetry, drama and fiction from the British Isles, this course begins with poetry written in Old English and extends through the 18th century.

206 British Literature II

3 hours S21

The second of two surveys concentrating on poetry, drama and fiction from the British Isles, this course begins with the Romantics and extends through the contemporary period.

215 Business and Technical Writing

3 hours S, Su

Students will be introduced to professional expectations for written communication in the workplace and on the Web. Students will develop an understanding of purpose and audience while writing and revising a

English

variety of goal-oriented projects. In preparation for a research project, students will develop a variety of texts, including memos, letters, analytical reports, presentation and proposals.

Prerequisite: Successful completion of ENG 111.

216 Content Strategy for Digital Media **3 hours** **S21**

This course introduces students to the basic principles of content strategy and how they can be applied to various digital platforms. In this course, students will hone the ability to create engaging written and visual content by identifying, analyzing and responding to consumer demographics and brand characteristics.

Prerequisite: Successful completion of ENG 111.

223 American Literature **3 hours** **F21**

This historical survey of the prose and poetry of America covers the Puritan era to modern authors, concentrating on major works and authors.

226 Literature of European Civilization **3 hours** **S22**

This course provides a historical survey of the prose and poetry of Western Europe, from biblical texts and the literature of the ancient Greeks and Romans to the present day, concentrating on major works and authors.

230 Young Adult Literature **3 hours** **S22**

Young Adult Literature considers canonical and contemporary examples of fiction written for readers in grades 6-12. Students will focus most of their attention on analyzing young adult literature as literature, but will also consider pedagogic and craft-study approaches. Thus, the course benefits literature, creative writing and education students in their preparation as scholars, readers, writers and teachers of young adult literature.

302 Creative Writing II: Genre and Technique **3 hours** **F21**

This course is an intensive study of literary techniques as they appear in at least three genres of creative expression – poetry, fiction and nonfiction. The course will serve as a workshop and laboratory space for students to practice these techniques and learn them from example. We will proceed technique by technique, focusing on the techniques as the building blocks of good writing in any genre, or across genres. As the semester progresses, students will be expected to write toward a single, multiple or cross-genre final project that represents their development as writers specializing in, or questing the boundaries of, a particular mode of literature.

Prerequisite: Successful completion of ENG 202.

312 Scholarly Research and Writing **3 hours** **F**

This course concentrates on the conception and execution of an extended research project. This course prepares students for upper-level college writing and professional writing outside the college environment.

Prerequisite: ENG 111.

313 Great Plains Literature **3 hours** **F20**

Students will discover a variety of literature about the Great Plains, including the Dakotas, Minnesota, Nebraska and Iowa, with an emphasis on how this literature is both regional and universal in scope. This literature includes fiction and nonfiction works by regional writers.

315 Women Writers **3 hours** **S21**

English 315 examines the development of 20th- and 21st- century poetry, essays, novels, and stories written by women. We will ask how women writers respond to, interpret and extend dominant modes of modern and contemporary literature in English in order to explore themes of gender, ethnicity and culture. This course includes a variety of works in English (British and American) by women writers and introduces critical approaches to interpreting their works.

316 Contemporary World Literature **3 hours** **S22**

This course examines 20th-and 21st-century fiction, nonfiction and poetry by authors from, living in, or writing about places other than the United States. Students will consider cultural, historical, aesthetic and linguistic perspectives as they read, analyze and discuss texts from around the world.

323 Shakespeare **3 hours** **S22**

Introducing the life and works of Shakespeare, this course concentrates on the plays, emphasizing the development of central themes, the use of different genres, the decisions involved in production and the cultural background of the Renaissance.

English

327 English Methods

3 hours

F20

This course prepares students intending to teach English in secondary schools. Students will develop ideas for lessons, practice presentations and units in language, literature and composition.

Prerequisites: EDU 201 and SPD 206.

Corequisite: EDU 435.

341 The English Language

3 hours

S21

Students will study the development of the language through history, including varieties of English throughout the world. The course includes contemporary American dialects, current linguistic theory and implications for teaching.

342 English Grammar

3 hours

S22

This course reviews grammatical principles used in writing. It is useful for students intending to teach or improve their language skills.

460 Senior Capstone

3–6 hours

F

The student will develop a topic and create a research plan and schedule in consultation with the department. The student will present and defend the topic to peers and selected DWU faculty. Creative writing students will prepare and publish a manuscript, which will be housed in the McGovern Library.

Entrepreneurial Leadership (ENT)

College of Leadership and Public Service

www.dwu.edu/ent

The academic component of the Kelley Center for Entrepreneurship includes opportunities to obtain either an entrepreneurial leadership major or minor, or a business major with an entrepreneurial leadership concentration. The study of entrepreneurial leadership will assist students, whether they are starting a small business, creating the next great organization, developing new products, processes and/or services within existing organizations or by starting, growing, managing and revitalizing schools, churches, governmental entities and nonprofit service organizations.

Entrepreneur is not a job title; it is a way of thinking. Entrepreneurship involves innovation, curiosity and risk. It is the art and science of identifying a need and transforming that need into a product, service or business opportunity. Entrepreneurial leadership is the process of engaging others in creative thinking and problem solving. Entrepreneurial talents are needed in both the profit and the nonprofit sectors.

Major

B.S. Entrepreneurial Leadership

For the entrepreneurial leadership major, students must complete the entrepreneurial leadership core along with a minimum of 15 credits of electives. Students may chart their own course to create an individualized concentration in consultation with the department. A concentration includes completion of five to six elective courses (15-18 credits) within their chosen concentration track. A major in entrepreneurial leadership requires 44 total credits. Suggested minor for those majoring in entrepreneurial leadership include graphic design, nonprofit administration or digital media and design.

BUS 155	Survey of Accounting	3
BUS 220	Principles of Management	3

Entrepreneurial Leadership (ENT)

150/350 Readings in Entrepreneurial Leadership

1 hour S

This course includes assigned readings in entrepreneurial thinking and leadership. Students may earn a total of two hours of credit.

224 Entrepreneurial Leadership I: Innovation and Problem Solving

3 hours F

Students are introduced to principles and characteristics of entrepreneurial leadership. Students explore their own orientation toward entrepreneurship, including innovation, curiosity and risk. Students are also introduced to key dimensions of entrepreneurial behavior, including opportunity assessment, mission development, strategic planning, market analysis, resource mobilization, financial management and social accountability. Entrepreneurship is considered in a variety of for-profit, nonprofit and public enterprise settings.

325 Developing Innovation

2 hours F Even

Students take the next entrepreneurial step by moving from an idea to an entrepreneurial firm. Students explore in more depth the various dimensions of the feasibility of entrepreneurial ideas. Topics include a more in-depth look at key business dimensions, including financial viability and strength, effectively building a team, how to gain financing or funding and preparing a proper ethical and legal foundation.

Prerequisites: ENT 224, BUS 220, BUS 155. Corequisite: BUS 371.

347 Financial Management for Organizational Leaders

3 hours S

Students are introduced to key concepts and tools needed by business professionals to effectively manage the financial functions of their organization. A basic working knowledge of the following topics will be included: financial reports and statements, operational budgets, cash flow, financing, sources and costs of capital, ratio analysis and compensation and benefits. Students will apply concepts to individual career goals.

Prerequisites: BUS 155 or BUS 251, and ENT 224.

424 Entrepreneurial Analysis and Application

3 hours S Odd

This is a capstone seminar which integrates prior coursework relating to entrepreneurial leadership through the preparation and presentation of a business plan, entrepreneurial simulation and analysis of an existing business.

Prerequisite: ENT 325/Corequisite: ENT 347.

General Studies

College of Arts and Humanities

The general studies program is designed to provide a broad liberal arts preparation for students seeking an Associate of Arts degree. The interdisciplinary approach associated with this program is designed to prepare students to participate in improving their leadership, service and stewardship skills in a variety of career and community environments.

Health (HLT)

Donna Starr Christen College of Healthcare, Fitness and Sciences

Our society has placed an increased importance on safety, healthy living and personal fitness. The health courses offered are designed to provide assistance in the departments of athletic training, education, nursing, and sport, exercise and wellness. These courses are supplemental and are used to meet certain requirements by these specific departments as well as those seeking a minor in coaching.

Course Descriptions

Health (HLT)

100 Introduction to Healthcare

1 hour F

This course provides students beginning education in healthcare related fields with the fundamentals they need to develop their personal and professional skills, to be exposed to various healthcare professions in order to better understand their chosen career path and succeed in the world of health care. Students will be exposed to topics related to today's health care system such as health care economics, legal and ethical principles, as well as providing important context for the personal, professional and workplace skills that are required in healthcare. Students will also be exposed to a variety of careers in health care and detailed profiles of the most in-demand professions.

210 Basic Emergency Skills

2 hours TBA

This course is designed to teach basic first aid skills, CPR and AED procedures. This course is recommended for coaching and general population emergency care. The course is offered as a lecture/lab combination. This course is not recommended for students pursuing allied health professions.

232 Health Education

3 hours F, S

This course involves the study of attainable goals for school, personal and community health, and it provides an emphasis on wellness for all ages.

310 Advanced Emergency Skills for Professionals

2 hours F, S

This course is designed to teach the student advanced emergencies skills such as airway management, one- and two-person CPR, AED, oxygen administration and basic first aid skills. Credit is granted only upon successful completion of the course, or by verified certification from an approved agency, and successful completion of a challenge test of skills evaluated by a faculty member certified by an approved agency to provide training. The course is set as a lecture/lab combination.

Health, Performance and Recreation (HPR)

Donna Starr Christen College of Healthcare, Fitness and Sciences

Health, performance and recreation focuses on diverse aspects of health, activity, recreation and quality of life. These topics are particularly timely. At no time in our nation's history have we likely devoted such focused attention toward fitness, sport performance, health and recreation. Among other activity- and health-related fields, graduates with background in health, performance and recreation will find great vocational opportunity in church recreation, outdoor recreation, exercise physiology, sport psychology, sport management, athletic training, health education, physical therapy, occupational therapy, medical practice and nutrition. There is no major offered in health, performance and recreation. Students seeking a coaching minor or coaching endorsement should consult the sport, exercise and wellness catalog section.

Course Descriptions

Health, Performance and Recreation (HPR)

099–118 Fitness and Lifetime Sports

1 hour TBA

The philosophy of these courses is to teach the fundamentals, skills and physiological dynamics of fitness and lifetime sports with the goal of fostering within each student a long-lasting interest and lifetime participation. Students may not enroll in more than two fitness and lifetime sports courses per semester. HPR 118 is not repeatable for academic credit and is offered Credit/No Credit only.

HPR 099	Fishing
HPR 101	Racquetball and Golf
HPR 102	Badminton and Archery
HPR 103	Softball and Volleyball
HPR 104	Weight and Aerobic Training
HPR 105	Tennis and Bowling
HPR 106	Pickleball and Basketball
HPR 107	Cybex Training
HPR 112	Intermediate Golf
HPR 117	Social Dance
HPR 118	Varsity Sport

107 Cybex Training

1 hour TBA

This course meets twice a week for a full semester and addresses the basic principles and uses of the Cybex progressive weight training system. Students will become knowledgeable in the requisite principles necessary to guide them through their workouts, proper function and use of each machine, and the muscles involved. A system of record-keeping will allow the students to programmatically monitor their progress in the use of the Cybex equipment.

120 Wellness and Lifetime Fitness

1 hour TBA

The focus of this course is a positive, healthy lifestyle designed to enhance one's current quality of life, while providing the basis for enhanced quality and quantity of life in the future. The class discusses proper exercise programs, healthful nutrition, stress management techniques and avoidance of high-risk health behaviors in order to reduce the risks of acute and chronic health problems.

350 Theory of Coaching

2 hours F,S

This is a course in the theory and application of coaching sports including the fundamentals of the sport, practice organization, event management, competitive strategies and leadership dynamics. Sports covered will include football, basketball, volleyball, baseball/softball, cross country/track/field, wrestling, golf and soccer.

360 Rules of Officiating

2 hours TBA

This course focuses on the knowledge and application of the rules, mechanics, rotations, communicative systems and etiquette for the sports of football, basketball, cross country/track and field, baseball, softball, volleyball and wrestling.

450 Coaching Practicum

1–12 hours TBA

This course is designed to provide practical, applied and guided experiences for students pursuing a career in coaching. This course allows students to become actively involved with coaches.

Prerequisites: Satisfactory completion of a coaching theory course and consent of instructor.

History (HIS)

College of Arts and Humanities

www.dwu.edu/history

History seeks to understand how people lived in the past and how their experiences and institutions shaped their world and our own. History is also a way of thinking; by reflecting on the past and exploring historical problems, we deepen our understanding of the human condition. DWU history majors raise historical questions, examine historical documents and share their ideas with peers and the larger community. As an intellectual discipline, history teaches us to read critically, think analytically, communicate effectively and examine issues of learning, leadership, faith and service.

	Total	18

Pre-law

The American Association of Law Schools (AALS) and the American Bar Association (ABA) have published recommendations for undergraduate students that seek matriculation into law school. Law schools, however, do not require academic preparation in a specific undergraduate major or program, since they primarily are looking for applicants with skills in reading comprehension, critical thinking, analytical reasoning, and written and oral communication. In their students, law schools seek accomplishments in understanding, the capacity to think for themselves and the ability to express their thoughts with clarity and force.

When applying this philosophy to specific course areas, the AALS has included the following comments regarding history and the social sciences. This list is not meant to exclude other areas.

Communications, English, speech and languages – “The lawyer must be able to communicate effectively in oral and written expression. The formal role of the lawyer – in court, legislature and administrative agency – and the informal roles of counselor and negotiator demand the highest skills of expression.”

History – “History study allows the thoughtful organization of human experience so as to assist understanding ... Law students often encounter concepts that are intelligible only in terms of their historical roots.”

Philosophy – “A sensitivity to the enduring questions of personal and public morality forms an appropriate backdrop for the consideration of legal issues. Perhaps of even greater importance is the training in understanding transactions.”

Logic, mathematics and legal decisions – “These disciplines emphasize the power of inference. They do not, however, supply the plasticity and ambiguity of fact and theory that make legal inference a different experience. For this, only the richness of verbal symbols, found in every corner of the curriculum, provides analogies.”

Economics – “Significant numbers of legal questions ultimately involve economic issues ... The use of symbols and systems in economics can be especially valuable to prospective lawyers.”

Social sciences: political science, sociology, psychology, anthropology, economics – “The interaction of law and social science is something with which the law student will want more than passing familiarity ... Law is a social science.”

Accounting – “Prospective law students would be wise to learn basic accounting in college and certainly should be required to master at least its rudiments in law school.”

Computer science – “One can do very well in law school with no knowledge of computers, but this knowledge will affect legal work and research increasingly. The law student who has some understanding of this technology will be better equipped for legal work in the future.”

The General Education program at DWU emphasizes many of the disciplines and skills that the AALS considers desirable for prospective law students. When considering majors and minors, desirable areas of emphasis appear to be communications, history, political science and economics.

Nearly all schools of law in the United States require applicants to take a standardized Law School Admission Test. This test is administered on several specific dates each year. Students interested in law as should contact the pre-law advisor for counsel.

Course Descriptions

History (HIS)

101 World History I

3 hours

F

This course is a general survey of the history of world civilizations from ancient times to approximately 1500.

141 History of the Modern World

3 hours

F, S

This course surveys the historical contours of world civilizations with attention to their geographical settings and contexts since approximately 1500. It considers the larger meaning and significance of these civilizations' respective contributions to the development of the modern world.

History

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

201 U.S. History I **3 hours** **F**

This course is the first half of a study of U.S. history from the colonial period to the present. HIS 201 covers the time period to approximately 1877.

202 U.S. History II **3 hours** **S**

This course is the second half of a study of U.S. history from the colonial period to the present. HIS 202 covers the time period since approximately 1877.

301 Early American History **3 hours** **F20**

Students will examine the colonial and revolutionary foundations of the United States. They will explore the cultures and interactions of Europeans, Native Americans and Africans in the colonial context, the causes for discontent among the colonists and the course of the American Revolution.

302 America Since 1945 **3 hours** **S21**

Students in this course will explore the political, social, economic and cultural history of the United States from 1945 to the present. Themes of special consideration include pop culture, social reform movements, political realignments and the domestic impact of international conflict and global change.

310 History of the British Empire **3 hours** **F21**

This course explores the origins, rise and fall of the British Empire, covering nearly the entire globe from approximately the 16th century into the 20th century. The course examines the political, social, economic and cultural dimensions of the British imperial experience. The history of British imperialism will be considered from the perspective of the colonizer and the colonized and in ways that improve our understanding of the modern world.

311 Europe Since World War I **3 hours** **S22**

This course explores political, economic and social developments in 20th-century Europe. Major topics will include World War I, the Russian Revolution, fascism and authoritarianism, World War II, the Cold War and the European Union.

330 History of South Dakota **3 hours** **F21**

This course is a survey of the history of South Dakota. Topics include geography, early explorations, American Indian life, and the political, economic and cultural developments after white settlement. HIS 330 is required for all history education majors.

335 Native American History **3 hours** **S21**

This course surveys the history of Native Americans from precontact to the present. The course will begin with an examination of the diverse cultures of Native America prior to European contact and will conclude with an examination of contemporary issues and experiences. The course will give particular attention to the historical experiences of Native Americans with the United States and the historical evolution of federal Indian policy.

351 American Foreign Policy **3 hours** **F21**

This course examines the history of U.S. foreign affairs since World War II and the institutions, political forces and emerging issues shaping current foreign policy. Particular emphasis will be placed on the foreign policy record of recent presidents, the politics of foreign affairs and emerging international rivals.

355 The U.S. Constitution **3 hours** **S22**

(Refer to POL 355)

360 Middle and Secondary History Teaching Methods **3 hours** **F21**

This course is a survey of history teaching standards and methods at the middle and secondary levels. Although the course will address state and national standards in social studies and provide some brief introductions to other social studies disciplines, it will largely focus on the theories and methods of teaching history at the middle and secondary levels. The course is a required course for all history education majors. Prerequisites: HIS 101, HIS 141, HIS 201, HIS 202 and EDU 201, or consent of the instructor and the chair.

History

381 The Civil War **3 hours** **F20**

This course will focus on the origins and causes of the Civil War, the course of the war itself and the legacy that the Civil War holds for us, as Americans, as we enter the 21st century.

382 World War I **3 hours** **F20**

Students will examine the origins, course and legacy of World War I. Lectures and discussions will be supplemented by film viewings and readings from DWU's World War I documents website.

383 World War II **3 hours** **S21**

Students will examine the origins, course and legacy of World War II, with attention paid to both the European and Pacific theaters.

384 The Korean and Vietnam Wars **3 hours** **S22**

This class explores the origins, course and legacy of America's involvement in the two hot wars of the Cold War era. Guest speakers and analysis of Vietnam War historiography enhance students' understanding of Vietnam War history.

386 Modern Asia **3 hours** **F20**

This course surveys the history of the Asia-Pacific region from the 19th century to the present. The course will be particularly focused on political developments and international relations in the region during this time period.

Cross-listed as POL 386

401 Historical Research and Writing **3 hours** **S**

In this capstone course, students will practice the art and craft of historical writing. A research project is required. Required for all history majors.

Prerequisites: Junior or senior standing or consent of the instructor.

Mathematics (MTH)

Donna Starr Christen College of Healthcare, Fitness and Sciences

www.dwu.edu/math

The mathematics department at Dakota Wesleyan University provides programs for the math major and minor aimed at preparing students for mathematical careers in actuarial science, business, government, teaching and industry. Mathematical skills are also increasingly important in most other science-related fields. Cognizant of the reality that most college students will have several careers during their lives, the department strives to provide learning experiences, which allow all students to apply their mathematical training in a variety of situations.

Course Descriptions

Mathematics (MTH)

111 Quantitative Reasoning for the Liberal Arts

3 hours F

A survey of quantitative topics designed to prepare students for the use of quantitative methods throughout their academic career. Topics to include representation of quantitative information via graphs, tables, and equations, ratios and percentages, methods of data collection, descriptive statistics, use of equations in making numerical projections, and basic concepts in probability. The emphasis will be on using mathematical and statistical techniques in a variety of real-world contexts to reach appropriate and reasonable conclusions.

Prerequisites: Mathematics ACT score of 16 and two years of high school mathematics, or consent of instructor.

125 College Algebra

3 hours F, S

A study of the major concepts of algebra. Topics include: linear, exponential, logarithmic, power, quadratic, polynomial and rational functions and their graphs. Also included is solving equations, inverse functions, transformation of functions, and an introduction to series, sequences, rudimentary statistical concepts, and probability. Modeling of real-world phenomena will be used to reinforce these concepts as pertinent to today's students.

Prerequisite: Math placement or consent of instructor.

135 Pre-Calculus

3 hours F

This course will cover mathematical skills needed by students in their calculus, physics, chemistry, and biology courses. Topics include solving equations, functions, logarithmic and exponential functions, basic trigonometry and solving trigonometric functions and vectors.

Prerequisite: MTH 125 or math placement.

Mathematics

150 Mathematics for the Elementary Teacher **3 hours** **F**

This course is designed expressly for the needs of elementary school teachers, including the structure of arithmetic, sets, elementary logic, number systems, relations and functions.

Prerequisite: A course in intermediate algebra or another course approved by the education department or permission of the education department.

200 Statistical Methods I **3 hours** **F, S**

This course is an introduction to descriptive statistics, including graphs, sampling distributions, measures of central tendency, probability theory, hypothesis testing through nonparametric tests, confidence intervals, correlation and regression. Statistical applications, hypothesis testing and the use of statistical software for graphing are emphasized.

Prerequisite: MTH 125 or consent of instructor.

210 Calculus I **5 hours** **S**

This course is an introduction to differential and integral calculus. Students will learn to calculate the rates of change of functions including trigonometric, exponential and logarithmic functions and how to solve initial value and optimization problems. Students will learn the Fundamental Theorem of Calculus and integration techniques.

Prerequisite: MTH 135 or math placement.

225 Advanced Calculus for Scientists **3 hours** **F**

A second course in calculus including concepts such as: L'Hopital's Rule, applications of integration (volumes, center of mass, calculating work), improper integrals, Taylor Polynomials, solving first order ordinary differential equations, matrices and partial derivatives.

Prerequisite: MTH 210.

250 Discrete Mathematics **3 hours** **S21**

This course introduces discrete methods of mathematical problem solving. Topics include: set theory, symbolic logic, sequences and mathematical induction, basic combinatorics, probability and graph theory.

Prerequisite: MTH 210.

260 Introduction to Computer Programming **3 hours** **F20**

This course provides an introduction to a high-level computer language. Emphasis will be on learning the styles, techniques and methodologies necessary to design and develop readable and efficient programs. The course will also include statistical, business and biological programming applications.

Prerequisites: MTH 125 or consent of instructor.

305 Multivariable Calculus **3 hours** **S21**

This first course in multivariate calculus includes vector functions and their derivatives, plane curves, parameterizations, surfaces, partial derivatives multiple integrals and multivariable optimization problems. Green's Theorem, Divergence Theorem and Stokes' Theorem will also be covered.

Prerequisite: MTH 225.

306 Foundations of Analysis **3 hours** **F21**

This is a first course in elementary real analysis, covering the theory of sequences and series, basic concepts such as the definitions of limits and continuity, the Mean Value Theorem and topics in introductory complex analysis.

Prerequisite: MTH 210.

315 Linear Algebra and Differential Equations **4 hours** **S22**

This course will cover a more thorough introduction of linear algebra and ordinary differential equations. In the field of linear algebra, the course will cover matrix theory, matrix inverses, vector spaces and subspaces, eigenvalues, eigenvectors and linear transformations. In the field of differential equations, the course will cover second order linear equations with constant coefficients, method of undetermined coefficients, reduction of order, simple harmonic motion, Laplace transformations and systems of differential equations.

Prerequisites: MTH 225

325 Introduction to Probability Theory **3 hours** **S22**

This course is an introduction to probability, including basic combinatorics and set theory, independence, conditional probability, random variables, specific discrete and continuous probability distributions, jointly distributed random variables, expectation, moments and moment generating functions, and various limit theorems.

Prerequisite: MTH 210 or consent of instructor.

Mathematics

330 Modern Algebra **3 hours** **F21**

This course is an introduction to algebraic systems, including groups, rings and integral domains.

Prerequisite: MTH 250 or MTH 315 or consent of instructor.

335 Secondary Mathematics Teaching Methods **2 hours** **F21**

This course covers the methods of teaching secondary and middle level mathematics. An emphasis will be placed on methods unique to teaching mathematics, along with technologies to use in the mathematics classroom.

Prerequisite: EDU 201 and EDU 456 or

Corequisite: EDU 456 or junior standing and consent of instructor.

340 Modern Geometry **4 hours** **F20**

This axiomatic study of various geometries includes Euclidean geometry and hyperbolic geometry. Students will also study historical and philosophical implications of the development of non-Euclidean geometries.

Prerequisite: MTH 210 or consent of instructor.

350 Advanced Statistical Methods **3 hours** **S21**

This course covers multiple regression techniques, one and two-way analysis of variance, experimental and factorial design, logistic regression including multiple logistic regression, and time series analysis. It includes introductory experiences in computer programming.

Prerequisite: MTH 200 or CHM 323 and BIO 315.

380 Research Project **2–3 hours** **TBA**

In consultation with the instructor, students may determine a topic for research. Evaluation consists of a paper and a presentation before an audience of the student's peers.

Prerequisite: Consent of instructor.

Music (MUS)

College of Arts and Humanities

www.dwu.edu/music

The Ron and Sheilah Gates Department of Music offers a major and minor in music, as well as multiple ensembles in which to participate. A major in music is designed to prepare graduates for careers in music performance, the music business and as private studio teachers and other musical-related careers. The major also provides required academic and performance preparations for graduate study in music. The courses in music theory and music history provide foundations based on the traditions of the past and seek to provide an understanding of practices and expanding tonal concepts of the 21st century. The performing ensembles and courses also provide opportunities for the non-music major to enjoy enriching interdisciplinary experiences in music.

The Dakota Wesleyan University choral and instrumental ensembles provide students various performing opportunities. Grand pianos, studio upright pianos, organs and an inventory of band instruments are available for student use.

Dakota Wesleyan University offers a Bachelor of Arts degree in music and music education. A music minor is also available. All music degrees include a common sequence of courses known as the music core.

Major

Music

MUS 131/231/331, 232/332, 233/333	Ensemble Requirements – eight semesters	
MUS 425	Recital (capstone)	1
MUS 490	Advanced Musicianship	3

Music Core

Theory

MUS 115	Fundamentals of Music	3
MUS 215	Music Theory II	3
MUS 315	Music Theory III	3
MUS 415	Music Theory IV	3

History and Literature

MUS 311	Music History I	3
MUS 312	Music History II	3
MUS 313	Music History III	3

Piano Proficiency

MUS 116	Keyboard Skills I	1
MUS 216	Keyboard Skills II	1

Conducting and Pedagogy

MUS 330	Vocal Literature and Pedagogy or	
MUS 341-4	2 courses in Instrumental Methods	2
MUS 340	Secondary Choral Methods or	
MUS 345	Band/Symphonic Methods	2
MUS 350	Conducting	3
MUS 351	Conducting II	3

	Applied music in a single instrument (to include two semesters of 300 level applied music)	<u>3.5</u>
	Total	40.5

Each student in this degree program will present a full recital in the senior year, approximately one hour long. It is strongly recommended that students considering a performance career perform a half recital during their junior year and a full recital their senior year.

Students must pass a keyboard proficiency test by the end of the fifth semester. The piano proficiency exam is vital to developing the skills of a musician. Students who do not pass the piano proficiency exam by

Music

the end of the first year must continue to enroll in applied piano lessons until they are able to complete the requirements for the proficiency exam.

Music Education Program

Students interested in teacher certification in K–12 music must exceed the minimum score on the appropriate PRAXIS exam. For further clarification, see Education, speak to your advisor or speak to the education department chair.

Required music courses:

MUS 10+/20+/ 30+/40+	Applied Primary Instrument	3.5
MUS 10+/20+/ 30+/40+		1.5
MUS 115	Fundamentals of Music	3
MUS 116	Keyboard Skills I*	1
MUS 131–331, MUS 232–236, MUS 332–336	Ensembles (participation in a university performing ensemble for each semester is required, can enroll for zero credit)	0–8
MUS 215	Music Theory II	3
MUS 216	Keyboard Skills II* (a passing grade on a keyboard proficiency test is required by the fifth semester)	1
MUS 242	Elementary Music Methods and Materials	2
MUS 311	Music History I	3
MUS 312	Music History II	3
MUS 313	Music History III	3
MUS 315	Music Theory III	3
MUS 330	Vocal Literature and Pedagogy	2
MUS 340	Secondary Choral Methods	2
MUS 341	String Methods	1
MUS 342	Percussion Methods	1
MUS 343	Brass Methods	1
MUS 344	Woodwind Methods	1
MUS 345	Band/Symphony Methods	2
MUS 350	Conducting	3
MUS 351	Conducting II	3
MUS 415	Music Theory IV	3
	Total	<u>46</u>

Additional required courses:

EDU 201	Foundations of Education	3
EDU 220	Technology for Teachers	1
EDU 310	Human Relations/Multiculturalism	3
EDU 311	Educational Psychology	3
EDU 335	American Indian Education	3
EDU 412	Adolescent Learners' Needs	3
EDU 424	Literacy Methods in the Content Area	3
EDU 435	Curriculum Standards and Assessment	3
EDU 456	Secondary and Middle Level Teaching Methods	3
EDU 465	Classroom Management for the K–12 Educator	3
EDU 470	K–12 Student Teaching	14
EDU 475	Seminar	2
PSY 237	Developmental Psychology	3
SPD 206	Introduction to Exceptional Students	3
	Total	<u>50</u>

*Keyboard Skills I and II may be waived if students declare piano as their primary or secondary instrument and demonstrate required proficiency.

+ With music department approval

Music majors are required to participate in ensembles for each semester. Each student in this degree program will present a full recital in the senior year, approximately one hour long.

Music

Student must pass a keyboard proficiency test by the end of the fifth semester. The piano proficiency exam is vital to developing the skills of the musician. Students who do not pass the piano proficiency exam by the end of the first year must continue to enroll in applied piano lessons until they are able to complete the requirements of the proficiency exam.

Minor Music

The music minor consists of a series of music courses that will identify and develop a significant degree of appreciation, comprehension and performance ability for each student. The following courses are required for completion of the music minor:

Music Core

MUS 10*/20*/ 30*/40*	Applied Voice or Instrument*	2
MUS 115	Fundamentals of Music	3
MUS 215	Music Theory II	3
MUS 315	Music Theory III	3
MUS 131/231/331, 232/332, 233/333	Ensemble Requirements – 4 semesters	
Electives		<u>9</u>
	Total	20

Electives:

MUS 141	Music Appreciation	3
MUS 311	Music History I	3
MUS 312	Music History II	3
MUS 313	Music History III	3
MUS 320	Computer Music Composition	2
MUS 330	Vocal Literature and Pedagogy	3
MUS 340	Secondary Choral Methods	2
MUS 350	Conducting	3
	Applied Lessons	1

*Music minors are required to enroll in an applied lesson for each semester in which they have declared the minor.

+Music majors are required to participate in ensembles for each semester. Each student in this degree program will present a full recital in the senior year, approximately one hour long.

Students must pass a keyboard proficiency test by the end of the fifth semester. The piano proficiency exam is vital to developing the skills of the musician. Students who do not pass the piano proficiency exam by the end of the first year must continue to enroll in applied piano lessons until they are able to complete the requirements for the proficiency exam.

Course Descriptions

Music (MUS)

101/201/301/401 Applied Piano

.5 hours F, S

Students will receive one half-hour lesson each week. Significant practice time is required. Participation in a student recital and semester jury is required. Students may repeat this course up to four times. An additional fee is required.

102/202/302/402 Applied Voice

.5 hours F, S

Students will receive one half-hour lesson each week. Significant practice time is required. Participation in a student recital and semester jury is required. Students may repeat this course up to four times. An additional fee is required.

Co-requisite: must also be enrolled in a university choral ensemble.

103/203/202/403 Applied Organ

.5 hours F, S

Students will receive one half-hour lesson each week. Significant practice time is required. Participation in a student recital and semester jury is required. Students may repeat this course up to four times. An additional fee is required.

Music

- 104/204/304/404 Applied Instrument** .5 hours F, S
Students will receive one half-hour lesson each week. Significant practice time is required. Participation in a student recital and semester jury is required. Students may repeat this course up to four times. An additional fee is required.
- 105 Class Voice** .5 hours F, S
Students will receive group instruction in voice.
- 115 Fundamentals of Music** 3 hours F
Students will learn tonal harmony in four-part writing using diatonic triads and seventh chords in all inversions. They will analyze musical excerpts related to voice leading, chord use and nonchord tones, and aural skills. Original compositions and other written projects are required. This course partially fulfills requirements leading to K–12 certification in vocal music.
General Education: Effective Expression – Artistic Appreciation
- 116 Keyboard Skills I** 1 hour F
Individual 30-minute weekly lessons for practical application at the keyboard of concepts studied in Music Theory I. Includes scales, intervals, triads, chord progressions, cadences, melodies with chordal accompaniment, sight-reading and transposition.
- 131/231/331 Ensemble** 0 or 1 hour F, S
Various performing ensembles, both vocal and instrumental, will meet. Students may take this class for credit and repeat it up to four times. It may be used to partially fulfill requirements leading to K–12 certification in vocal music.
Prerequisite: Consent of instructor.
Co-requisite: Students enrolled in MUS 231B or MUS 331B, Women’s Chamber Choir, must be concurrently enrolled in MUS 232/332, Wesleyan Choir.
- 134/234/334 Wesleyan Band** 0 or 1 hour F, S
Membership in the Wesleyan Band is open to all Dakota Wesleyan students. The band presents two major concerts each semester and may present concerts off campus at schools and churches, and occasionally music for special community events. Opportunities for participation in pep band and chamber ensembles are available. The band performs a wide range of music, from orchestral transcriptions and standards of the wind band repertoire to new works by emerging composers. Students may take this class for credit up to four times.
- 135/235/335 University/Community Choral Union** 0 or 1 hour F, S
This choir is a large mixed chorus designed to bring the campus and community together in a joint musical effort. Repertoire focuses on the major choral and orchestral works of every stylistic period. The choir often collaborates with the Huron Symphony, Wesleyan University/Community Band or other local instrumentalists. Membership is open to any singer high school age or older. Community members pay a participation fee each semester. DWU students may register as a community member or as a student for academic credit.
- 136/236/336 Wesleyan Bells** 0 or 1 hour F, S
The handbell choir practices handbell performance techniques, and studies, rehearses and performs diverse and challenging handbell music literature. It is open to all students who can read music and wish to learn about handbells and hand chimes.
- 141 Music Appreciation** 3 hours TBA
This course introduces students to the basic concepts of music: melody, rhythm, harmony, form, and instrumental classification. Students will utilize and apply these concepts through experiences in music composition, musical leadership, musical criticism and critical listening through engagement with a variety of Western and non-Western musical styles.

This course is a breadth of knowledge course as designated by Dakota Wesleyan’s general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.
- 215 Music Theory II** 3 hours S
Students will learn tonal harmony in four-part writing using chromatically altered chords, secondary dominant and leading tone chords, mode mixture, augmented sixth and Neapolitan chords, and modulation to closely

Music

related keys. Students will analyze musical excerpts related to voice leading, chromatic chord use and modulation, and aural skills. Original compositions and other written projects are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

Prerequisite: MUS 115.

216 Keyboard Skills II **1 hour** **S**

Individual 30-minute weekly lessons for practical application at the keyboard of concepts studied in Music Theory II. Includes non-chord tones, seventh chords, secondary dominants, modulation, two and three-part score reading/piano pieces, harmonization, sight-reading and transposition.

232/332 Dakota Wesleyan Choir **0 or 1 hour** **F, S**

Membership in the Dakota Wesleyan Choir is open by audition to all students. The choir presents two major concerts each semester, including concerts off campus at schools and churches and occasionally music for special community events. The choir performs music from the Renaissance to the 20th century. Students may take this class for credit up to four times.

233/333 Highlanders **0 or 1 hour** **F, S**

This is a select vocal performing ensemble, open by audition only. Students may take this class for credit and repeat it up to four times. It may be used to partially fulfill requirements leading to K–12 certification in vocal music.

Prerequisites: Audition and consent of instructor. Concurrent enrollment in MUS 232 or MUS 332.

242 Elementary Music Methods and Materials **2 hours** **F20**

Students will learn about general methods and materials for teaching music in the elementary school. Students will consider relevant philosophies and practices; formulate instructional objectives; establish and evaluate learning experiences and develop instructional techniques for classes, small groups and individuals. The class emphasizes basic musicianship and activities and introduces classroom instruments commonly used. Students will plan and teach sample lessons and develop a bibliography.

250 World Music **3 hours** **S20**

This is a general introduction to the music of the world. Significant time is required to examine and listen to various examples of music of many cultures. Written assignments, including a term paper, are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

311 Music History I **3 hours** **F20**

Students will study the historical development of music in Western civilization from the Medieval period to the end of the Baroque. Emphasis is placed on music's cultural implications, composers, styles and performance practices. Written assignments, including two major papers, are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

312 Music History II **3 hours** **S21**

Students will study the historical development of music in Western civilization during the Pre-Classical through the Romantic eras. This course continues to place an emphasis on music's cultural implications, composers, styles and performance practices. Written assignments, including two major papers, are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

313 Music History III **3 hours** **S22**

Students will study the historical development of music in Western civilization from the late 19th century to the present with an additional focus on non-Western musical styles. This course continues to place an emphasis on music's cultural implications, composers, styles and performance practices. Written assignments, including two major papers, are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

315 Music Theory III **2 hours** **F**

Students will study chromatically altered chords, secondary dominant and leading tone chords, and modulation to distant keys. Students will continue to develop keyboard and aural skills. Original compositions and other written projects are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

Prerequisite: MUS 215.

320 Computer Music Composition **2 hours** **TBA**

Music

Students will learn basic principles of scoring, transcribing and arranging music for choral ensembles, including writing and arranging for individual voices, small ensembles and large groups. Written assignments, including one arrangement for voices and instruments, are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

330 Vocal Literature and Pedagogy **2 hours** **F21**

This course is designed to help students gain a better understanding of the vocal mechanism, its physiology and correct use. Students will learn basic techniques of singing and methods for teaching singing. This course includes a survey of art songs and vocal literature particularly suited for secondary students. This course partially fulfills requirements leading to K–12 certification in vocal music.

Prerequisite: Consent of instructor.

340 Secondary Choral Methods **2 hours** **F20**

Students will learn methods and materials for developing comprehensive musicianship through choral music. Students will consider the changing voice, choral music repertoire and rehearsal techniques, methods for recruiting and organizing choral ensembles, budgeting and program administration.

341 String Methods **1 hour** **F20**

Students will learn the basic technique of playing stringed instruments with an emphasis on a basic understanding, care, maintenance and effective teaching of the instruments.

342 Percussion Methods **1 hour** **S21**

Students will learn the basic technique of playing both pitched and unpitched percussion instruments with an emphasis on a basic understanding, care, maintenance and effective teaching of the instruments.

343 Brass Methods **1 hour** **F20**

Students will learn the basic technique of playing brass instruments with an emphasis on a basic understanding, care, maintenance and effective teaching of the instruments.

344 Woodwind Methods **1 hour** **S20**

Students will learn the basic technique of playing woodwind instruments with an emphasis on a basic understanding, care, maintenance and effective teaching of the instruments.

345 Band/Symphony Methods **2 hours** **F20**

Students will learn methods and materials for developing comprehensive musicianship through instrumental music. Students will consider instrumental pedagogy and philosophy, instrumental repertoire and rehearsal techniques, methods for recruiting and organizing band and orchestral ensembles, budgeting, and program administration.

350 Conducting **3 hours** **S20**

This is a comprehensive course in conducting. Students will learn score reading, score preparation and analysis, and conducting techniques. Preparation and performance of music for the public are required. This course partially fulfills requirements leading to K–12 certification in vocal music.

351 Conducting II **3 hours** **F20**

Students will continue to develop their skills as a conductor by developing independence of hands, advanced patterns and presence as a musical leader. Emphasis will be placed on score study, comprehensive musicianship and developing a personalized conducting style. Students will be asked to conduct university ensembles outside of regularly scheduled classroom time.

Prerequisite: MUS350.

400 Special Projects in Music **3 hours** **F, S**

This course is offered on an individual basis. The projects will vary according to the needs and interests of the student enrolled.

Prerequisite: Consent of instructor.

415 Music Theory IV **3 hours** **S**

This course is a continuation of the Music Theory sequence with emphasis on 16th and 18th-century counterpoint and 20th-century chromatic harmony.

Music

425 Recital

1 hour F, S

The recital is the culmination for all seniors pursuing the Bachelor of Arts degree in music. Repertoire for the recital should be about 25–30 minutes in length per person for a half recital, and 45–50 minutes in length for a solo recital. The music performed in the recital should show a variety of style periods and technical skills appropriate to a collegiate recital. Students are graded on pass/fail basis for their recital credit.

490 Advanced Musicianship

3 hours S odd

In this course, students will develop their aural skills with regards to sight-reading, melodic, rhythmic and harmonic dictation, interval recognition and other advanced musicianship skills.

Prerequisite: MUS 215.

Course Descriptions

Art (ART)

141 Introduction to Artistic Appreciation

3 hours TBA

This course introduces students to the basic concepts of visual art, music and theatre. Students will utilize and apply these concepts through experiences in design, historical context, career opportunities and criticism, engaging with a wide variety of works of art in visual, musical and theatrical areas.

Nonprofit Administration (NPA)

College of Leadership and Public Service

www.dwu.edu/npa

There are more than 1.5 million registered nonprofit organizations in the United States. According to the Bureau of Labor Statistics (2019) the nonprofit workforce is the third largest in the U.S., employing more than 12 million people, with a faster growth rate than the for-profit sector. The nonprofit field is rich with diverse employment opportunities including social services, art, health, education, advocacy and business and professional associations.

The NPA major and minor at Dakota Wesleyan University prepares students for leadership careers in the nonprofit sector both domestically and internationally. Graduates of the NPA program will understand important theories and practices related to nonprofit leadership and management. Majors and minors will spend ample time applying course concepts through innovative community-based-learning projects that include developing a nonprofit organization, advocating for policy reform, creating financial stewardship strategies and providing organizational development assistance.

Objectives:

Graduates of the nonprofit administration major will be able to:

1. Understand important theories related to organizing and leading in the nonprofit sector;
2. Develop analytic, communication and problem-solving skills necessary for nonprofit administration; and
3. Apply classroom knowledge to service in the nonprofit sector.

Major

Nonprofit Administration

BUS 155 or BUS 251	Survey of Accounting or Principles of Financial Accounting	3
BUS 321	Organizational Behavior	3
BUS 322	Human Resource Management	3

NPA 313	Resource Development and Stewardship	3
NPA 370	Program Design and Evaluation	3
NPA 400	Nonprofit Administration Seminar	3
	Electives	6
	Total	<u>39</u>

Electives Options (choose six credits for major in consultation with advisor)

BUS 315	Leadership and Communication
BUS 320	Supervisory Management
BUS 371	Principles of Marketing
COM 205	Communication, Media and Society
DMD 247	Web Page Design
ENG 215	Business and Technical Writing
LAN	3-6 credits in any language
NPA 301	Global Service
NPA 450	Internship
NPA 461	Travel Seminar
SOC 317	Minority Groups

Minor

Nonprofit Administration

Students seeking a minor in nonprofit administration must complete the following courses:

BUS 155/BUS 251	Survey of Accounting or Principles of Financial Accounting	3
BUS 321	Organizational Behavior	3
NPA 300	Nonprofit Development and Management	3
NPA 310	Public Policy	3

Nonprofit Administration

NPA 311	Social Justice and Civic Engagement	3
NPA 313	Resource Development and Stewardship	3
NPA 370	Program Design and Evaluation	<u>3</u>
	Totals	21

An associate degree in human services from Mitchell Technical Institute may be applied toward a bachelor's degree in (criminal justice, nonprofit administration, psychology), allowing completion of this bachelor's degree in two years.

Course Descriptions

Nonprofit Administration (NPA)

300 Nonprofit Development and Management **3 hours F, Even**

During this course students will learn about important governance and management practices related to nonprofit administration. These include principles and practices of a nonprofit board of directors, policies and procedures for effective nonprofit administration and volunteer recruitment and management.

301 Global Service **3 hours TBD**

This is an experiential learning course through which students engage in teaching English as a second language to refugees, immigrants and migrants with a local community organization. In addition to service-learning, students will learn about political, socioeconomic and civil issues that impact people around the world.

310 Public Policy **3 hours S, Odd**

This course is a study of how public policy is formed, concepts common to public policy analysis and how to communicate and persuade various publics about policy issues. The course includes hands-on field experiences and community-based-learning projects in which students engage in policy work.

311 Social Justice and Civic Engagement **3 hours TBD**

This course focuses on a range of theoretical issues related to oppression and social justice. During the course, students will explore important humanitarian issues impacting our global environment and review the vision and progress of agencies dedicated to positively affecting social injustices.

313 Resource Development and Stewardship **3 hours F, Odd**

Throughout this course students will learn fundamental practices essential to funding nonprofit organizations. Topics covered will include grant writing, prospect development, donor relationships and recognition, case statement preparation, types of giving, and stewardship of resources. Students will also be engaged in experiential learning activities that may involve fundraising event assistance, writing a grant and analyzing an organization's fundraising strategy.

370 Program Design and Evaluation **3 hours S, Even**

This course helps students become proficient in designing and evaluating programming for nonprofit organizations. Throughout the course, students will discover best practices for program design and development, examine various methods and tools for program evaluation, explore strategies for communicating program outcomes and discover how to use program evaluation to inform improvement strategies.

400 Nonprofit Administration Seminar **3 hours S**

In this capstone course, the student will be expected to synthesize and integrate the concepts and theories of the NPA curriculum in an applied learning project. During this course, students will engage in either developing an original nonprofit organization, researching an issue for a nonprofit organization, or working on a major nonprofit development project for a local, regional or global nonprofit organization.

461 Nonprofit Travel Seminar **1–3 hours TBA**

This seminar provides an opportunity for students to serve others while learning about important global issues that may include poverty, education, hunger, global politics, health and global economics. During this travel course students will actively assist international nonprofit organizations with a variety of service projects while learning about cultures.

Nursing (NUR)

Donna Starr Christen College of Healthcare, Fitness and Sciences

www.dwu.edu/nursing

The Arlene Gates Department of Nursing at Dakota Wesleyan University offers the Bachelor of Science Nursing on the Mitchell campus.

Mission Statement of the Arlene Gates Department of Nursing

The Arlene Gates Department of Nursing at Dakota Wesleyan University aspires to prepare students for meaningful careers in professional nursing in a liberal art setting. The nursing faculty cultivates a challenging learning environment based on Christian values and acceptance of diversity. The Arlene Gates Nursing Department fosters professional growth, leadership, lifelong learning and commitment to service.

General Program Policies

The nursing programs at DWU reflect the institution's commitment to service and leadership within the region. Policies described in Academic Regulations and the DWU Student Handbook apply to nursing students; however, because of the nature of the program, additional policies regarding health requirements, class and clinical attendance, grading scale and progression are available to nursing students in the applicable nursing student handbook.

There are specific laws and rules regulating nursing in South Dakota that lists reasons a license to practice nursing may be denied, revoked or suspended. Questions regarding these rules should be clarified by seeking advice from the South Dakota Board of Nursing at 605-362-2760 before admission into the nursing program. Candidates for licensure as a registered nurse must have the abilities and skills that enable him/her to acquire essential specialized knowledge and to use this knowledge in planning and delivering nursing care. A copy of "Abilities, Skills and Characteristics Essential for Admission and Retention in the Dakota Wesleyan University Nursing Program," included in the nursing program student handbook, is available from the department of nursing. Nursing students are expected to verify that they have the physical, emotional and other capabilities required to function as a nursing student and as a registered nurse. Admission may be denied or revoked if a student is unable to meet these basic abilities and skills.

Nursing students are expected to adhere to the principles of the Code of Ethics for Nurses, adopted by the American Nurses Association, which communicates a standard of professional behavior throughout the nursing program.

The Arlene Gates Department of Nursing at DWU has affiliation agreements for nursing student clinical experiences with various hospitals, long-term care facilities and community agencies across the state. Clinical rotations may require some travel. Students are responsible for travel expenses.

Admission Policy

Admission to each of Dakota Wesleyan's three nursing tracks (i.e., on-campus bachelor's program, online RN-BS, and hybrid LPN-BS) is competitive. This means that, historically, there are more applicants than there are available seats in each program and cohort. The Nursing Admissions Committee considers the following criteria in ranking applicants for admission to each track:

- The applicant's ACT or SAT score, (to be competitive in the admission process, applicants should have a composite ACT score of 19 or above or an SAT score of 900 (critical reading + math).
- The applicant's ACT or SAT reading score, (to be competitive in the admission process, applicants should have an ACT reading sub score of 20 or above or an SAT critical reading sub score of 400 or above.
- The applicant's high school (or college) cumulative grade point average (GPA) should be a 2.7 or above, in order to be competitive in admission's process.

An admission appeal process exists for students who do not meet the above requirements but have extenuating circumstances. Address written requests for exceptions to the admission requirements policy to the Nursing Admission Committee and mail to Admissions, DWU Campus Box 902, 1200 West University Avenue, Mitchell, SD 57301.

The baccalaureate program at Dakota Wesleyan University is accredited by the Commission on Collegiate Nursing Education (CCNE), 655 K Street NW, Suite 750, Washington, D.C., 20001, 202-887-6791. The nursing program has been granted interim status by the South Dakota Board of Nursing, 4305 S. Louise Ave., Suite 201, Sioux Falls, SD 57106-3115, 605-362-2760.

Nursing

Program Purpose

The nursing program is designed to offer the body of knowledge and experiences necessary to prepare individuals for a bachelor's degree nursing practice. Nursing graduates of Dakota Wesleyan University earn a Bachelor of Science degree and will have satisfied the academic requirements necessary for eligibility to take the National Council of State Boards of Nursing Licensing Examinations for Registered Nurses (NCLEX-RN).

Program Learning Outcomes

Provider of Care

The student will:

1. Incorporate the nursing process and critical thinking skills in provision of holistic evidence-based nursing care that promotes the adaptive capabilities of culturally diverse groups of clients, families, populations and communities;
2. Design teaching/learning strategies in collaboration with individuals, groups, families, populations and communities that reflect their learning needs and adaptive capabilities; and
3. Formulate primary, secondary and tertiary preventive strategies that promote adaptive lifestyle behaviors in collaboration with individuals, groups, families, populations and communities.

Manager of Care

The student will:

1. Generate case management strategies that reflect effective communication and collaboration with inter-professional teams, effective use of technological resources and cost-effectiveness; and
2. Display servant leadership and management strategies that reflect empowerment of others.

Member of a profession

The student will:

1. Adheres to professional behaviors that encompass moral, legal, and ethical nursing standards in professional care of individuals, groups, families, populations and communities.

Clinical Requirements

Documentation of the following requirements must be provided before students can participate in clinical experiences.

- Medical information requirements for nursing students (including immunizations).
- Current American Heart Association Healthcare Provider certification including adult, child and infant CPR and AED.
- Incoming NUR 216 students are strongly encouraged to be a CNA prior to beginning the spring semester of the sophomore year. Students are responsible for all costs related to initial certification and renewal of CNA certification.
- Completion of criminal background check.

DWU nursing students are covered under a blanket professional liability insurance policy (\$1 million per occurrence and \$5 million aggregate), which covers the student only while he/she is participating in clinical learning experiences for the DWU nursing program.

Progression in the Nursing Program

Students must have a cumulative grade point average (GPA) of at least a 2.7 in order to register for NUR 216. Students must take nursing courses in sequence. A minimum grade of C in English composition, or C- in general education or support courses is required. Only one general education course may be repeated. A grade of B- (79.5 percent) in nursing theory and a Satisfactory rating in clinical and simulation must be achieved to successfully complete a nursing course. Only one nursing course may be repeated.

All courses listed in the nursing plan of study must be taken for a grade. Courses taken as credit/no credit will not be accepted towards the major.

Course Descriptions

Bachelor of Science in Nursing (B.S.) – Mitchell

110 Medical Terminology 1 hour F, S

This course is the study of medical terminology. It includes the definition and use of medical terms common to many health-related professionals. This is an online course.

111 Medication Calculation 2 hours S

This clinical course is a study of a multi-method approach to medication dosage calculation, including competence of medication administration in the laboratory setting. This course provides the foundation of dosage calculation and medication administration for the professional nurse in general practice. This is a hybrid course.

216 Introduction to Professional Nursing Concepts 2 hours (1.5, .5)* S

This clinical and didactic course introduces the three domains of professional nursing: provider of care, manager of care and member of a profession. The student will explore foundational concepts associated with baccalaureate nursing practice. Major concepts include health, wellness and illness, caring interventions, communication, spirituality, mobility and an introduction to the nursing process.

Prerequisites: BIO 220, CHM 164, CHM 166, CHM 174, CHM 174L.

Corequisites: BIO 333, BIO 330, NUR 316.

310 Health Concepts I 7 hours (4, 3)* F

This clinical and didactic course is the first of four that focuses on the domains of provider of care, manager of care and member of a profession to include protection, promotion and optimization of health and abilities of the healthcare participant across the lifespan. The student will apply concepts in the classroom, laboratory and/or clinical setting. Major concepts include: comfort, immunity, infection, inflammation, tissue integrity, digestion, elimination and culture and diversity. This is a hybrid course.

Prerequisites: NUR 110, NUR 111, NUR 216, NUR 316.

Corequisites: NUR 321, NUR 326.

Nursing

316 Pathophysiology for Nursing Care **3 hours** **S**

This course focuses on the pathophysiology of normal body functioning of healthcare participants and will also facilitate the student's ability to manage health deviations of healthcare participants across the lifespan. Prerequisites: BIO 220, CHM 174/CHM174L. Corequisites: BIO 333, BIO 330, NUR 216.

318 Leadership and Management for Nursing I **3 hours** **S**

This course is the first of two that focuses on the three domains of provider of care, manager of care and member of a profession. The student will apply concepts to professional nursing practice. It includes concepts associated with mentoring and staff development, clinical decision support systems, the nurse practice act, safety considerations and evidenced-based practice. The major concepts include teaching and learning, informatics, legal issues, safety and professional behaviors and accountability. This is a hybrid course.

Prerequisites: NUR 310, NUR 321, NUR 326.
Corequisites: NUR 320.

320 Health Concepts II **7 hours (5, 2)*** **S**

This clinical and didactic course is the second of four that builds upon the three domains of provider of care, manager of care and member of a profession to include protection, promotion and optimization of health and abilities of the healthcare participant across the lifespan. The student will apply concepts in the classroom, laboratory and or clinical setting. The major concepts include fluid and electrolytes, acid-base imbalance, oxygenation, perfusion, perioperative care and metabolism.

Prerequisites: NUR 310, NUR 321, NUR 326.
Corequisites: NUR 318.

321 Health Promotion and Assessment for Nursing Care **4 hours (3.5, .5)*** **F**

This clinical and didactic course focuses on comprehensive health assessment to promote health and well-being across the lifespan. Students will begin to utilize therapeutic and inter-professional communication skills essential to the interview process. They will also be introduced to the methods and techniques used to obtain objective data. Through this course, they will expand their use of the nursing process and prioritization of care. Major concepts include sensory perception, development, assessment and clinical decision-making.

Prerequisites: NUR 216, NUR 316.
Corequisites: NUR 310, NUR 326.

326 Pharmacology for Nursing Care **4 hours (3.5, 0.5)** **F**

This clinical and didactic course focuses on collaborative nursing management required for pharmacological and parenteral therapies for healthcare participants across the lifespan. Emphasis is given to maximizing therapeutic effect, strategies to minimize adverse effects and patient and family education. This course provides the foundation of basic pharmacology for a professional nurse in general practice.

Prerequisites: NUR 216, NUR 316.
Corequisites: NUR 310, NUR 321.

332 Nutrition Concepts in Health and Illness **3 hours** **S**

This course investigates the basic principles of human nutrition in health and during illness in patients across the life span. An emphasis is on nursing care of patient's nutrients, food sources, nutritional foundations, and on nutritional imbalances experienced during times of wellness and illness/disease. Students will not receive credit for both HLT 332 and ATN 320. This is an online course.

410 Health Concepts III **7 hours (4, 3)*** **F**

This clinical and didactic course is the third of four that builds upon the three domains of provider of care, manager of care and member of a profession to include protection, promotion and optimization of health and abilities of the healthcare participant across the lifespan. The student will apply concepts in the classroom, laboratory and or clinical setting. The major concepts include sexuality, family, grief and loss and reproduction.

Prerequisites: NUR 318, NUR 320.
Corequisites: NUR 426.

418 Leadership and Management for Nursing II **3 hours** **S**

This course is the final of two that focuses on the three domains of provider of care, manager of care and member of a profession. The student will apply concepts to professional nursing practice. It includes concepts associated with care coordination, patients' rights, ethical considerations and quality improvement.

The major concepts include managing care, advocacy, collaboration, ethics, quality improvement and evidence-based practice. This is a hybrid course.

Prerequisites: NUR 410, NUR 426.

Corequisites: NUR 420, NUR 440, NUR 450.

420 Health Concepts IV

6 hours (5, 1)*

S

This clinical and didactic course is the final of four that builds upon the three domains of provider of care, manager of care and member of a profession to include protection, promotion and optimization of health and abilities of the healthcare participant across the lifespan. The student will apply concepts in the classroom, laboratory and or clinical setting. The major concepts include cellular regulation, intracranial regulation, thermoregulation, addiction, cognition, mood and affect, self, violence and stress and coping.

Prerequisites: NUR 410, NUR 426.

Corequisites: NUR 418, NUR 440, NUR 450.

426 Nursing Focus on Population Health

4 hours (3.5, .5)*

F

This clinical and didactic course focuses on the three domains of provider of care, manager of care and a member of a profession. The student will apply concepts to professional nursing practice and will utilize an appropriate nursing theoretical framework. The course includes concepts of population focused health promotion and access to healthcare, disease and injury prevention based on the interconnections of the determinants of health (local, national and global health including lifestyle, social circumstances, behavioral choices, environmental conditions, medical care/health care systems and gestational endowments). The major concepts include healthcare systems, regulatory agencies, health policy and quality improvement. This is a hybrid course.

Prerequisites: NUR 318, NUR 320.

Corequisites: NUR 410.

440 Nursing Research

4 hours

S

The focus of this nursing course is to prepare the student to critically evaluate nursing research and discuss the importance of evidence-based practice at the baccalaureate level. This course will examine the basic components of qualitative and quantitative research as well as the ethical considerations in nursing research. The course emphasizes correlations between patient-centered care, safety, professional role, evidence-based practice and patient outcomes. The course will combine an evidence-based project and a capstone presentation at the baccalaureate level. This is a hybrid course.

Prerequisites: NUR 410, NUR 426.

Corequisites: NUR 418, NUR 420, NUR 450.

450 Transition into Practice

3 hours (0, 3)*

S

This clinical course provides the opportunity to apply, integrate, synthesize and evaluate concepts of professional nursing practice in a structured clinical environment in collaboration with a preceptor, to enhance the student's transition into professional practice. This course will also serve to enhance student readiness for the professional licensure exam.

Prerequisites: NUR 410, NUR 426.

Corequisites: NUR 418, NUR 420, NUR 440.

Political Science (POL)

College of Arts and Humanities

www.dwu.edu/history

Political science is the study of human behavior as it relates to government and politics. Dakota Wesleyan University offers a minor in political science, a course in political science that meets a General Education requirement, and courses in political science that provide electives in the social sciences and supports criminal justice majors. Courses in political science may also be supportive of students with interests in law school.

Course Descriptions

Political Science (POL)

141 U.S. Government and the Constitution **3 hours** **F**

This course is an introductory survey of founding principles, organization, processes and functions of government and politics in the United States.

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

250 Introduction to International Relations **3 hours** **S21**

This course introduces major theoretical approaches and fundamental concepts in international relations. The course will examine contemporary international issues and events through these theoretical and conceptual lenses and from a perspective informed by history.

351 American Foreign Policy **3 hours** **F21**
(Refer to HIS 351)

352 Political Thought **3 hours** **S22**

This course is a survey of the leading Western philosophers from Plato to present. The course examines original political ideas and how those ideas have shaped modern political thought. Readings include selections from the *Federalist Papers*.

355 The U.S. Constitution **3 hours** **S22**

This course is a survey of the U.S. Constitution and its foundations to the present. The course will examine the creation of the U.S. Constitution and the major interpretations of it by the U.S. Supreme Court and their significance to the American political and legal systems.

Cross listed as HIS 355

386 Modern Asia **3 hours** **F20**
(Refer to HIS 386)

Psychology (PSY)

College of Leadership and Public Service

www.dwu.edu/psychology

Psychology is the study of mental processes and behavior. Psychology majors will learn to use theory and research to describe, predict and explain behavioral patterns that take place in a variety of settings. A minor in psychology is also available. The psychology department seeks to develop the scientist-practitioner who is compassionate, curious and responsible. A criminal background check may be required for this major.

Major

Psychology

MTH 200	Statistical Methods I	3
PSY 131	General Psychology	3
PSY 202	History of Psychology	3
PSY 237	Developmental Psychology	3
PSY 333	Cognitive Psychology	3

PSY 435	Experimental Psychology	3
PSY 443	Abnormal Psychology	3
PSY 482	Senior Thesis	6
PSY	Elective	3
SOC 332	Social Psychology	<u>3</u>
	Total	36

Concentration in Counseling

The concentration in counseling is designed for students interested in working with individuals and groups to promote mental and emotional health. Professionals in this field help people cope with mental health issues, recover from traumatic events and provide support and guidance to individuals. Psychology majors with this concentration may seek employment in a wide variety of professional settings. For instance, they might work in mental health clinics, health facilities, substance abuse treatment centers or residential treatment centers. Other students may choose to continue their education in graduate programs. Students may opt to complete this concentration in lieu of a minor.

To the 36-credit Psychology major, described above, the following courses are added:

COM 210	Interpersonal Communication	3
PSY 245	Drug Use and Abuse	3
PSY 270	Theory and Practice of Counseling	3
PSY 310	Alcohol Use and Abuse	3
PSY 400	Group Counseling	3
PSY 451	Family Counseling	<u>3</u>
	Total	18

PSY 337	Adolescent Psychology	
SOC 350	Adjustment to Aging	3

Choose one of the following:

BUS 321	Organizational Behavior	
PSY 270	Theory and Practice of Counseling	
PSY 381	Psychology of Personality	<u>3</u>
	Total	18

Psychology

An associate degree in Human Services from Mitchell Technical Institute may be applied toward a bachelor's degree in (Criminal Justice, Nonprofit Administration, Psychology), allowing completion of this bachelor's degree in two years.

Course Descriptions

Psychology (PSY)

131 General Psychology

3 hours F, S

This overview of the discipline explores human and animal behavior and consciousness. The diversity within the discipline is reflected in the range of subjects presented, including motivation, emotion, perception, sensation, learning, intelligence and personality.

141 Foundations of Psychology and Behavioral Science

3 hours F, S

This course provides students with an opportunity to study cognitive, social, developmental and individual psychology within the broader context of the behavioral sciences. The course offers an overview of situational and dispositional influences on behavior, communication and persuasion, theories of learning and ecological systems and the mechanisms that underlie group behavior. Students learn to identify and address factors critical for healthy psychological and social development and use this knowledge, in turn, to design and develop means of unifying and strengthening communities.

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

202 History of Psychology

3 hours S

This course is a study of the major people, movements and events in the evolution of the discipline. This course attempts to make connections between historical and current developments within the field.

237 Developmental Psychology

3 hours F, S

This course is a sequential study of the individual from conception to death. Students will study research regarding human physical, cognitive and social-emotional development, along with implications for parents, teachers and counselors.

245 Drug Use and Abuse

3 hours F

This course is an introduction to the physical, psychological and social effects of drug use and abuse in American society. This course is designed to assist students in making value choices relative to their own use of legal and illegal drugs.

270 Theory and Practice of Counseling

3 hours F

This course examines counseling theories, techniques, differences and similarities in counseling and interviewing. Students will discuss the ethical responsibilities of a counselor

310 Alcohol Use and Abuse

3 hours S

This course is a study of the psycho/social aspects of addiction. Study will include symptoms, causes and available treatment approaches. This course serves as an introduction to alcohol and related drug abuse. Students will explore historical, theoretical and current perspectives of alcoholism.

333 Cognitive Psychology

3 hours F

This course is a study of the mental processes involved as a person acquires and uses knowledge. Students will explore historical and philosophical issues, including process models, information theory, artificial intelligence, visual and auditory cognition, psycholinguistics, memory, attention, problem solving and concept formation.

Prerequisites: PSY 131 and PSY 237.

337 Adolescent Psychology

3 hours F

This course is an in-depth study of the patterns of change occurring during early and late adolescence and youth. Students will explore the impact of adolescence on personal, peer, family, school and community relationships.

Prerequisite: EDU 201, PSY 131 or PSY 237.

380 Learning and Memory

3 hours TBA

Students will study the principles and applications of learning theory and learning processes, along with research related to memory and retrieval.

Prerequisite: PSY 333.

Psychology

- 381 Psychology of Personality** **3 hours** **S**
This course is a study of the major approaches to the field of personality development, including trait, biological, psychoanalytic, humanistic, behavioral and cognitive research paradigms.
- 400 Group Counseling** **3 hours** **S20**
Students will learn counseling theories and techniques related to operational practices in group counseling, including group structure, processes and dynamics.
Prerequisite: PSY 270
- 435 Experimental Psychology** **3 hours** **S21**
Students will study scientific methodology in general and the experimental method in particular. They will explore classical and contemporary studies in basic and applied psychology.
Prerequisites: MTH 200 and PSY 131.
- 443 Abnormal Psychology** **3 hours** **S**
This course is a study of the dynamics of abnormal personality development and behavior, including a comprehensive study of the origin, symptoms and treatment of psychological disorders. Students will be exposed to the diverse aspects of clinical psychology.
Prerequisite: Six credit hours of psychology courses.
- 445 Physiological Psychology** **3 hours** **TBA**
Students will study the physical nature of the brain and its relationship to psychology.
- 451 Family Counseling** **3 hours** **SP21**
Students will study the theories and techniques of working with families in human service settings. The class explores the dynamics of healthy and dysfunctional families.
Prerequisite: PSY 270.
- 482 Senior Thesis** **3–6 hours** **F, S**
This course involves a yearlong research project planned and carried out by the student with guidance from a faculty member. It is an opportunity to exercise the methodological skills and to synthesize the knowledge gained in coursework through the student's program. The student must provide the structure.
Prerequisite: 12 credit hours in psychology courses.

Religion (REL) and Philosophy (PHL)

College of Arts and Humanities

www.dwu.edu/religion

The purpose of the DWU Department of Religion and Philosophy is to enable all DWU students to understand relevant issues in philosophy and religion so as to enhance a life of sacrificial service to God and others. The purpose of the Christian Leadership program is to train passionate and informed Christian leaders to build communities of faith that inspire non-religious and nominally religious people to become deeply committed disciples of Jesus Christ for the transformation of the world.

This program requires experiences of spiritual growth along with academic training. It also provides ample opportunity for internships in churches and regional ministries. Students in this department participate in Student Ministry Council, weekly Bible study and planning chapel services. They also travel locally and the world on educational/service trips to Peru, Mexico, East Africa and Israel.

DWU offers two majors and two minors: Religion Studies and Christian Leadership. Students must choose between these options and may not choose two of them at once. For instance, a major in Christian Leadership may not select a minor or double major in Religious Studies.

Religious Studies and Christian Leadership Curriculum

Courses for both Religion and Christian Leadership Majors

PHL 220	Intro to Ethics	3
REL 112	Christian Faith and Practice	3
REL 210	Understanding the Old Testament	3
REL 215	Life and Teachings of Jesus	3
REL 216	Life and Letters of Paul	3
REL 302	Faith and Reason	3
REL 314	World Religions	3
REL 323	Biblical Interpretation and Proclamation	3
REL 360	Death, Dying and Life after Death	3
REL 490	Religion Capstone	3

Christian Leadership Major

REL 155	Spiritual Formation I	1
REL 340	Exploring Christian Ministry	3
REL 355	Spiritual Formation II	1

Choose one of the following 3

ENT 224	Entrepreneurial Leadership	
NPA 210	Principles of Leadership and Service	
NPA 311	Social Justice and Civic Engagement	

Choose one of the following 3

*REL 450	Internship	
REL 461	Travel Seminar	

*REL 450 Students may earn up to 12 hours of internship; however, only 3 may apply to the major.

Total hours for Christian Leadership 41

Religious Studies Major

*REL 450	Internship	3
**REL 461	Travel Seminar	3
Total		<u>36</u>

*Students can take up to 12 credit hours of internship.

**Three credit hours of internship may substitute for REL 461.

Minors

Christian Leadership and Religious Studies

PHL 220	Introduction to Ethical Issues	3
REL 112	Christian Faith and Practice	3

Religion and Philosophy

REL 210	Understanding the Old Testament	3
REL 215	Life and Teachings of Jesus	3
REL 216	Life and Letters of Paul	3
REL 314	World Religions	3

Christian Leadership

REL 155	Spiritual Formation	1
REL 340	Exploring Christian Ministry	3

*Christian Leadership minors may substitute REL 450 or 461 for one of the above 3 credit courses.

Totals		
Religious Studies Minor		18
Christian Leadership Minor		22

Other Programs

DWU and the Kairos Project

The Kairos Project is an alternative educational track within the Master of Divinity, Master of Arts in Christian Leadership and Master of Arts (Bible and Theology) programs at Sioux Falls Seminary that facilitates flexible learning through contextually integrated educational moments and adaptable assignments. It is designed specifically for individuals who are actively engaged in ministry. Students accepted into the Kairos Project move toward outcome-based, Christian maturity under the supervision of a mentor team, by the direction of faculty and through participation in a cohort-based community of learning. Dakota Wesleyan University students who are called to the ministry (whatever their DWU major) are invited to speak with either Dr. Joel Allen or the Rev. Eric Van Meter about the possibility of applying their ministry-related experiences toward eventual seminary credit.

Course Descriptions

Religion (REL)

112 Christian Faith and Practice **3 hours** **S**
 This course will explore the intellectual content of historic Christian faith as it has been expressed in the ecumenical creeds and other features of the Christian theological tradition.

121 Introduction to the Bible **3 hours** **S**
 This course is an introductory user's guide to the Bible, including basic selected content, historical background of people and writing, theories of interpretation, introduction to resources and application to current issues.
 General Education: Personal Growth and Maturity.

141 Religion, Philosophy and Ethics **3 hours** **F/S**
 This course is cross listed as PHL 141. Students may use either designation. This course introduces students to seminal concepts in religion, philosophy and ethics. Concepts explored include transferable wisdom from world religions, principles of logical thinking, lessons from philosophy and ethical decision-making. Cross-listed as PHL141

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

155 Spiritual Formation **1 hour** **S**
 Students will meet with a spiritual director for the purposes of spiritual study, devotion and growth.
 Prerequisite: Consent of instructor.
 Repeatable for two credits.

210 Understanding the Old Testament **3 hours** **F21**
 Students explore the basic teachings of the Hebrew scriptures as represented in the teachings, prophets and poetry of the Old Testament. This course gives attention to the Old Testament's meaning in its own historical setting, as well as its connections to the New Testament and Christianity.

215 The Life and Teachings of Jesus **3 hours** **S22**
 This course examines the Gospels in their historical setting and contemporary significance and is aimed at understanding what we know about Jesus and the lifestyle he lived and taught.

Religion and Philosophy

- 216 The Life and Letters of Paul** **3 hours** **F22**
This course examines Paul's life and letters in the context of the growth and problems of the early churches.
- 302 Faith and Reason** **3 hours** **S23**
This class will explore the tensions between faith and reason, the reasonableness of historic Christian faith and the tensions between religion and science. It will shed light on questions concerning belief in God, the Scriptures as divine revelation, views on interpretation of the biblical creation stories, science and design inferences from science.
- 314 World Religions** **3 hours** **F21**
This course is a comparative survey of the major religious systems of the world, both Eastern and Western, with emphasis on those religions currently in practice.
- 315 American Religions** **3 hours** **TBA**
This course is a study of religious groups in America, both historical and contemporary, including a survey of traditional denominations and their beliefs, as well as newer movements and cults.
- 323 Biblical Interpretation and Proclamation** **3 hours** **F20**
This course will introduce students to best principles and practices for biblical interpretation. The class will explore the history of biblical interpretation, biblical interpretation as it is practiced within the Bible itself and various theories of text interpretation. The class will seek to train students in best practices for teaching and preaching the scriptures in a church context.
Prerequisites: REL 210, REL 215 or REL 216.
- 330 Hellenistic Greek I** **3 hours** **TBA**
This course is the first half of a study of the Koine form of the Greek language, which was used in the Hellenistic world and in the New Testament. The two-semester sequence will provide a basic reading knowledge of the New Testament, the Septuagint and other early Greek literature. This course is offered as directed study and does not count toward a Christian Leadership major or minor.
- 331 Hellenistic Greek II** **3 hours** **TBA**
This course is the second half of a study of the Koine form of the Greek language. This course is offered as directed study and does not count toward a Christian Leadership major or minor.
- 332 Biblical Hebrew I** **3 hours** **TBA**
This course will explore the grammar, syntax and vocabulary of Biblical Hebrew in a two-semester sequence with a view toward competency in reading, understanding and interpreting the Hebrew Scriptures.
Prerequisites: REL 210.
- 333 Biblical Hebrew II** **3 hours** **TBA**
This course is the second half of a study in the exploration of the grammar, syntax and vocabulary of Biblical Hebrew with a view toward competency in reading, understanding and interpreting the Hebrew Scriptures.
Prerequisite: REL 332.
- 340 Exploring Christian Ministry** **3 Hours** **F20**
This course will explore the basic components of a successful Christian ministry. The class will be constructed to allow for student interest and aptitude. Some projects and readings will address the student's own gifts and graces whether that be for children's ministry, youth ministry, pastoral ministry, missions or senior adult ministry.
Prerequisite: REL 112 and REL 210.
- 355 Spiritual Formation II** **1 hour** **S**
Students will meet with a spiritual director for the purposes of spiritual study, devotion and growth.
Prerequisite: Consent of Instructor.
Repeatable for two credits.
- 360 Death, Dying and Life After Death** **3 hours** **F**
Students will explore the biological process of dying, the various meanings that cultures attach to death and what different world religions teach about life after death. The course gives attention to near-death experiences, the process of grieving and the biblical concepts of immortality of the soul, resurrection of the body and eternal life.

Religion and Philosophy

415 Theology of John Wesley **3 hours** **TBA**

A survey of the history and theology of the United Methodist tradition, this course begins with John Wesley and the rise of early Methodism and ends with contemporary thinking and issues in the United Methodist Church.

420 Reading Biblical Greek **3 hours** **TBA**

This course will primarily involve translating biblical Greek texts, discussing syntax, textual variants, shadings of word meaning and interpretive possibilities. The course will also review intermediate-level Greek grammar and strategies and best practices for Greek text interpretation.

Prerequisites: REL 215, REL 216 and REL 333.

424 Reading Biblical Hebrew **3 hours** **TBA**

This course will primarily involve translating biblical Hebrew texts, discussing syntax, textual variants, shadings of word meaning and interpretive possibilities. The course will also review intermediate-level Hebrew grammar and strategies of interpretation in Hebrew.

Prerequisites: REL 215, REL 216 and REL 333.

461 Travel Seminar **1–3 hours** **TBA**

The seminar provides credit for travel on mission trips or visits to important sacred places. The course includes background reading and evaluative reports.

490 Religion Capstone **3 hours** **S**

The capstone course brings the student learning experience to its apex. It will include a research project which will be presented publicly.

Prerequisite: REL 112, REL 210 and REL 340.

Course Descriptions

Philosophy (PHL)

101 Philosophy of Life **3 hours** **TBA**

An introduction to the realms of philosophy and religion, this course consists of an examination of values for living and of the variety of systems of meaning that humans have constructed for themselves in answering life's important questions.

141 Religion, Philosophy and Ethics **3 hours** **F/S**

This course is cross listed as REL 141. Students may use either designation. This course introduces students to seminal concepts in religion, philosophy and ethics. Concepts explored include transferable wisdom from world religions, principles of logical thinking, lessons from philosophy and ethical decision-making. Cross-listed as REL 141

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

212 Introduction to Critical Thinking **3 hours** **TBA**

This survey examines the methods of logical thinking and the rules for preciseness and certainty through deductive and inductive reasoning. The course emphasizes practical applications for recognizing common fallacies, propaganda and advertising techniques.

220 Introduction to Ethical Issues **3 hours** **F23**

This course examines ethical decision making in the context of contemporary issues that are a part of our personal and social life, such as lying, sexual morality, capital punishment, war and euthanasia.

305 Biomedical Ethics **3 hours** **TBA**

An examination of the ethical questions that arise in connection with selected biomedical issues, PHL 305 explores issues such as abortion, genetic engineering and euthanasia. This course is particularly useful for healthcare personnel, those interested in ministry or social work and others with a general interest in these areas.

Sociology (SOC)

College of Leadership and Public Service

Sociology is the study of human behavior in groups and institutions – family, religion, economics, government and education. It examines issues and topics such as wealth and poverty, deviant behavior, criminal justice, values, self-identity, social change, ethnic groups, war and peace, and the effects of social groups upon individual behavior and thought. This program is designed to provide basic skills and knowledge needed by professions that involve working with people, to prepare students for graduate study in the field of sociology and to help students become competent participants in community and other societal activities.

Minor

Sociology

SOC 152	Introduction to Sociology	3
SOC 154	Marriage and the Family	3
SOC 312	Methods of Social Research	3
SOC 317	Minority Groups	3
SOC 332	Social Psychology	3
SOC	Electives*	<u>6</u>
	Total	21

*Electives

BUS 321	Organizational Behavior	3
CRJ 258	Criminology	3
HIS 335	Native American History	3
NPA 310	Public Policy	3
NPA 311	Social Justice and Civic Engagement	3
PSY 237	Developmental Psychology	3

Other courses may be approved in consultation with the department.

Students who have a major in behavioral sciences must take six more hours in sociology for the sociology minor because courses may not be used in more than one major or minor, or for both a major and a minor.

Course Descriptions

Sociology (SOC)

152 Introduction to Sociology **3 hours** **F, S**

This course is an introduction to the study of groups, institutions and interactional processes in human societies with an emphasis on the society of the United States.

154 Marriage and the Family **3 hours** **S**

This course is an introduction to the sociological study of marriage and family relations in the United States and other cultures. Students will approach topics such as kinship, courtship, parenting, sexuality, gender issues, marital life, divorce and post marital adjustment sociologically, historically and comparatively.

312 Methods of Social Research **3 hours** **S**

This course is an introduction to the research process as applied to social and psychological subjects. Students will study problem formulation, research design, instrument design, project administration, data analysis and interpretation, report writing and issues in research. A research project is required. Students interested in obtaining a social work license in South Dakota or graduate study in sociology need this course.

317 Minority Groups **3 hours** **F**

This course is a sociological investigation of minority/majority group relations and discriminatory practices, social-psychological analysis of individual prejudicial attitudes, historical and cultural study of specific minority groups, such as American Indians, African Americans, Hispanic Americans, Asian Americans and women, and religious, ethnic and racial groups in the United States and other countries.

Sociology

332 Social Psychology

3 hours

F

Students will study individual attitudes, self-development and behavior as affected by group interaction. Attention is given to socio-biology, symbolic interactionism, Freudian psychology and experimental social psychology.

350 Adjustment to Aging

3 hours

TBA

This course includes a multidisciplinary approach, incorporating psychological, sociological, physiological and human service perspectives on aging.

427 Women and Gender Studies

3 hours

TBA

Examination of the way societies view women and gender from social and historical perspectives and the impact such views have had on the lives of society members. The individual's social place will be studied from the micro through global levels: self, family relationships, community and society at large.

Sport, Exercise and Wellness (SPX)

Donna Starr Christen College of Healthcare, Fitness and Sciences

www.dwu.edu/sportexercisewellness

The Sport, Exercise and Wellness major is designed as a general studies program in exercise and sports studies. It is intended for those interested in strength and conditioning and prepares students for the goal of becoming a nationally certified strength and conditioning specialist and/or personal trainer. It is not intended for those who plan to be employed in K–12 education. A criminal background check may be required for this major. Students must maintain a 2.5 cumulative GPA. No major or support course may be repeated more than one time.

Minor

Coaching

The minor is intended for those who are interested in coaching as a secondary or part-time career. This minor would also equip an individual to serve as an assistant coach or coach of youth sports in a recreational setting.

The state of South Dakota requires SPX 211 and a theory of coaching course in the individual's chosen sport for certification as a head coach. Those seeking employment as a coach outside of South Dakota should contact that state's athletic association, as each state will have requirements that may or may not be established within this minor. A criminal background check may be required for this minor.

****Electives:**

ATN 320	Human Nutrition
SPX 305	Evaluation and Prescription of Health and Fitness Programs
SPX 315	Kinesiology
SPX 410	Physiology of Exercise

Additional courses selected with approval of the academic advisor to provide for one or more areas of concentration.

*BIO 220 and CHM 164 are recommended prerequisites

Course Descriptions

Sport, Exercise and Wellness (SPX)

140 Introduction to Sport, Exercise and Wellness **2 hours** **F**

This is an introductory course for Sport, Exercise and Wellness majors. The course introduces students to the concepts, theories and principles related to all aspects of sport, exercise, health and wellness. This course is intended for those who desire to obtain a career pathway in strength and conditioning, personal training and/or related fields.

211 Care and Prevention of Athletic Injuries **2 hours** **F, S**

This course is designed to improve the professional competency of people who work with athletic teams. Appropriate instructional methods and effective healthcare for athletes based upon sound physiological and psychological principles are the foundations of the course. Students will practice the skills of injury recognition, evaluation and taping, and will discuss the principles of therapeutic modalities.

240 Methods of Free Weights and Conditioning **3 hours** **F,S**

This course studies the various methods and techniques used in free-weight training and conditioning. The focus of study will be targeted toward sport-specific exercises, progression of exercise, methods of determining strength, lifting and spotting techniques and plyometric exercise.
Prerequisite: BIO 220/BIO 220L or consent of instructor.

305 Evaluation and Prescription of Health and Fitness Programs **3 hours** **F**

This course is designed to provide the student with basic knowledge in health and fitness assessment. Areas of study include population characteristics, common fitness evaluation tools, test design, criteria for test termination and documentation of results.
Prerequisite: SPX 240 required, ATN 320 recommended.

315 Kinesiology **3 hours** **S**

This course examines the kinesiological, anatomical and mechanical concepts requisite to critical assessment, description and qualitative analysis of human exercises, sport and locomotive activities.
Prerequisite: BIO 220/BIO 220L.

320 Exercise in Selected Populations **3 hours** **TBA**

This advanced course will explore and identify the characteristics and values of demographic data and discuss the rationale for providing fitness activity services. It will specifically discuss the indications, contraindications and precautions associated with exercise evaluations and prescription in nontraditional populations in persons with pregnancy, metabolic syndromes, geriatrics, immunocompromised, cancer and other related conditions.
Prerequisite: SPX 305.

340 Practicum in SPX I **2 hours** **F/S**

This course provides the exercise specialist with a balance of theory and application to increase the awareness of the employment demands and necessary education of exercise specialists. The student will explore different settings in the fitness profession each semester.

342 Practicum in SPX II **2 hours** **F/S**

This course provides the exercise specialist with a balance of theory and application to increase the awareness of the employment demands and necessary education of exercise specialists. The student will explore different settings in the fitness profession each semester.

Sport, Exercise and Wellness

362 Psychological Dynamics of Sport

3 hours TBA

This course investigates the psychological constructs and concepts that relate to and help explain the phenomena of sport performance. The course principally devotes attention to theories of goal setting, attribution, stress and stress management, cognitive coping strategies, psychological rehabilitation of the injured athlete and self-confidence. Recent research evidence is presented in all topical areas.

410 Physiology of Exercise

3 hours F

This course investigates the physiological adjustments of the human organism to exercise, including neuromuscular, metabolic and cardiorespiratory changes that occur with acute and chronic exercise, and the influence of such variables as nutrition, drugs, environment, gender, age, training and body weight. Prerequisite: BIO 122/122L.

455 Organization and Administration in Sport Exercise and Wellness

2 hours TBD

This course is designed to familiarize students with the various administrative and management responsibilities of strength and conditioning and fitness/wellness. The course primarily focuses on the management dynamics of facilities, management of personnel, facility design, purchasing and budgeting of financial resources, financial models in strength and fitness and relationships with insurance companies. Prerequisites: SPX305 and SPX320 or consent.

470 Capstone in SPX

2 hours S

Students will reflect on experiences within their Sport Exercise and Wellness major, including coursework and internships. The course will help prepare the student for possible career choices and graduate school paths of study within their field. Additionally, students will prepare to take the National Strength and Conditioning Association Certified Strength and Conditioning Specialist (CSCS) Examination.

472 Public Health and Epidemiology

3 hours S

In this course, students will learn and apply concepts of epidemiology and healthcare informatics to multiple domains of public health. The course will require the student to practice using epidemiology and healthcare informatics to better understand, characterize and promote health at a population level.

Sports Management (SPM)

College of Leadership and Public Service

www.dwu.edu/sportsmanagement

The sports management program is one of the university's best examples of interdisciplinary cooperation. The program prepares students for a wide variety of sports-related positions, employing several innovative combinations of courses from sports management and business. The coursework provides both a comprehensive theoretical background and a range of practical experiences that are designed to enable graduates to provide leadership in today's increasingly sophisticated amateur and professional athletic and wellness programs.

The sport and fitness industry is one of the top three industries in almost every state. As the field has evolved into an integral component of American culture, the role of leaders has become increasingly complex. Effective leaders need to be grounded in a comprehensive awareness of sport including its historical and cultural development, its sociological and psychological foundations, its role in the American economy and its business characteristics.

Graduates of the program are well positioned to pursue a variety of career opportunities in sports and fitness-related enterprises, or to pursue further education at the graduate level. Graduate study is not a requirement for entry into many careers; however, access to and progress within specialized careers is generally enhanced by completion of graduate-level academic work in business, law or sports management.

* For a sports management major see the Business section.

Minor

Sports Management

COM 205	Communication, Media and Society	3
ENT 224	Entrepreneurial Leadership	3
SPM 241	Sport and Society	3
SPM 341	Sports Administration	3
SPM 363	Sports Policy	3
SPM 382	Sport Facility and Event Management	3
	Total	<u>18</u>

Unless coupled with an appropriate major, the minor will not ordinarily provide sufficient preparation for a career in sports management.

Course Descriptions

Sports Management (SPM)

241 Sport and Society 3 hours S Even

Students will be introduced to perspectives on careers and opportunities in, and the business of sport. The influence of sport upon the individual participant and society is emphasized.

341 Sports Administration 3 hours F Odd

The study of the theories, principles and practices of sports administration and group interaction in sport-oriented settings. The structure of interscholastic athletics, collegiate athletics, and professional sports will be discussed in depth and the course includes some practical experience in sports administration through special events at the university and in the community.

363 Sports Policy 3 hours S Odd

This course is designed to introduce students in the sports management program to a range of political/legal, economic and ethical issues related to sports management and to selected analytical techniques which can be used to gain a fuller understanding of these and other issues which may arise in a sports career context.

382 Sport Facility and Event Management 3 hours F Even

Sport Facility and Event Management focuses on planning, financing, marketing, implementation and evaluation of a broad range of sport facilities and events including sport, recreation, leisure, health and fitness.

Theatre (DRM)

College of Arts and Humanities

www.dwu.edu/theatre

The Ron and Sheilah Gates Department of Theatre is a comprehensive program offering intensive and individualized instruction, with opportunities within the liberal arts curriculum for a broader general education. The program is tailored to students interested in pursuing careers in areas such as acting, directing, stage management, theatre education, design (scenic, lighting, sound, makeup) and stage combat.

Dramatic Productions

Auditions for all productions presented by the DWU theatre department are not just reserved for theatre students but are open to all full-time and part-time students at Dakota Wesleyan University, as well as DWU staff, faculty and area residents. Casting decisions rest solely with the director of each play. The merit of each individual will be considered in relationship to the part or parts for which the individual has auditioned, as well as availability for rehearsals and performances. Merit might include a combination of any of the following: previous experience, vocal ability, acting ability, physical stature and/or other characteristics germane to the particular part. Upon accepting a part, the actor is responsible for being at all specified rehearsals and productions.

Course Descriptions

Theatre (DRM)

121 Technical Theatre 3 hours S20

This is a hands-on course which will introduce students to the terminology, equipment, materials and techniques used in theatre for the purpose of the construction and painting of theatrical sets and scenery.

132 Auditioning and Tech Interviews 3 hours S20

This class will investigate the theory and practice of quality actor auditioning for all forms of theatrical productions, professional and amateur, as well as auditions for local television markets.

Theatre

141 Theatre Arts **3 hours** **F20**

This course introduces students to all aspects of a theatrical production including producing, acting, directing, design, writing, technical theatre and construction, and theatre management. This course provides a broad overview of the history of theatre and explores the cultural and social significance of theatre in the contemporary era. A course requirement is that students attend theatrical productions.

This course is a breadth of knowledge course as designated by Dakota Wesleyan's general education program. Breadth of knowledge courses expose students to knowledge and concepts that Dakota Wesleyan University believes all its graduates should possess.

161 History of Theatre **3 hours** **S21**

Students will explore the rich history of theatre through the examination of the origins of theatre, starting with the Greeks and then transitioning into Western drama and theatre productions of the contemporary world of theatre. Study of selected plays from Aeschylus to Ayckbourn.

188 Stage Management **3 hours** **S21**

This course offers the theatre student the vital study of the principles and systems of stage management and production team communication needed for theatre today, with particular emphasis placed upon developing effective organizational tools and communication techniques. Practical application of stage management and production team communication skills will be demonstrated in DWU theatre productions.

203 Acting For the Stage **3 hours** **F21**

This course explores the basic techniques of acting, using exercises in observation, concentration, sense recall, emotional recall and imagination as the basis of character development. Students learn how voice and body are tools for creating a role. These explorations culminate in interpretation and performance of scenes from contemporary plays.

213 Scene Design **3 hours** **F20**

Through this course students explore the scenic design process. Students study techniques specific to the area of theatrical scenic design. The designer's analysis, concept, initial drawings, rendering and model making are all investigated, as well as software design and applications using Vectorworks and AutoCAD 2007.

222 History of Musical Theatre **3 hours** **F20**

This class is an introduction to American musical theatre focusing on the shifts in style and content over the past 200 years. Our discussion includes European and American theatrical influences, methods of analysis, influential artists throughout history, and the current state of the American musical. Additionally, this course examines the ways musical theatre deals with issues such as racism, sexuality, gender, economics and politics and how those issues, woven together through song, dialogue and dance, create a uniquely American theatrical art form.

280 Production Practicum I **3 hours** **F, S, Su**

Theatrical production experience either in the design, technical or management areas of a production or in the performance areas of a theatrical production at Dakota Wesleyan University. This gives those participating in a show the credit deserved for the many hours needed to produce a theatrical production as well as practical experience. Consent of instructor.

301 Costume and Makeup **3 hours** **F21**

Students investigate the varied principles of costume design, including the fundamentals of play analysis, historical research and rendering techniques. Students will then participate in costuming an actual performance.

335 Directing I **3 hours** **F21**

This course introduces the student to the art and craft of theatre directing. Students will delve into scripts, research and analyze them, and develop working concepts based on their analysis, research and imagination. Then through composition, movement and tempo-rhythm study, students should be able to take what they have discovered and apply these creative, communicative and performance skills required of today's theatre director, and direct a one-act play or a DWU theatrical production.

380 Production Practicum II **3 hours** **F, S, Su**

Theatrical production experience either in the design, technical or management areas of a production or in the performance areas of a theatrical production at Dakota Wesleyan University. This gives those

Theatre

participating in a show the credit deserved for the many hours needed to produce a theatrical production as well as practical experience. Consent of instructor.

409 Acting Period Styles **3 hours** **S22**

The course is designed to acquaint students with acting styles of important eras in theatre history and the special considerations inherent in performing these dramas. The course emphasizes cultural distinctions in manners, movement and vocal practice as they relate to the analysis and performance of period drama. Students learn techniques of performing Greek tragedy, Elizabethan drama, Restoration comedy, epic theatre and modern "isms" such as symbolism, expressionism, surrealism and absurdism.

436 Directing II **3 hours** **F20**

This is an advanced directing class that will look at complex problems in stage directing, emphasizing text analysis, communication, period styles, view pointing and other advanced techniques as applied to the production of a one-act play or a DWU theatrical production.

466 Stage Combat **3 hours** **S21**

The DWU theatre student begins by training in unarmed combat for the stage and then continues their training by incorporating weapons into their education. This training includes quarterstaff, light sword, broadsword, rapier and dagger as well as modern "stage" firearms. Emphasis is put on physical conditioning and safety.

480 Production Practicum III **3 hours** **F, S, Su**

Theatrical production experience either in the design, technical or management areas of a production or in the performance areas of a theatrical production at Dakota Wesleyan University. This gives those participating in a show the credit deserved for the many hours needed to produce a theatrical production as well as practical experience. Consent of instructor.

Course Descriptions

Art (ART)

141 Introduction to Artistic Appreciation **3 hours** **TBA**

This course introduces students to the basic concepts of visual art, music and theatre. Students will utilize and apply these concepts through experiences in design, historical context, career opportunities and criticism, engaging with a wide variety of works of art in visual, musical and theatrical areas.

University (UNI), Core (COR) and Learn Strong (LST)

Course Descriptions

University (UNI)

101 Self, College, and Career

3 hours F,S

This course is Dakota Wesleyan's first-year experience course. The course focuses, initially, on the student's unique self. That initial focus is subsequently extended and built upon to explore how the student can take that unique sense of self and discern a path forward through college and into a career, a journey that requires resiliency, but that holds the promise of a life well lived.

301 Post College Success

2 hours F,S

This course is Dakota Wesleyan's junior-year seminar. The course assists and supports students in developing and executing a plan during their senior year to help them successfully transition to professional life after college (whether in the form of a first professional job or continuing education at the graduate level).

Course Descriptions

Core (COR)

201 Leadership and Vocation

3 hours F,S,Su

This course inspires and equips students to utilize leadership skills in their daily lives. It also helps students understand how to apply their strengths to lead meaningful and purposeful lives. Students analyze and reflect on their personal leadership attributes and apply behaviors positively associated with leadership. Students will understand the concept of vocation and examine how they can lead lives of influence and purpose both while students at DWU, and after graduation.

Prerequisites: This course is intended for second-year students (i.e., sophomores), but may be appropriate for some second-semester first-year students who are seeking to discern their path at the university and in life.

Course Descriptions

Learn Strong (LST)

101 Learn Strong University Success

1 hour F, S

This course helps first-year students adjust to university life by introducing them to resources and opportunities available to them, as well as the standards and expectations to which they will be held. The course is open to all students and required of some students.

Transfer students bringing in 30 credits are exempt from UNI 101.

Campus Facilities

Campus Buildings and Facilities

- Allen Hall
- Black Box Theatre
- Christen Family Athletic Center
- Dakota Discovery Museum
- Dakota Hall
- Dayton Hall
- DWU/Avera Sports and Wellness Complex
- Glenda K. Corrigan Health Sciences Center
- Hughes Hall
- Koka Hall
- L.B. Williams Elementary School
- McGovern Library
- Prather Hall
- Rollins Campus Center
- Sherman Center
- Smith Hall
- Student Apartments
- Theatre
- Wagner Chapel

DWU/Avera Sports and Wellness Complex – The DWU Avera Sports and Wellness Complex is an 88,000- square-foot, one-story athletic facility. The building includes: three indoor multipurpose sports courts, 200-meter track, wrestling room, athletic training facilities, classroom, locker rooms and a community fitness center. The fitness center is operated in cooperation with GreatLIFE.

Glenda K. Corrigan Health Sciences Center – The Glenda K. Corrigan Health Sciences Center is the home of the Donna Starr Christen College of Healthcare, Fitness and Sciences. The Arlene Gates Department of Nursing is housed in this four story 43,000-square-foot facility, along with the biology, biochemistry, chemistry, mathematics and physics programs and their associated laboratory facilities.

George and Eleanor McGovern Library – McGovern Library is an elegant signature building on the Dakota Wesleyan University campus. The 49,000-square-foot facility provides resources and services that accommodate the needs of 21st-century students. The building also houses the McGovern Legacy Museum, the McGovern Center for Leadership and Public Service, the Kelley Center for Entrepreneurship, classrooms, Student Support Services, faculty offices, a coffee bar, the university's archives, the archives of former Senators George McGovern and Francis H. Case and the archives of the Dakotas Conference of the United Methodist Church.

McGovern Library holds more than 300,000 items in its collection. Available for research are more than 79,000 print and online periodicals, an extensive collection of print and electronic books, DVDs and streaming movies, and numerous online periodical indexes and full-text databases. Through its online resources DWU students have access to materials in McGovern Library and millions of items in libraries worldwide.

Serving as the campus “family room”, McGovern Library is a venue for constructive exchanges of ideas in a variety of study atmospheres that take into account different learning styles. Students and visitors alike can enjoy a beverage from the coffee bar, discuss current events in front of the fireplace or study quietly in a cozy corner.

The library is open seven days a week during the academic year. On-campus and distance students have convenient, 24-hour online access to many resources and services. Visit the library's home page at library.dwu.edu to search for information and learn more about this excellent facility.

Sherman Center – The Sherman Center is a facility designed to hold worship and musical performance events. The main floor offers moveable seating for up to 425 people and the balcony has fixed seating for 160. The building is equipped with audiovisual capabilities to allow for projection to two large screens. The Sherman Center is used for large campus events such as opening convocation and baccalaureate.

Wagner Chapel – This traditional chapel is open and accessible 24 hours a day to spend quiet time in individual reflection and prayer. It provides a central campus location for smaller group worship, study groups or gatherings with seating for more than 45.

Technology Services

Information Technology

The information technology (IT) department supports the telecommunications and computing infrastructure on the DWU campus, including administrative, academic and residential technology systems.

Student Computer Services – Support for student computers, iPads, other devices, wireless, software, printing and other general technology are provided free of charge through the IT Support Services. Support Services may be contacted at 605-995-2900, email support@dwu.edu, website support.dwu.edu or in Smith 207.

Computer Labs and Lounges – DWU has two classroom-sized computer labs. One of these labs is a general use lab and the other for multimedia creation and editing. Additional computers for use with math and statistical software applications are available. Computer lounges can be found in residence halls and in most buildings on campus, which offer workstations and printing in both black and white and color. A declining printing balance is given to each student every semester with the ability to add more funds.

Internet/Wireless Access – Internet access is offered wirelessly in most areas of campus including classrooms, public spaces and residential living areas. Student computers, game consoles and other network enabled devices can use the Internet in accordance with the DWU Computer and Network Appropriate Use Policy.

Minimum Software Requirements

Windows 8.1 or 10 with current patches or MacOS X,10,12 (Sierra) or OS X,10,13 (High Sierra) with current patches. We do not support Windows 7, Vista, or XP or older versions of MacOS. Windows users must install and run an antivirus program.

Software and Other Products

DWU students may download the Microsoft Office Suite on up to five devices if they have a valid student account. The Office Suite is also available through mobile apps and web-based applications.

Support Services has free copies of ESET anti-virus (one-year subscription) available.

Students will have access to university approved app through Self Service on their iPads. Access to these apps will end when the students leaves DWU.

Email, Account, and Other Resources

All DWU students are provided with a personal network account that allows them access to their email account, Canvas (our learning management system), wireless internet, 1 TB of cloud storage, access to public DWU computers and access to electronic databases and reference materials on the McGovern Library site. Your email account will remain active for 90 days after graduation or withdrawal from DWU.

Technology in the Classroom

All DWU's classrooms have the ability to connect a laptop and/or iPad for presentations, videos and other forms of multi-media. Professors and students will use Canvas (learning management system) to post and access syllabi, coursework, class projects, grades, assignments, quizzes, discussions and more.

DWU Technology Initiative and iPads

DWU's technology initiative is a piece of Digital DWU that employs an array of student-centric technology, both on the device and in the classroom, enabling students to connect with powerful learning tools such as an iPad, to complement their education, making it more engaging and relevant. As part of this initiative, each student taking 6 or more credits at an on-ground location and paying the technology fee will receive an iPad to use. Upon graduation from DWU, the ownership is transferred to the student. If a student withdraws from DWU for any reason, the student has 10 days to return all assigned equipment or a replacement fee will be placed on their student account.

Student Life and Development

At DWU, college life is about more than what happens in class; the development of the whole person is an essential part of a college education. Student activities, or cocurricular activities, and living on campus give students the chance to learn important life skills outside of the classroom. Students can explore their interests, make new friends and develop a more mature self-awareness. Cocurricular activities are important in getting the most out of the college experience. Students develop and apply leadership, analytical thinking and communication skills as they practice living in the campus community, working together and solving problems collaboratively. Students practice a wide variety of transferable skills outside the classroom that make them valuable to potential employers. New graduates are able to take tangible skills from their cocurricular experiences and use them in service to their employers.

Under the direction of the director of student life, all programs and services are offered as a cooperative venture by students, faculty and staff. Student participation is encouraged in planning and evaluating programs and services in the Student Association Senate and through student participation in faculty/administrative committees.

Opportunities for involvement include:

- Student Senate;
- Tigers Activity Group (TAG);
- Student Diversity Council;
- Student Ministry Council;
- intercollegiate athletics;
- intramural athletics;
- instrumental ensembles (pep band, bell choir, concert band, strings);
- choral ensembles (open and auditioned groups);
- theater;
- Prairie Wind Journal;
- professional clubs; and
- residence hall leadership.

See www.dwu.edu/student-life/dwulife/student-activities-organizations for a complete list.

There are many support systems at DWU to assist students throughout their college careers. They range from personal to academic, including:

- health services;
- campus ministry;
- counseling services; and
- international students and student diversity.

For more information about any of these services, see the DWU Student Handbook at <https://www.dwu.edu/student-life/student-handbook>.

Intercollegiate Athletics

As a member of the Great Plains Athletic Conference of the National Association of Intercollegiate Athletics, DWU offers the following varsity sports:

Baseball
Basketball
Cheerleading
Cross country
eSports
Football
Golf
Soccer
Softball
Track and field
Volleyball
Wrestling

More than 50 percent of the students participate in DWU intercollegiate athletics. The team nickname is the Tigers and the school colors are royal blue and white.

Great Plains Athletic Conference (GPAC)

The GPAC is an alliance of 12 private, faith-based liberal arts colleges and universities located in Iowa, Nebraska, North Dakota, and South Dakota. Its mission is to provide an intercollegiate athletic experience for its student-athletes, consistent with the purpose of Christian higher education. The GPAC is an affiliated conference of the NAIA.

National Association of Intercollegiate Athletics (NAIA)

The NAIA currently administers programs of intercollegiate athletics at more than 240 fully accredited colleges and universities of moderate enrollment. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. As the country's oldest collegiate sports governing body, the NAIA has been a leader in addressing important issues such as racial integration, women's sports championship programs and improved academic eligibility requirements.

Champions of Character

All DWU student-athletes and their coaches take a pledge to become Champions of Character. This initiative of the NAIA brings formal emphasis to character development through respect, responsibility, integrity, servant leadership and sportsmanship. By taking the pledge, DWU athletes and coaches agree to follow a code of ethics established by the NAIA and adapted to fit DWU.

- **Respect:** Information delivered by public address announcers at Dakota Wesleyan University events is neutral and information based, and a Champions of Character announcement is read at the beginning of each contest.
- **Responsibility:** DWU reports graduation rates from an IPEDs Report and lists at least two objectives to increase the university's graduation rate.
- **Integrity:** A Coaches Code and Code of Ethics are presented and signed by all athletic staff and administrators. All DWU student-athletes receive, read and sign a Champions of Character pledge. They are asked to uphold the code.
- **Servant Leadership:** Student-athletes are asked to participate in at least one community service activity.
- **Sportsmanship:** A policy of no profanity in practice and game competition is established and followed.

Gallup StrengthsFinder®

Individuals are always stronger when they have their successes and strengths clearly in mind. To help students achieve success and an understanding of their personal talents and strengths, Dakota Wesleyan University has students complete the Gallup StrengthsFinder® inventory. Staff and faculty will work with students to help them use the results of the inventory. The insights gained from the StrengthsFinder® inventory may help students choose a career path, select extracurricular activities and develop strategies to deal with the challenges of daily life.

Campus Ministry

Campus ministry supports the mission of Dakota Wesleyan University by encouraging the dialogue between mind and soul, building relationships, developing whole persons, and promoting service to God and humanity. Campus ministry is rooted in the United Methodist Church, but welcomes students of any or no faith background as we seek to apply biblical witness and Christian heritage in our contemporary setting.

All ministries at DWU involve significant student leadership. Student Ministries Council (SMC) partners with individuals and groups across campus to plan service events, worship, bible studies, and other ministries. The campus pastor, historically a United Methodist clergy person, oversees SMC and is available to the DWU community for spiritual education, leadership, guidance and care.

Campus Health and Counseling Services

Student health and counseling services are available to all students to assist them with physical and psychological issues that they may encounter while attending college. Basic services are available on campus and, as necessary, students are referred off campus to medical providers for medical consults and mental health services for counseling needs as deemed necessary. Students are responsible for all off-campus charges incurred.

TRIO Student Support Services (SSS)

TRIO SSS provides a supportive and engaging community for students in transition to college. Our enthusiastic success advisors provide comprehensive support services to promote each participants'

personal, academic and professional goals, and provide strategies in support of those goals. The ultimate goal of our program is to increase the number of students who succeed from semester to semester and who graduate from DWU.

Services include orientation, peer tutoring and mentoring, academic skill development, personal counseling, disability services, cultural activities, financial guidance, career/major and post graduate planning, community service and leadership opportunities. All services are designed to enhance students' education both inside and outside the classroom, providing access to resources to support the completion of a baccalaureate degree.

TRIO serves students who are first generation (neither parent has completed a four-year degree), students who come from low-income families (as determined by federal income guidelines) or students with a documented disability. Eligible students must also meet the residency requirements for federal student assistance and demonstrate academic potential and need. Grant-aid scholarships may be available for Pell eligible participants. TRIO programs are funded by the U.S. Department of Education.

To benefit from our services, you must complete the application process.

For more information contact: TRIO SSS Program Director at 605-995-2901 or studentsuccess@dwu.edu

Campus Communication

Email is the official means of communication between the institution and its students. Faculty and staff regularly communicate with students using the official DWU email system for reasons including but not limited to class announcements, financial aid information, business office updates, student activities, and individual conversations with course faculty. It is the responsibility of everyone taking classes from DWU to check their DWU email on a regular basis and respond accordingly.

Student Discipline

The university aims to provide an educational environment that allows each student to develop his/her abilities to the fullest. Discipline in an educational setting is not meant to be punitive, but part of the educational process.

In cases where action by a student or group of students prevents other members of the campus community from realizing their objectives, it is the duty of the community to respond in an appropriate manner. Due process is established and followed in all cases. Students should know the policies and procedures outlined in the DWU Student Handbook.

With respect to particular personal matters, students electing to attend DWU must assume specific responsibility. In any connection with the university, the student is expected to refrain from illegal use of alcoholic beverages or drugs, gambling or any other behavior adverse to the atmosphere of the university.

Students must comply with the behavioral and residential standards of the university to graduate.

B.M.E., 1959, and M.I.E., 1960, Cornell University; S.T.B., 1969, and Ph.D., 1978, Boston University.

Nielson, George E. Professor Emeritus of Sociology, 1971–
B.A., 1951, Augustana College; B.D., 1957, Gustavus Adolphus College; M.A., 1969, and Ph.D., 1971, University of Kansas.

Tatina, Robert E. Professor Emeritus of Biology, 1975–
B.S., 1965, Northern Illinois University; M.A., 1972; Ph.D., 1981, Southern Illinois University.

Von Eye, Rochelle K. Professor Emeritus of Mathematics, 1985–1994, 1996–
B.A., 1970, and M.A., 1984, South Dakota State University; E.D.S., 1996, University of South Dakota; Ed.D., 2003, University of South Dakota.

Professors

Bohrer, Monty F. Professor of Business Administration and Economics, 2011–
B.A., 1988, Concordia College; M.B.A., 1999, University of Sioux Falls; D.B.A., 2007, Anderson University.

Catalano, Michael T. Professor Mathematics, 1992–
B.A., 1984, St. Olaf College; M.S., 1988, and Ph.D., 1992, University of Minnesota.

Flynn, Sean J. Professor of History, 1999–
B.A., 1985, South Dakota State University; M.A., 1988, and Ph.D., 1999, Texas Tech University.

Husmann, John P. Professor of History, 2004–
B.A., 1996, Winona State University; M.A., 1998, and Ph.D., 2004, University of Nebraska.

Loken, Lana M. Professor of Athletic Training; Coordinator of Clinical Education for the Masters' Program in Athletic Training; 2001–
B.S., 1997, South Dakota State University; M.S., 1999, St. Cloud State University; Ed.D., 2005, University of South Dakota.

Mullican, Tim R. Professor of Biology, 1989–
B.S., 1982, Lewis and Clark College; M.S., 1985, and D.A., 1987, Idaho State University.

Wagner, Daniel M. Professor of Athletic Training; Program Director of Masters' Program in Athletic Training; 2001–
B.S., 1992, South Dakota State University; M.S., 1994, Indiana State University; Ed.D., 2003, University of South Dakota.

Associate Professors

Allen, Joel S. Associate Professor of Religion and Philosophy, 2011–
B.A., 1990, Crown College; M.Div., 1995, Asbury Theological Seminary; M.Phil., 2003, and Ph.D., 2006, Hebrew Union College.

DeLange, Jeannie L. Associate Professor of Nursing, 2014–
B.S., 1990, Mount Marty College; M.S.N., 1998, University of Mary.

Desmond, Clinton J. Associate Professor of Music, 2010–
B.A., 1998, Valparaiso University; M.A., 2006, Illinois State University; D.M.A., 2009, Michigan State University.

Duffey, Barbara N. Associate Professor of English, 2012–
B.A., 2002, University of Southern California; M.F.A., 2005, University of Houston; Ph.D., 2012, University of Utah.

Herges, Kyle T. Associate Professor of Digital Media and Design, 2012–
B.S., 2004, Dakota State University; M.F.A., 2010, Academy of Art University.

Jarding, Jessica F. Associate Professor of Nursing, 2014–
A.A., 1999, Dakota Wesleyan University; B.S.N., 2002, South Dakota State University; M.S.N., 2012, University of Wyoming.

People

Johnson, Donna M. Associate Professor of Special and Elementary Education, 2010–
B.A., 1975, Southwest Minnesota State University; M.S., 1984, Minnesota State University Mankato; Ed.D., 2008, University of South Dakota.

Kenkel, Kevin J. Director of Learning Resources, 1996–
B.A., 1986, St. John's University; B.S., 1989, St. Cloud State University; M.A., 1993, University of Iowa.

Langland, Laurie L. University Archivist, 2000–
B.S., 1985, University of South Dakota; J.D., 1988, University of Wisconsin-Madison; M.A., 1997, University of Arizona.

Lubben, Joan P. Associate Professor of Mathematics, 2009–
B.A., 1983, Rice University; M.S., 2004, and Ph.D., 2009, University of Nebraska-Lincoln.

Luckett, Jerry L. Associate Professor of Business Administration and Economics, 1990–
B.A., 1989, Dakota Wesleyan University; M.A., 1992, Northern State University.

Mazzer, Paula A. Associate Professor of Biochemistry, 2011–
B.A., 1991, University of Delaware; Ph.D., 2002, Kent State University.

Miller, Daniel L., Associate Professor of Theatre, 2007–
B.F.A., 2000, and M.F.A., 2004, University of South Dakota.

Muehler, Todd A. Associate Professor of Business Administration and Economics, 2017–
B.B.A., 1985, and J.D., 1988, University of North Dakota.

Patrick, L. Brian Associate Professor of Biology, 2009–
B.A., 1998, and M.A., 2001, University of Kansas; Ph.D., 2009, Kent State University.

Sprung, Randall L. Associate Professor of Behavioral Sciences, 1980–1983, 1984–
B.A., 1978, Dakota Wesleyan University; M.S.W., 1979, University of Nebraska.
